Subject: 438908-2 SR 292 Perdido Key Dr. from AL State Line to W State Park Boundary - Contam Review

Alan,

We are preparing a Type I for the construction of a bike path along the north side SR 292 Perdido Key Dr. from the AL state line to the west state park boundary in Escambia County (map attached).

There are two sites with contamination potential near the project area. The project area is almost entirely flat with no subsurface work required at either location.

- Facility ID #9800115– Snappy Foods–17100 Perdido Key Dr., Pensacola, FL 32507- Open retail. No record of contamination at the facility.
- Facility ID #8508170– Tom Thumb Food Store #49–17100 Perdido Key Dr., Pensacola, FL 32507- Closed Facility. Cleanup Completed 6/27/2014.

I am seeking your concurrence that the project will not have contamination issues.

Thanks,

Josey W. Walker, PWS
Sr. Environmental Scientist
