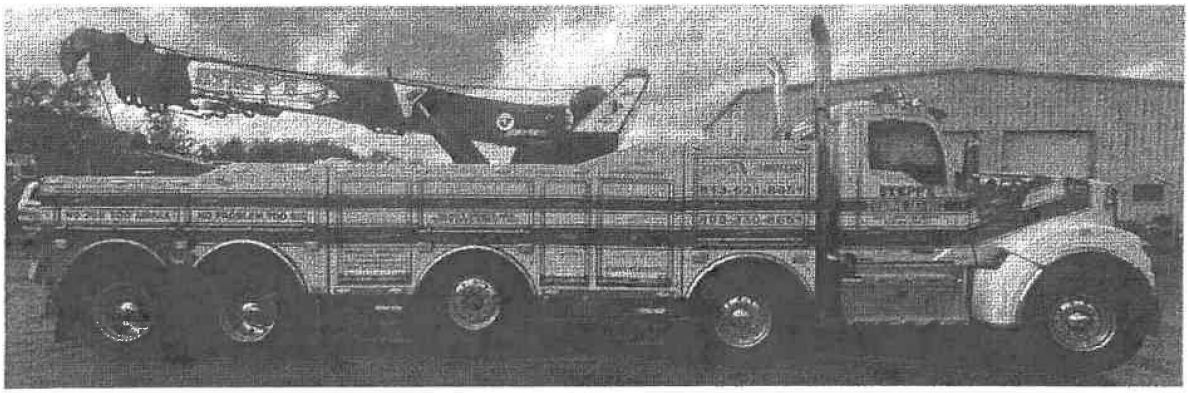
Stepp's Towing Service is requesting an in-person review for the citation.

Stepp's Towing Service Inc is in possession of citation number 000915521 issued to DOT number 1139317. This citation was issued to Stepp's as licensed wrecker actively engaged in the transport of a disabled vehicle. We presented a PAS issued blanket permit that we carry in each of our heavy wreckers. Under this permit we are permitted a specific weight on each axle. The citation states we exceeded the axle weight for group 4 by 4,700lbs. Our total weight for axle group 4 was 54,700lbs which would have been within legal weight if the axle spacing was different. The distance between the #3 and #4 was apparently measured at 8'1" which transformed it to a separate axle group. The axle spaces are part of a commercially manufactured wrecker body which cannot be moved to change the axle spacing. The only alternative to cure this violation would be to order a new permit for a self-propelled crane which allows a higher weight limit per axle grouping. The crane permit would not be valid if produced while towing a disabled vehicle since the crane permit is for a self-propelled unit not a wrecker unit towing a disabled vehicle.

We believe that our wreckers are being misclassified, and the configurations need to be updated to match the manufacturers' axle spacing.

Stepp's unit is a Jerr-Dan wrecker body which is manufactured by one of the top licensed and reputable builders and placed on a Kenworth W990 chassis.



Respectfully,

Todd Stepp

REMARKS

PERMIT AXLE WEIGHT VIOLATION:

A measured 68' 5 axle wrecker with a semi tractor in tow weighing 96,720 lbs. Driver produced a "Wrecker Permit"" #2503437 that permits 50,000 lbs on a tandem set of axles per the TTT-1 map. The distance between the #3 and #4 group measured 8' 1" which now is a sperate axle group. The tandem drive axles weighed in at 54,700 lbs making it over allotted 50,000 lbs by 4,700 lbs. The penalty was assessed at $.05 per pound for a total of $235.00.The driver was not given an opportunity to shift due to being a permitted load. Driver advised to be legal before leaving scales. No match. Photos taken. See copies.

Subject: Citation 927160

Hi there, my name is Christian Kelley, owner of Martinez Transportation LLC. I'm reaching out in regards of protesting against a citation my driver received in behalf of my company. On the day my driver , Brandon Moore, received the citation, we were completely in the wrong, but innocently. I understand we had the wrong tag/was overweight. I started this company in January with no true mentor besides the internet. I wasn't aware of all the specifics on weight laws. I'm doing my best to get to the point of being completely in check. My protest was against the cost of the ticket. I see there is no way to make payments, and with the ticket being so high at right under $1000, it would put the company in a bind. Is there a way we can receive a lesser amount of a fine or be put on a payment plan? We would like to avoid future issues and strive towards success and being compliant. Thank you!

Re: Protesting Citation [000922642]

Dear Clerk:

I am protesting regarding citation 000922642 issued on April 16, 2026, in Milton, FL on Interstate 10 for no IFTA certificate or decals on truck for current 2026 year. I respectfully request a hearing to consider the information provided.

The driver stated the IFTA decals were stolen on equipment ID 7721. The IFTA certificate was in the back of the book, which is in the truck, but the driver did not look there. The IFTA decals were reordered on April 20, 2026. The driver has been advised where to locate IFTA certificate and to keep company updated if anything comes up missing moving forward. The driver understands.

I have included the previous IFTA decals ordered on January 12, 2026 to show that decals were obtained and replacement IFTA decals ordered on April 20, 2026. The IFTA certificate is also included.

Thank you for your consideration.

Respectfully,
Anthony Hill

CASE
26-08-006

May 29, 2026

Commercial Motor Vehicle Review Board
Florida Department of Transportation
605 Suwannee Street, MS 90
Tallahassee, FL 32399

RE: Protest of Citation No. 000927322
Driver: Fabien Cheridor
Company: Continental Lawn & Landscaping, Inc.

To Whom It May Concern:

I respectfully submit this protest regarding Citation No. 000927322 issued on May 14, 2026, to our employee, Mr. Fabien Cheridor.

I am the owner of Continental Lawn & Landscaping, Inc. and have operated this business for thirty-four (34) years. During that time, neither I nor my company have ever received a violation of this nature. I have employed Mr. Cheridor for approximately twenty-two (22) years. Mr. Cheridor is seventy-four (74) years old and has been one of the most dependable employees our company has ever had. During his twenty-two years of employment, he has never received a citation while operating one of our company vehicles and has consistently demonstrated professionalism, responsibility, and a commitment to safety. To my knowledge, he has no criminal history and has maintained an exemplary driving record throughout his employment with our company.

The vehicle involved in this matter was loaded with landscape tree chips on or about May 8, 2026, and was not dumped until May 14, 2026. During that period, South Florida experienced repeated rainfall, thunderstorms, and high humidity conditions. Historical weather records documenting rainfall throughout that period are attached to this protest. Neither Mr. Cheridor nor our company has ever previously received a violation of this nature, and this incident is highly unusual given our long history of compliance and safe operation.

Landscape debris naturally absorbs and retains moisture. As a result, the weight recorded during the inspection may have reflected not only the original debris load, but also several days of accumulated rainwater saturation. The inspection report reflects a recorded weight of 26,620 pounds, which the report states was 620 pounds above the applicable weight limit.

I respectfully ask the Board to consider the unique circumstances surrounding this incident and the relationship between the recorded weight and several of the resulting citations.

The vehicle involved has a manufacturerâs Gross Vehicle Weight Rating (GVW
pounds and has historically been operated in the ordinary course of business

CASE
26-08-006

requiring a CDL. During approximately twenty-two years of employment with our company, Mr. Cheridor has never received a citation and has never previously been involved in an incident concerning CDL requirements.

It appears that several of the cited violations arose from the weight determination made during the inspection.

Neither Mr. Cheridor nor the company had any reason to believe the vehicle would exceed the applicable weight threshold. There was no intention to operate an overweight vehicle, avoid licensing requirements, disregard safety regulations, or otherwise violate the law. To the contrary, Mr. Cheridor has demonstrated more than two decades of safe and responsible operation of company vehicles without incident.

