Will this revision necessitate any of the following:

Design Bulletin ☐ **Construction Bulletin** ☐ **Estimates Bulletin** ☐ **Materials Bulletin** ☐

Are all references to external publications current? **Yes** ● **No** ○

If not, what references need to be updated? (Please include changes in the redline document.)

Why does the existing language need to be changed?

To clarify that floating templates (attached to a barge) will not be accepted for pile driving. This has created issues in a major project going on right now.

Summary of the changes:

In 455-5.7 add language that specifies that floating templates (attached to a barge) will not be accepted.

Are these changes applicable to all Department jobs? **Yes** ○ **No** ●

If not, what are the restrictions?

Design Build (DB) projects.
