Sorry, fam. Driving and vibing rn. Can't talk but I'll get back to you when I'm there.

Thanks for your text. I'm driving right now though, so I'll get back to you when I get there.

This is my phone autoreplying. I'm driving and I'll hit you back once I'm at my destination. Sorry for the inconvenience!

Yo! Sorry I can't text rn, I'm behind the wheel. I'll get back to you when I'm done. Thx.