Additionally, our company employs a properly licensed CDL driver who is available to operate vehicles requiring a CDL when necessary. Had we believed the vehicle would exceed any applicable weight threshold requiring a CDL-qualified driver, we would have assigned the load to that employee. There would have been no benefit to the company in assigning the load to Mr. Cheridor under such circumstances. This further demonstrates that there was no intentional effort to circumvent licensing requirements and that the circumstances leading to this citation were unforeseen and unintentional.

Given our companyâs thirty-four-year operating history, Mr. Cheridorâs twenty-two years of service, and the absence of any prior violations of this nature, we respectfully submit that this incident was an isolated occurrence rather than a pattern of noncompliance.

This was not a situation where the company knowingly dispatched an overweight vehicle or knowingly permitted an unqualified driver to operate a vehicle requiring a CDL. Rather, this appears to have been an isolated and unintended circumstance involving landscape debris that remained exposed to several days of rainfall before being weighed.

In addition, several findings contained in the inspection report are respectfully disputed.

The report indicates that no fire extinguisher was present in the vehicle. Photographs taken of the vehicle show that a fire extinguisher was present.

The report indicates that no emergency warning triangles were present. Photographs taken of the vehicle show that an emergency warning triangle kit was present.

The report further indicates that the washer system was inoperative. This finding is also respectfully disputed.

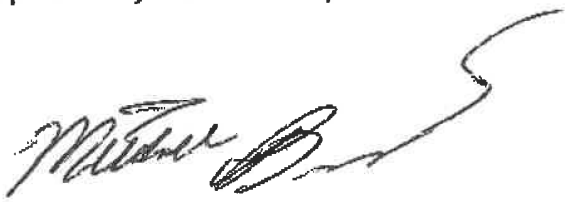
Mr. Cheridor has spent more than two decades serving our company with integrity and professionalism. There is no history of prior violations, no criminal history, and no evidence of intentional misconduct. This incident is entirely inconsistent with his charac employment history.

At all times, our company has prioritized safety, compliance, and responsible operation of its vehicles. The circumstances presented here do not reflect a disregard for safety requirements, but rather an isolated and unintended event involving a long-time employee with an otherwise exemplary record. We respectfully ask that the totality of the circumstances, including Mr. Cheridorâs age, character, employment history, lack of prior violations, and the supporting documentation submitted with this protest, be given careful consideration.

We respectfully request that the Board review the attached photographs, weather records, and supporting materials and consider dismissal or reduction of the disputed violations.

Thank you for your time, attention, and consideration of this protest.

Respectfully submitted,



Mitchell Bulthuis
Owner / President

Commercial Motor Vehicle Review Board

I am writing to formally protest the citation issued to me on 4/1/26. At the time of the inspection, I had a valid Kinpin permit authorizing the over length configuration of my tractor trailer. However, I did not have the permit available to present to the DOT officer, which resulted in the citation being issued.

The permit was valid and active on the date of the citation, and I am including documentation to verify this. I respectfully request that the Board review this information and dismiss the citation, as the required permit was in place at the time of the stop.

Thank you for your time and consideration please let me know if there's any additional information you need.

Sincerely,

Nicholas John Brown

(61.8ft) 5 axle truck tractor semitrailer hauling (General Products) in violation of FS 316.515 by exceeding the legal semitrailer length of 48' but not more than 57' with a kingpin setting that measures greater than the REQUIRED 41' from the kingpin to the center of the LAST axle.

The driver DID NOT present any Florida Permits at the time of stop. NB (Driver's Initials)

Kingpin Setting measured at 45' 7" (4' 7" over the REQUIRED 41' or less kingpin setting)
Vehicle's Rear Spread Measurement: 10' (spread axles that measure greater than 8' apart require that measurements begin at the center of the LAST axle and continue to the KINGPIN)

Semitrailer length measured at 53' (making the semitrailer 5' over the LEGAL semitrailer length of 48' due to having an improper kingpin setting of 45' 7")

Total Penalty Due = $100.00
This penalty was assessed at $100 for overage between 2' 1"and 10' in length as per FS316.515.

The company was required to correct the issue prior to leaving Madison Westbound Scales by either adjusting to the REQUIRED 41' or less kingpin setting or by obtaining an appropriate permit. NB (Driver's Initials)

CASE
26-08-008

To: Commercial Vehicle Enforcement Review Board

Subject: Petition for Citation Modification & Fee Waiver – Citation # 000932058

To Whom It May Concern,

I am formally requesting an official administrative review, a reduction of the overweight penalty, and a waiver of the temporary permit assessments issued under Citation # 000932058.

1. Objection to the Overweight Penalty Calculation

The issuing officer assessed a statutory fallback baseline weight of 10,000 lbs under F.S. § 316.545(2)(b), asserting that the vehicle was "improperly registered" due to lacking an apportioned (IRP) registration.

However, as explicitly documented by the officer in the "REMARKS" section of the citation, this vehicle is a "two axle straight truck operating with a Valid Georgia Straight Registration."

Under the governing rules of the International Registration Plan (IRP), apportioned registration is strictly mandatory for interstate commercial motor vehicles *only* if they possess three or more axles, or if their permanent registered weight class exceeds 26,000 pounds. Because this vehicle operates on only 2 axles and holds a valid standard commercial plate covering its 26,000 lb weight class, it is legally exempt from IRP requirements. An unexpected overweight status at a scale house does not retroactively invalidate the vehicle's permanent base registration class.

Because the vehicle maintained a valid, lawful base registration at the time of operation, the 10,000 lb fallback calculation was applied in error. The correct baseline for calculating the penalty must be the truck's legitimate registered capacity of 26,000 lbs.

Subtracting the legal 26,000 lb baseline from the actual scaled weight of 30,120 lbs results in an overweight margin of 4,120 lbs. At the statutory rate of $0.05 per pound, the correct weight violation fine is $206.00.

2. Objection to the $125.00 Temporary Permit and Fuel Tax Assessments

The citation further assesses a $30.00 IRP Trip Permit fee, a $45.00 Fuel Tax Permit fee, and an associated $50.00 civil penalty, totaling $125.00.

Because the vehicle is a 2-axle straight truck rated at 26,000 lbs GVWR, it falls completely below the mandatory thresholds established by both the International Registration Plan (IRP) and the International Fuel Tax Agreement (IFTA). Both international compacts explicitly exempt 2-axle vehicles under 26,001 lbs from mandatory registration.

Because the truck was legally operating under a valid, standard Georgia commercial tag and was exempt from these programs, forcing the purchase of emergency temporary interstate permits was legally unnecessary. I respectfully request that the $125.00 in permit fees and associated civil penalties be waived entirely.

Conclusion

I respectfully request that the Review Board amend this citation to reflect the vehicle's lawful 26,000 lb baseline registration, reduce the weight violation assessment to $206.00, and vacate the $125.00 permit fees, resulting in a corrected total assessment of $206.00.

Sincerely,

REMARKS

A two axle straight truck operating with a Valid Georgia Straight Registration. The driver did not have an Florida IRP Permit, or a Fuel Tax Permit at the time of stop.

The truck weighed 30,120 lbs. Per F.S 316:545 The GVW is dropped back down to 10,000 lbs for straight trucks when improperly registered. Which makes the truck 20,120 lbs over the adjusted GVW. The penalty is assessed at .05 cents per pound for a fine of $1,006.00 .

The truck was issued a 10 day Florida Temporary IRP Permit to be made legal for the state of Florida. The fine is $30.00 .

The truck was also issued a 10 day Florida Temporary Fuel Tax Permit, to be made legal for the state of Florida. The fine is $45.00, with a civil penalty of $50.00 . For a total of $95.00 .

