Description:

The Improvements under this Site-Specific Contract consist of reshaping ditches and reworking shoulders along State Road 2 in Holmes County at designated locations, from Holmes County Road 177 (Mile Post 20.835) to Holmes County Road 173 (Mile Post 31.056). These ditches are non-typical and should be re-graded to +/- 3 inches of the original flow line to create a free and unobstructed flow of drainage water. For the purposes of this contract, the original flow line is considered to be the linear projection along the ditch bottom between the invert elevations of immediately adjacent drainage structures. Spoil material removed from ditches and shoulders shall be relocated to FDOT storage pit in Argyle or at 0.10 miles east of Wrights Creek Road (Mile Post 29.707) on SR 2. Mobilization and Maintenance of Traffic shall be incidental to the bid items.