Total fines are $1,131.00 .

A copy of the registration was made and attached to the departments copy of the citation.

CASE
26-08-009

I respectfully request a hearing regarding Citation No. 000930724 issued on May 26, 2026. At the time of the inspection, the vehicle was operating under a valid FDOT Overweight Permit (Permit No. 2663983-2025-0001). The vehicle's gross weight was 158,920 pounds, which was below the permitted gross vehicle weight of 172,000 pounds. The issue cited was an overweight condition on the tridem axle only. The driver advised the officer that the load could be adjusted to redistribute weight to the rear axle and requested the opportunity to do so. However, that request was denied. The vehicle had also passed through the Ocala Weigh Station earlier during the trip without receiving any citation. Because the vehicle was operating under a valid permit, was not over its permitted gross vehicle weight, and could have been brought into compliance through load equalization, I respectfully request a hearing to review this citation. Respectfully, Pagan Towing Services & Transport LLC

From: LA AL <laa867085@gmail.com>
Sent: Wednesday, June 10, 2026 5:47 PM
To: Commercial Vehicle Review Board
Subject: Re: Coast To Coast Heavy Transport Ticket # 000919882

Hi Lisa,

Thank you for the update on the August hearing.

"The company respectfully contests the overweight violation, as we believe the permit obtained for this load was accurate and valid based on the information available at the time of transport. We made a good-faith effort to comply with all applicable regulations and permit requirements and did not intentionally operate outside the authorized limits.

While we maintain that the permit was correct, we understand the Court's position and respectfully request consideration for a reduction in the assessed fines. The company is currently experiencing financial hardship, and payment of the full penalty would create a significant burden on our operations.

We respectfully ask the Court to take into account our efforts to comply with the law, our lack of intent to violate any regulations, and our current financial circumstances when determining an appropriate resolution. Any reduction in fines would be greatly appreciated and would assist the company in continuing its operations while remaining compliant with all future permitting requirements.

Thank you for your time and consideration."

REMARKS

I stopped the above listed vehicle to conduct a safety and weight inspection. Vehicle was traveling southbound on SR- 91 (Florida's Turnpike). Vehicle crossed over a weight restricted bridge located at Mile Marker 79. I asked the driver for his driver's license, vehicle registrations and permit. Driver handed me his permit 2557900-2025-0001. The vehicle was weighed on portable scales with a gross vehicle weight of 111,900 lbs. The weight limit for this bridge located at Mile Marker 79 is 80,000 lbs. Thus, the vehicle is overweight by 31,900 lbs. A penalty was assessed at$.05 per pound, for all weight over the 80,000 lbs. total penalty $1,595.00

Dear Florida Highway Patrol-Commercial Vehicle Enforcement,
We respectfully request consideration to reduce the penalties associated with the citation#000930000 for failure to wear corrective lenses as required by CDL restriction under Amable Guerra license.

He acknowledged that he was not wearing his prescribed corrective lenses at the time of the stop. This was an oversight on his part, not an intentional disregard of the licensing requirements. He understands the importance of complying with all CDL restrictions and takes his responsibility as a commercial driver very seriously. At the time of the stop he had the glasses on him.

Throughout his driving career, Amable has made safety a priority and has worked to maintain a professional driving record. There was no accident, injury, or unsafe driving behavior associated with this incident. Since receiving the citation, He has taken steps to ensure he consistently complies with the corrective lens requirement when operating a commercial vehicle.

We, as the carrier and on behalf of our driver, respectfully ask the Court to consider the circumstances, the driver's overall driving history, and Amable's commitment to compliance when determining the outcome of this matter. We would greatly appreciate any consideration for a reduction in fines, non-moving violation treatment, court supervision, or any other available form of leniency.

Thank you for your time and consideration.

To whom it may concern,

I am writing to formally protest the citation issued to my company, LNS Consulting LLC, following a DOT stop on May 12, 2026.

At the time of the stop, my driver, Monty Foster—who holds a valid CDL—was hauling a machine weighing 10,000 lbs and two fuel tanks totaling approximately 9,000 lbs. Our equipment consists of a Ram 4500 with a GVW of 16,000 lbs and a CDL trailer with two double axles totaling 24,000 lbs, giving us a hauling capacity of up to 20,000 lbs.

When we were dispatched for this load, we were explicitly informed that the tanks were non-hazardous. The attached Bill of Lading (BOL) from United Rentals confirms this classification. Furthermore, any tape covering information on the tanks was applied by United Rentals, which can be verified directly with them.

Neither my driver nor LNS Consulting LLC has ever hauled hazardous materials, and we were not aware that this load was classified as such. I have included the contact information for both brokers involved in the provided documentation for your review.

Thank you for your time and for considering this protest.

Best regards,

REMARKS

Truck tractor (16,500 lbs GVWR) towing a flatbed trailer (25,000 lbs GVWR) laden with a piece of heavy equipment (Hamm vibratory roller) and two portable diesel tanks observed speeding through Maxville on US 301 northbound. Vehicle stopped for inspection. GVWR info confirmed via VIN decals.

Driver identified himself as working for this carrier for approx. one month. Driver had a paper BOL from United Rentals for the fuel tanks coming from the United Rentals facility in Tampa, FL to Jacksonville, FL. The roller was being shipped by Dobbs Equipment, also to the Jacksonville area. Driver stated that the carrier uses a broker for their loads. Power unit displays no carrier name or USDOT number and truck is registered to someone different than the carrier that the driver indicated he worked for. I contacted the phone number listed on the MCS-150 for LNS Consulting LLC and spoke with Latoya Scott, who stated that this was her truck and load. Carrier confirmed. Driver also had carrier name and USDOT number written on a piece of paper inside the truck that may have once been taped to a window.

Power unit displays no carrier name or USDOT number. Penalty $50.00 assessed to carrier for markings violation. Power unit has a net weight of 9,105 lbs and a declared weight of 15,000 lbs. Vehicle weighed 38,500 lbs on portable scales. Vehicle given to the top of the tax class range, which is 19,999 lbs. Vehicle considered to be 18,501 lbs over legal registration weight. Penalty $0.05 per pound assessed to carrier.

Driver's paperwork from United Rentals says nothing about the product once contained within the two portable tanks. I can see that a 1993 flammable placard has been taped over with duct tape. I climbed onto the trailer and opened the fuel tank and could clearly see several inches of red diesel fuel in the bottom of the tank. It also smelled strongly of diesel fuel. The driver was completely unaware of the tank contents and did not know what "cleaned and purged" meant.

I contacted United Rentals at the origin location for this load and spoke with Andrew (813-868-3854). I asked about the procedures for shipping these tanks. Andrew stated that they are simply pumped down to low as possible and sent out. There is no cleaning procedure. I asked if they convey any HM information to the carriers that are taking these tanks out and he was not aware of any. He also stated he would speak to management about their policy on shipping fuel tanks. These two 999 gallon tanks (per the S/N plate) were destined for another United Rentals location in Jacksonville, FL.

Driver has no hazmat endorsement when required. Penalty $100.00 assessed and driver placed out of service. Driver has no proper HM shipping papers for this product onboard. Penalty $500.00 assessed to carrier and vehicle placed out of service until present. Vehicle is required to have flammable liquid placards displayed.. Penalty $500.00 assessed to carrier when none displayed.

Before the conclusion of the traffic stop, the driver brought me another document he printed in his truck. It was the same BOL from United time had a comment stating "A MIN AMOUNT OF FUEL IN IT THE TANK IS NOT CONSIDERED HAZMAT *** IT IS LESS THAN 30 LBS

RECEIVED, subject individually determined rates or contracts that have been agreed upon in writing between the carrier and shipper, if applicable, otherwise to the classifications and lawfully filed tariffs in effect on the date of issue of this Bill of Lading, the property described, in apparent good order, except as noted (contents and condition of contents of packages unknown), marked, consigned and destined as indicated, which said carrier (the word carrier being understood throughout this contract as meaning any person or corporation in possession of the property under contract) agrees to carry to the listed consignee and destination. It is mutually agreed, as to each carrier of all or any said property over all or any portion of said route to destination, and as to each party at any time interested in all or any of said property, that every service to be performed hereunder shall be subject to all the terms and conditions of the Uniform Domestic Straight Bill of Lading set forth (1) in Uniform Freight Classification in effect on the date hereof, if this is a rail or rail-water shipment, or (2) in the applicable motor carrier classification or tariff if this is a motor carrier shipment. Shipper is familiar with all the terms and conditions of the said bill of lading, set forth in the classification or tariff which governs the transportation of this shipment, and the said terms and conditions are hereby agreed to by the shipper and accepted for itself and its assigns. If Shipper and Carrier have entered into a master agreement, or if Shipper and Carrier subsequent to the date of this bill of lading enter into a master agreement, the terms contained herein shall be subject to the terms of such master agreement.

Commercial Vehicle Enforcement – Citation Review

RE: Formal Appeal of IFTA Citation #000911999

Carrier: Advantage Tank Lines

Base Jurisdiction: Ohio

Dear Sir or Madam,

This letter serves as a formal appeal of Citation #000911999, issued on 03/02/2026, for an alleged IFTA violation.

Vehicle VIN: 1XPBDP9X7RD663947

Basis for Appeal:

1. Valid Temporary IFTA Authority Was in Effect
    a. The Ohio Department of Taxation issued temporary IFTA decal permits covering the dates of operation. These permits explicitly state they are valid in all IFTA jurisdictions.
1. IFTA Articles of Agreement Support Lawful Operation
    - R630 (Credentials Requirement)
        i. A valid IFTA license and decals, or
        ii. A temporary fuel use permit issued by a member jurisdiction
    - P540 / P550 (IFTA Procedures Manual)
        i. Temporary permits issued by the base jurisdiction are valid for interstate operations.
2. Florida Law Recognition
    - Florida Statutes §207.004
        i. Florida is a participating IFTA jurisdiction and must administer fuel tax laws consistent with the IFTA agreement.
    - Florida Statutes §207.011

i. Requires carriers to comply with fuel tax obligations through IFTA or alternative permitting.

- Florida Administrative Code Rule 12B-5.150
    i. Adopts IFTA procedures and recognizes that proper credentials or temporary permits issued by a base jurisdiction satisfy operational requirements.

3. Carrier Was Properly Registered
    - All vehicles were operating with valid Ohio apportioned registration and active IFTA account.

Conclusion:

The vehicle was operating under valid IFTA authority at the time of the stop. The citation was issued in error.

Request:

- Dismissal of the citation

- Removal of all penalties

- Correction of compliance records

Sincerely,

Jason Yurck

Commercial Vehicle Enforcement – Citation Review

RE: Formal Appeal of IFTA Citation #000911656

Carrier: Advantage Tank Lines

Base Jurisdiction: Ohio

Dear Sir or Madam,

This letter serves as a formal appeal of Citation #000911656, issued on 03/02/2026, for an alleged IFTA violation.

Vehicle VIN: 1M1AN4GYXRM045610

Basis for Appeal:

1. Valid Temporary IFTA Authority Was in Effect
    a. The Ohio Department of Taxation issued temporary IFTA decal permits covering the dates of operation. These permits explicitly state they are valid in all IFTA jurisdictions.
1. IFTA Articles of Agreement Support Lawful Operation
    - R630 (Credentials Requirement)
        i. A valid IFTA license and decals, or
        ii. A temporary fuel use permit issued by a member jurisdiction
    - P540 / P550 (IFTA Procedures Manual)
        i. Temporary permits issued by the base jurisdiction are valid for interstate operations.
2. Florida Law Recognition
    - Florida Statutes §207.004
        i. Florida is a participating IFTA jurisdiction and must administer fuel tax laws consistent with the IFTA agreement.
    - Florida Statutes §207.011

i. Requires carriers to comply with fuel tax obligations through IFTA or alternative permitting.

- Florida Administrative Code Rule 12B-5.150
    i. Adopts IFTA procedures and recognizes that proper credentials or temporary permits issued by a base jurisdiction satisfy operational requirements.

3. Carrier Was Properly Registered
    - All vehicles were operating with valid Ohio apportioned registration and active IFTA account.

Conclusion:

The vehicle was operating under valid IFTA authority at the time of the stop. The citation was issued in error.

Request:

- Dismissal of the citation

- Removal of all penalties

- Correction of compliance records

Sincerely,

Jason Yurick

Commercial Vehicle Enforcement – Citation Review

RE: Formal Appeal of IFTA Citation #000912076

Carrier: KAG Leasing Inc

Base Jurisdiction: Ohio

Dear Sir or Madam,

This letter serves as a formal appeal of Citation #000912076, issued on 03/03/2026, for an alleged IFTA violation.

Vehicle VIN:

Basis for Appeal:

1. Valid Temporary IFTA Authority Was in Effect
    a. The Ohio Department of Taxation issued temporary IFTA decal permits covering the dates of operation. These permits explicitly state they are valid in all IFTA jurisdictions.
1. IFTA Articles of Agreement Support Lawful Operation
    - R630 (Credentials Requirement)
        i. A valid IFTA license and decals, or
        ii. A temporary fuel use permit issued by a member jurisdiction
    - P540 / P550 (IFTA Procedures Manual)
        i. Temporary permits issued by the base jurisdiction are valid for interstate operations.
2. Florida Law Recognition
    - Florida Statutes §207.004
        i. Florida is a participating IFTA jurisdiction and must administer fuel tax laws consistent with the IFTA agreement.
    - Florida Statutes §207.011

i. Requires carriers to comply with fuel tax obligations through IFTA or alternative permitting.

- Florida Administrative Code Rule 12B-5.150
    i. Adopts IFTA procedures and recognizes that proper credentials or temporary permits issued by a base jurisdiction satisfy operational requirements.

3. Carrier Was Properly Registered
    - All vehicles were operating with valid Ohio apportioned registration and active IFTA account.

Conclusion:

The vehicle was operating under valid IFTA authority at the time of the stop. The citation was issued in error.

Request:

- Dismissal of the citation

- Removal of all penalties

- Correction of compliance records

Sincerely,

Jason Yurick

Commercial Vehicle Enforcement – Citation Review

RE: Formal Appeal of IFTA Citation #000912839

Carrier: Advantage Tank Lines

Base Jurisdiction: Ohio

Dear Sir or Madam,

This letter serves as a formal appeal of Citation #000912839, issued on 03/03/2026, for an alleged IFTA violation.

Vehicle VIN: 1M1AN4GY5MM021675

Basis for Appeal:

1. Valid Temporary IFTA Authority Was in Effect
    a. The Ohio Department of Taxation issued temporary IFTA decal permits covering the dates of operation. These permits explicitly state they are valid in all IFTA jurisdictions.
1. IFTA Articles of Agreement Support Lawful Operation
    - R630 (Credentials Requirement)
        i. A valid IFTA license and decals, or
        ii. A temporary fuel use permit issued by a member jurisdiction
    - P540 / P550 (IFTA Procedures Manual)
        i. Temporary permits issued by the base jurisdiction are valid for interstate operations.
2. Florida Law Recognition
    - Florida Statutes §207.004
        i. Florida is a participating IFTA jurisdiction and must administer fuel tax laws consistent with the IFTA agreement.
    - Florida Statutes §207.011

    i. Requires carriers to comply with fuel tax obligations through IFTA or alternative permitting.
- Florida Administrative Code Rule 12B-5.150
    i. Adopts IFTA procedures and recognizes that proper credentials or temporary permits issued by a base jurisdiction satisfy operational requirements.

3. Carrier Was Properly Registered
    - All vehicles were operating with valid Ohio apportioned registration and active IFTA account.

Conclusion:

The vehicle was operating under valid IFTA authority at the time of the stop. The citation was issued in error.

Request:

- Dismissal of the citation

- Removal of all penalties

- Correction of compliance records

Sincerely,

Jason Yurick

Commercial Vehicle Enforcement – Citation Review

RE: Formal Appeal of IFTA Citation #000913821

Carrier: Advantage Tank Lines

Base Jurisdiction: Ohio

Dear Sir or Madam,

This letter serves as a formal appeal of Citation #000913821, issued on 03/03/2026, for an alleged IFTA violation.

Vehicle VIN: 1M1AN4GY7RM046858

Basis for Appeal:

1. Valid Temporary IFTA Authority Was in Effect
    a. The Ohio Department of Taxation issued temporary IFTA decal permits covering the dates of operation. These permits explicitly state they are valid in all IFTA jurisdictions.
1. IFTA Articles of Agreement Support Lawful Operation
    - R630 (Credentials Requirement)
        i. A valid IFTA license and decals, or
        ii. A temporary fuel use permit issued by a member jurisdiction
    - P540 / P550 (IFTA Procedures Manual)
        i. Temporary permits issued by the base jurisdiction are valid for interstate operations.
2. Florida Law Recognition
    - Florida Statutes §207.004
        i. Florida is a participating IFTA jurisdiction and must administer fuel tax laws consistent with the IFTA agreement.
    - Florida Statutes §207.011

i. Requires carriers to comply with fuel tax obligations through IFTA or alternative permitting.

- Florida Administrative Code Rule 12B-5.150
    i. Adopts IFTA procedures and recognizes that proper credentials or temporary permits issued by a base jurisdiction satisfy operational requirements.

3. Carrier Was Properly Registered
    - All vehicles were operating with valid Ohio apportioned registration and active IFTA account.

Conclusion:

The vehicle was operating under valid IFTA authority at the time of the stop. The citation was issued in error.

Request:

- Dismissal of the citation

- Removal of all penalties

- Correction of compliance records

Sincerely,

Jason Yurick

Commercial Vehicle Enforcement – Citation Review

RE: Formal Appeal of IFTA Citation #000913462

Carrier: Advantage Tank Lines

Base Jurisdiction: Ohio

Dear Sir or Madam,

This letter serves as a formal appeal of Citation #000913462, issued on 03/05/2026, for an alleged IFTA violation.

Vehicle VIN: 3AKJGEDV8GSHC5174

Basis for Appeal:

1. Valid Temporary IFTA Authority Was in Effect
    a. The Ohio Department of Taxation issued temporary IFTA decal permits covering the dates of operation. These permits explicitly state they are valid in all IFTA jurisdictions.
1. IFTA Articles of Agreement Support Lawful Operation
    - R630 (Credentials Requirement)
        i. A valid IFTA license and decals, or
        ii. A temporary fuel use permit issued by a member jurisdiction
    - P540 / P550 (IFTA Procedures Manual)
        i. Temporary permits issued by the base jurisdiction are valid for interstate operations.
2. Florida Law Recognition
    - Florida Statutes §207.004
        i. Florida is a participating IFTA jurisdiction and must administer fuel tax laws consistent with the IFTA agreement.
    - Florida Statutes §207.011

    i. Requires carriers to comply with fuel tax obligations through IFTA or alternative permitting.
- Florida Administrative Code Rule 12B-5.150
    i. Adopts IFTA procedures and recognizes that proper credentials or temporary permits issued by a base jurisdiction satisfy operational requirements.

3. Carrier Was Properly Registered
    - All vehicles were operating with valid Ohio apportioned registration and active IFTA account.

Conclusion:

The vehicle was operating under valid IFTA authority at the time of the stop. The citation was issued in error.

Request:

- Dismissal of the citation

- Removal of all penalties

- Correction of compliance records

Sincerely,

Jason Yurick

Commercial Vehicle Enforcement – Citation Review

RE: Formal Appeal of IFTA Citation #000914936

Carrier: Advantage Tank Lines

Base Jurisdiction: Ohio

Dear Sir or Madam,

This letter serves as a formal appeal of Citation #000914936, issued on 03/06/2026, for an alleged IFTA violation.

Vehicle VIN: 1XPBDP9X0MD644097

Basis for Appeal:

1. Valid Temporary IFTA Authority Was in Effect
    a. The Ohio Department of Taxation issued temporary IFTA decal permits covering the dates of operation. These permits explicitly state they are valid in all IFTA jurisdictions.
1. IFTA Articles of Agreement Support Lawful Operation
    - R630 (Credentials Requirement)
        i. A valid IFTA license and decals, or
        ii. A temporary fuel use permit issued by a member jurisdiction
    - P540 / P550 (IFTA Procedures Manual)
        i. Temporary permits issued by the base jurisdiction are valid for interstate operations.
2. Florida Law Recognition
    - Florida Statutes §207.004
        i. Florida is a participating IFTA jurisdiction and must administer fuel tax laws consistent with the IFTA agreement.
    - Florida Statutes §207.011

    i. Requires carriers to comply with fuel tax obligations through IFTA or alternative permitting.
- Florida Administrative Code Rule 12B-5.150
    i. Adopts IFTA procedures and recognizes that proper credentials or temporary permits issued by a base jurisdiction satisfy operational requirements.

3. Carrier Was Properly Registered
    - All vehicles were operating with valid Ohio apportioned registration and active IFTA account.

Conclusion:

The vehicle was operating under valid IFTA authority at the time of the stop. The citation was issued in error.

Request:

- Dismissal of the citation

- Removal of all penalties

- Correction of compliance records

Florida Highway Patrol

Commercial Vehicle Enforcement – Citation Review

RE: Formal Appeal of IFTA Citation #000 916101

Carrier: Advantage Tank Lines

Base Jurisdiction: Ohio

Dear Sir or Madam,

This letter serves as a formal appeal of Citation #000916101, issued on 03/02/2026, for an alleged IFTA violation.

Vehicle VIN: 1FUJGLDV8FLGF1009

Basis for Appeal:

1. Valid Temporary IFTA Authority Was in Effect
    a. The Ohio Department of Taxation issued temporary IFTA decal permits covering the dates of operation. These permits explicitly state they are valid in all IFTA jurisdictions.
1. IFTA Articles of Agreement Support Lawful Operation
    - R630 (Credentials Requirement)
        i. A valid IFTA license and decals, or
        ii. A temporary fuel use permit issued by a member jurisdiction
    - P540 / P550 (IFTA Procedures Manual)
        i. Temporary permits issued by the base jurisdiction are valid for interstate operations.
2. Florida Law Recognition
    - Florida Statutes §207.004
        i. Florida is a participating IFTA jurisdiction and must administer fuel tax laws consistent with the IFTA agreement.

- Florida Statutes §207.011
    i. Requires carriers to comply with fuel tax obligations through IFTA or alternative permitting.
- Florida Administrative Code Rule 12B-5.150
    i. Adopts IFTA procedures and recognizes that proper credentials or temporary permits issued by a base jurisdiction satisfy operational requirements.

3. Carrier Was Properly Registered
    - All vehicles were operating with valid Ohio apportioned registration and active IFTA account.

Conclusion:

The vehicle was operating under valid IFTA authority at the time of the stop. The citation was issued in error.

Request:

- Dismissal of the citation

- Removal of all penalties

- Correction of compliance records

Sincerely,

Jason Yurick

Commercial Vehicle Enforcement – Citation Review

RE: Formal Appeal of IFTA Citation #000918375

Carrier: KAG Energy LLC

Base Jurisdiction: Ohio

Dear Sir or Madam,

This letter serves as a formal appeal of Citation #000918375, issued on 04/03/2026, for an alleged IFTA violation.

Vehicle VIN: 1XPBDP9X7XTR80433

Basis for Appeal:

1. Valid Temporary IFTA Authority Was in Effect
    a. The Ohio Department of Taxation issued temporary IFTA decal permits covering the dates of operation. These permits explicitly state they are valid in all IFTA jurisdictions.
1. IFTA Articles of Agreement Support Lawful Operation
    - R630 (Credentials Requirement)
        i. A valid IFTA license and decals, or
        ii. A temporary fuel use permit issued by a member jurisdiction
    - P540 / P550 (IFTA Procedures Manual)
        i. Temporary permits issued by the base jurisdiction are valid for interstate operations.
2. Florida Law Recognition
    - Florida Statutes §207.004
        i. Florida is a participating IFTA jurisdiction and must administer fuel tax laws consistent with the IFTA agreement.
    - Florida Statutes §207.011

i. Requires carriers to comply with fuel tax obligations through IFTA or alternative permitting.

- Florida Administrative Code Rule 12B-5.150
    i. Adopts IFTA procedures and recognizes that proper credentials or temporary permits issued by a base jurisdiction satisfy operational requirements.

3. Carrier Was Properly Registered
    - All vehicles were operating with valid Ohio apportioned registration and active IFTA account.

Conclusion:

The vehicle was operating under valid IFTA authority at the time of the stop. The citation was issued in error.

Request:

- Dismissal of the citation

- Removal of all penalties

- Correction of compliance records

Sincerely,

Jason Yurick

REMARKS

A Florida based truck tractor was operating with an expired registration as of 10/31/2025. Per Florida Statute 316.545(2)(b) Legal weight for a loaded truck tractor is 35,000 making the vehicle 45,640 lbs. over weight @ $0.05 per lb. The VIN was verified in front of the driver. Both the tag and V.I.N were entered into NCIC/FCIC with information returning verifying the registration was expired. The driver was advised that continued operation without proper registration is a violation of Florida Law.

Vehicle had an APU but the driver could not provide a certificate for it so the weight could not be subtracted.

All copies on file.

TO Whom It May Concern,

I want to protest the ticket my driver, Bradley Carter, received because the B-10 tag was not the correct tag for the equipment I and the company, Paine and Sons Transportation LLC, had him carrying. In his defense, when I purchased the tag, the clerk told me it was the proper tag for carrying equipment. I have since obtained the correct tag for a B-26. I would like to have this ticket revoked due to not knowing and being informed of the wrong tag to get for the hotshot business, because I have only been in business a few months, and I just didn't know.

Sincerely,
Stevie Smith, vehicle owner,

CASE
26-08-035

Volant Logistical Solutions, LLC DOT #4146570 Subject: Request for Review and Reduction/Dismissal of Overweight Citation Citation Number: 00926929 Date of Citation: 5/18/26 Location: Islamorada Weigh Station, Monroe County, Florida To Whom It May Concern, I respectfully request a review of the overweight citation referenced above. On the date of the citation, our vehicle was operating with a gross combination weight of approximately 79,940 pounds, which is below the legal maximum gross combination weight of 80,000 pounds permitted for this vehicle configuration. The citation was issued because the vehicle registration reflected a Gross Vehicle Weight (GVW) of 54,999 pounds. Following the citation, we investigated the matter and determined that the GVW listed on the registration was the result of an administrative error made during the original registration process. The registration agent utilized the manufacturer's vehicle weight information rather than the intended registered operating weight of 80,000 pounds. The discrepancy was not identified by our company because we understood the manufacturer's Gross Vehicle Weight (GVW) and the Gross Combination Vehicle Weight (GCVW) of the tractor-trailer combination to be separate values, which in most commercial vehicle applications they are. Since our operations are conducted using a tractor and trailer combination with a legal operating weight not exceeding 80,000 pounds, we believed the registration accurately reflected the intended operating authority for the vehicle. As a result, the incorrect GVW listed on the registration did not draw our attention at the time of registration. Importantly, the vehicle was not operating above the legal maximum weight limit. The scale ticket reflects an actual gross combination weight of 79,940 pounds, which is 60 pounds below the maximum allowable weight of 80,000 pounds. At no time was the vehicle overloaded or operated in a manner that created a safety concern. Upon learning of the registration error, we immediately initiated corrective action to update the registration and ensure that the proper weight is reflected going forward. Volant Logistical Solutions is committed to operating safely and in full compliance with all state and federal regulations. This situation was the result of an unintentional clerical error and misunderstanding regarding the registration weight designation, rather than an attempt to avoid registration requirements or operate an overweight vehicle. I have attached copies of our updated Registrations showing 80,000 GVW. Given that: The vehicle's actual gross combination weight was below the legal limit of 80,000 pounds; The violation resulted from an administrative registration error; The discrepancy was based upon a misunderstanding between GVW and GCVW classifications commonly used in commercial vehicle operations; Corrective action has been taken to remedy the registration; and There was no intent to evade compliance requirements, I respectfully request that the citation be dismissed or, alternatively, that any penalties be substantially reduced in consideration of these circumstances. Thank you for your time and consideration. I appreciate the opportunity to present these facts and am available to provide any additional documentation, including the scale ticket, corrected registration documents, and supporting records. Respectfully, Thomas Hindmon President Volant Logistical Solutions, LLC DOT #4146570 602-361-2437 thomas@volantlogistical.solutions

Subject: Citation 000927966

My name is Alexis Cruz. I'm writing in protest to this citation. I had explained to the officer that I had spoken with the FMCSA office in regards to entering the state bc I am a local driver with a Georgia state tag. I am NOT an interstate carrier. So I went ahead and activated my MC 921666 to b able to transport an Amazon load and asked the office if there was anything I needed to do because I didn't want to travel illegal into the state. As you now know I wasn't informed correctly the process and according to your officer federal laws or different than the state laws. And that each state has their own laws. I agree that it does but was NOT told about the fuel permit citation I was given. I'm humbly asking with all kindness to please reduce the amount of this citation! If you could kindly do so I'd greatly appreciate it. My email address is ajc.hitemhard7@gmail.com and my phone number is 7869096870. Thank you for your consideration.

Hello we would like for you all to review our proposal.

The driver was in the truck plus he had his clothes and we had a pallet jack. The load wasn't weighing much over. It says we where 17,000 plus over. Wouldn't it not be less than that. We are trying to get this dropped down so that we can afford to pay this .

Normandin

May 18th, 2026

Reference: Violation number 000928470

To whom it may concern,

We are writing to formally contest violation notice number **000928470**, which states that the driver was operating the vehicle with expired truck registration.

Please note that the vehicle registrations were **properly renewed on March 31, 2026**, prior to the date of the alleged violation. As part of our standard internal procedures, a copy of the updated registration documents was sent to the driver through our ELD system (ISAAC) via messaging.

However, it appears that, despite our transmission, the documents were not actually in his possession at the time of inspection.

We respectfully submit that the registration itself was valid and up to date, and that this situation resulted from a miscommunication or administrative oversight rather than a failure to comply with regulatory requirements.

Given that the vehicle was legally registered at the time, we kindly request that this violation be reviewed and dismissed.

Please do not hesitate to contact us should you require further information.

Sincerely,

Catherine Bédard

To Whom it may concern

On 6/2/2026 I was cited for being overweight at location 112N, the weight station going towards Key West, FL. I was cited for being overweight but my truck tow capacity with a bumper pull trailer goes up to 20,000lbs, making my total GVW for truck and bumper pull trailer 34,000lbs. The citation shows my truck weight was 10,740lbs and my trailer weight was 7,380lbs, totaling 18,120lbs well under my towing capacity. I would like for this citation to be voided.

Please let me know what I need to do to resolve this issue, thank you

1. Clean area where new annual decal is to be affixed.
2. Peel decal from this document.
3. Affix decal in the upper right corner of license plate.

IMPORTANT INFORMATION

SECTION 316.613, Florida Statutes, requires every operator of a motor vehicle transporting a child in a passenger car, van, autocycle or pickup truck registered in this state and operated on the highways of this state, shall, if the child is 5 years of age or younger, provide the protection of the child by properly using a crash-tested, federally approved child restraint device. For children aged through 3 years, such restraint device must be a separate carrier or a vehicle manufacturer's integrated child seat. For children aged 4 through 5 years, a separate carrier, an integrated child seat, or a child booster seat may be used.
For limited exceptions, see s. 316.613, F.S.

S. 320.0605, F. S., requires the registration certificate, or true copy of a rental or lease agreement, issued for any motor vehicle to be in the possession of the operator or carried in the vehicle while the vehicle is being used or operated on the roads of this state.

S. 320.02 and 627.733, F. S., requires personal injury protection and property damage liability to be continuously maintained throughout the registration period. Failure to maintain the mandatory coverage may result in the suspension of your driver license and registration.

Subject: Citation:000929193

Good afternoon, I would like to explain my side of the situation. Please take time and try to understand. I went bought a truck from Texas, and I the dealer location i received, tag, and a folder that contains all the paperwork necessary, to obtain the registration for the vehicle once I get back home Florida.
I drove the truck 1300 miles to Florida and I stop every single weight station in my routes. My truck have tag paperwork and a sign that say not for hires no issue
I went to get the registration done that day I received the citation, but unfortunately my employer missed to sign the lease agreement and it was already time to at tag agency. She told me to come tomorrow. Again, I drove the truck back home while on my way back I stopped to the weight station like I usually do then "voila

REMARKS

CMV stopped for inspection. The CMV had no markings and a valid temporary tag out of Texas. While talking to the driver it was determined that the CMV is not apportioned for Florida. The temporary tag from texas does not list a legal weight. The driver did not have a signed lease agreement showing a carrier. The CMV did not have an IFTA registration or IFTA decals. Total penalty assessed $1031.00.

Please be advised that the Federal Highway Use Tax for the Vehicle Identification Number 4V4NC9EG2PN339075 has not been paid for the taxable period beginning 2/27/2026 and ending 5/15/2026 for the following reason:

( ) Said vehicle was not used on public highways or was used less than 5,000 miles during the taxable period.

( ) Said vehicle was used as an agricultural vehicle and driven less than 7,500 miles on public highways during the taxable period.

( ) Said vehicle was not operated at a combined gross vehicle weight of 55,000 pounds or more.

(X) Said vehicle was being held for resale.

I certify under penalty of perjury that the foregoing is true and correct.

PART B – VERIFICATION OF THE VEHICLE IDENTIFICATION NUMBER

This section requires a physical inspection under the windshield and in the door jamb to verify the vehicle identification number (VIN) for the motor vehicle described in this form. If the motor vehicle was manufactured prior to 1955, the motor number must be verified. If the verification is performed by someone other than a Notary, the VIN verification can be performed by a Florida Licensed Dealer, Law Enforcement Officer, Military Police Officer, or Florida Compliance Examiner/Inspector (Division of Motorist Services/Tax Collector employee). Complete this section on all used motor vehicles, including trailers, (with abbreviation of "TL" with a weight of 2,000 pounds or more) not currently titled in Florida.

I, the undersigned, certify that I have physically inspected the above described vehicle and find the vehicle identification number under the windshield and in the door jamb to be identical to the vehicle identification number recorded on this form.

Dear Board Members,

Thank you for the opportunity to address you in reference to the citation noted above. Not in protest, but rather to appeal to you, to either wave or significantly reduce the citation amount because of some additional information / documentation.

My name is Mitch Drake and I am the President of our family owned and operated business, Tree work by Mitch Drake & Sons LLC. Due to health complications, (Cancer and Covid 19), I have tasked, my son Michael assisted by my daughter Joy, with the day-to-day operations of running the business. They are doing an incredible job especially when you consider they are each doing the work of two - three people, with very little help from me. (They would say with no help from me). When this event occurred, I was out of pocket and still am. Which is the reason for my late involvement. In the examination / citation, a lot of things were mentioned. Some are indefensible. Like no current tag / registration. When my son bought the truck, it did have a current tag, but it wasn't ours and it was from out of state. Before driving it home I had it added to our insurance policy and shortly after I filed it with the IRS via tax form 2290, (heavy vehicle highway tax), for 75000 lbs. I put both documents in a clear plastic envelope and kept it in the truck. On the day of the examination the envelope was in the truck, but it was empty. I don't know if the documents were stolen or thrown out as trash. Shortly after taking possession of the truck, my son realized it wasn't going to work for us. So, we parked it, dropped the insurance and planned on selling it as soon as possible. So, why tag it??? Before any progress could be made on getting it sold, we needed it again while one of our other trucks was out for major repairs. So, we added it to our insurance policy and started using it again. The rest is history. Now, I know that my comments don't justify driving that truck without a tag (this has already been corrected - documentation attached), but they do accomplish a few things: they explain how something like that can happen unintentionally, they show that the vehicle was insured (documentation attached), they show that the weight issue was registered with the IRS for 75000 lbs, (documentation attached) and I should not be penalized from a legal weight of 10000 lbs, they also show that while we bought the vehicle out of state, we don't use it out of state so we are not subject to the IFTA permit / sticker / paperwork or the civil penalty. The other items mentioned on the report (unrelated to the citation), are being work on and will be corrected soon. In closing, as you know, I made sure that the penalty was paid in full and on time. Its my hope that after this additional information and documentation, that could wave the penalty and return the funds.

Thank you for your consideration,
Mitch

Rated and Excluded drivers

Important information regarding excluded drivers

If any drivers are shown as excluded drivers, then you agree that there may be no coverage under parts of this policy, for accidents or loss arising out of the operation of any motor vehicles by the excluded drivers. Statutory required limits and coverages may still be provided. If this policy is certified as proof of financial responsibility with the State of Florida, state minimum limits may be provided. For heavy equipment vehicles, subject to FS 627.7415, statutory minimum limits may be provided.

Subject:	Dispute of Citation #000914635 – Unauthorized Use of Inactive CloudTrucks Plate [thread::PKa546daIKOLIzpBPn3ai1w::]
Attachments:	Screenshot 2026-06-09 at 3.48.50 PM.png; Screenshot 2026-06-09 at 3.57.32 PM.png; Screenshot 2026-06-09 at 3.51.45 PM.png; Screenshot 2026-06-09 at 3.51.08 PM.png; Screenshot 2026-06-09 at 3.47.01 PM.png; Screenshot 2026-06-09 at 3.48.30 PM.png

Hello,

CloudTrucks LLC is formally disputing Citation #000914635, issued on March 26, 2026, in Escambia County, Florida.

This citation is currently associated with CloudTrucks LLC USDOT 3300318 based on Indiana apportioned plate number 3740254. However, CloudTrucks was not operating the vehicle involved in this stop, nor was the driver operating under our authority at the time the citation was issued.

Our records show the following:

- The vehicle associated with plate 3740254 was VIN 3HSDZAPR8LN863942.
- The operator associated with this vehicle was D'Evarious Butler of Bug & Bink Transportation LLC.
- Mr. Butler was formally terminated from CloudTrucks and removed from our authority effective November 14, 2025.
- The termination notice specifically instructed the return of all CloudTrucks property, including apportioned license plates, permits, and USDOT decals.
- Following termination, the plate was removed from our fleet and is no longer active under our IRP account.
- Current Indiana IRP records show plate 3740254 as inactive and no longer assigned to an active vehicle in our fleet.
- The plate involved in this citation had previously been reported as lost/stolen and was not authorized for use under CloudTrucks authority.

Based on the available information, it appears that a former operator continued using CloudTrucks-issued credentials after termination and outside the scope of our authority.

We respectfully request that this citation be reviewed and removed from CloudTrucks LLC's record and reassigned to the responsible vehicle owner/operator:

D'Evarious Butler
Bug & Bink Transportation LLC
812 Bufflehead Court
Stockbridge, GA 30281

Supporting documentation can be provided upon request, including:

CASE

- Lease termination notice
- IRP records showing the plate is inactive
- Vehicle ownership records
- Internal fleet records confirming removal from our authority

Please advise if any additional documentation is needed to complete this review.

Thank you for your time and assistance.

Sincerely,

Katie Warren

Dear D'evarious,

This letter serves as a lease termination notice between CloudTrucks LLC and your company, Bug & Bink Transportation LLC, effective immediately. Your insurance has been cancelled and you are no longer allowed to operate under CloudTrucks' DOT authority. Your last load operating under CloudTrucks' authority was delivered on 10/31/2025.

Pursuant to the Lease Agreement running between CloudTrucks LLC and Bug & Bink Transportation LLC, all debts (monies paid by CloudTrucks to you or on your behalf for any purpose), if any, are immediately due and payable to CloudTrucks. We will extend a 30-day grace period for you to make this payment using the payment instructions below. If you would like to make alternate arrangements to fulfill this obligation, please immediately forward this email to offboarding@cloudtrucks.com with your request. Your obligation to make this payment in full survives the termination of the Lease Agreement, and if we do not receive payment by the end of the grace period, we reserve the right to pursue legal action, including our rights as secured creditor to Bug & Bink Transportation LLC and any personal guarantors.

The following items are the exclusive property of CloudTrucks LLC and must be returned. We will email a FedEx label for your use in returning these items:

1. All physical IFTA decals (including NY HUT) that have been supplied to you by or on behalf of CloudTrucks
2. CloudTrucks placards with USDOT numbers (definitive proof of removal accepted)
3. All permits for your equipment
4. State apportioned license plates, if obtained through CloudTrucks
5. CT Cash Card
6. KeepTruckin/Motive Electronic Logging Device (ELD) and connection cords
7. Leased Trailer (XTRA, Metro, North American, Milestone, Penske, etc.) - Please Fill Out This Driver Trailer Drop Request Form

Please return items listed above as soon as possible after your receipt of the FedEx label. Pursuant to the Lease Agreement, a fee of $340 will be assessed if the ELD device is not returned within 15 days from the date of this letter. If any of the other items has not been returned by that point, an additional late fee of $200 will be charged.

We will settle your escrow approximately 45 days after these items have been received and all other lease termination conditions have been met. If your debt outstanding at that time exceeds the escrow available, we will inform you of this remainder. Listed below are the canceled equipment VINs we have attached to your company; upon your fulfillment of all foregoing lease termination obligations, we will release this VIN from IRP and MCRS records and remove it from all CloudTrucks systems:

VIN: 3HSDZAPR8LN863942

Should you wish to return to CloudTrucks, in addition to our standard onboarding eligibility reviews, we may require half of any escrow that was paid out to be redeposited at CloudTrucks as a condition to re-onboard, with escrow payments resuming immediately upon re-onboarding.

Finally, this letter serves as a written election that you shall compute monthly and submit quarterly all the applicable reports and payments of fuel taxes required of it by the taxing bodies and authorities of the appropriate states, provinces, and other governmental bodies. CloudTrucks will provide your mileage data for the quarter to date upon request and will NOT file IFTA taxes and pay on your behalf for any mileage incurred with CloudTrucks in the quarter in which you terminate your lease.

We appreciate your assistance and wish you well. Please take time to fill out this quick three question survey about your experience with us so we can continue to improve. Should you have any questions or concerns regarding this letter please feel free to contact our support team at support@cloudtrucks.com or (415) 480-2336.

All the best,
CloudTrucks Team

REMARKS

Five axle truck tractor semitrailer in violation of F.S.316.515(3)(b). Semitrailer hauling a divisible load exceeding 48' in length, but no more than 57' in length, with a kingpin setting greater than 41' from the kingpin to the center of the last axle on the rear of the semitrailer. The rear spread axles measured 10' 3" apart.

The semitrailer measured 53' in length, with a kingpin setting that measured 45' 6" (45' 3" with three inch tolerance), making the semitrailer 5' over the legal semitrailer length of 48' because of not having a kingpin setting of 41' or less.

Required the company to correct the violation prior to leaving the Madison scales by obtaining an appropriate permit or by correcting the kingpin setting to a setting of 41' or less.

No appropriate permits were produced at the time of stop.

Total amount due: $100.00

TIN TRUCKING CORP

Subject: Request for Review and Dismissal of Citation No. 000931918

To Whom It May Concern,

I respectfully request a review of Citation No. 000931918 issued on June 3, 2026, in Madison County, Florida, for an alleged violation of F.S. 316.515.

At the time of the inspection, the vehicle and trailer were operating with the appropriate permit required for the configuration described in the citation. Unfortunately, the driver did not present the permit to the officer during the inspection, which led to the issuance of the citation.

The permit was valid and in effect at the time of the stop, and we can provide a copy of the permit as supporting documentation. This was not a case of operating without proper authorization, but rather a failure to present the documentation during the inspection.

For this reason, we respectfully request that the citation be reviewed and dismissed, or that any applicable relief be granted based on the existence of the valid permit at the time of the inspection.

Thank you for your time and consideration. Please let us know if any additional documentation is required.

Sincerely,

Yanet Tabares
TIN TRUCKING CORP

Attachment: Copy of valid permit in effect on June 3, 2026.

REMARKS

CMV is a truck tractor / semi trailer combination operating in interstate commerce between Prattville, Alabama and Navarre, Florida laden with portable buildings. The CMV was stopped for a CVSA inspection in accordance FSS 316.302 and FSS 316.545. The CMV is transporting an oversize load with an expired permit (2513850) that is expired as of 06/07/2026. The CMV has a legal width of 102 inches and an overall width of 122 inches, measured at its widest point. This makes the CMV 20 inches over legal width. This is a violation of 49 CFR 392.2 and FSS 316.515. A penalty is assessed to the carrier at a rate of $250.00 per foot or portion thereof over legal width for a total assessed penalty of $500.00.

*Twenty (20) days to make payment.

Inspection Notes

CMV is a truck tractor / semi trailer combination operating in interstate commerce between Prattville, Alabama and Navarre, Florida laden with portable buildings. The CMV was stopped for a CVSA inspection in accordance FSS 316.302 and FSS 316.545. The CMV is transporting an oversize load with an expired permit (2513850) that is expired as of 06/07/2026. The CMV has a legal width of 102 inches and an overall width of 122 inches, measured at its widest point. This makes the CMV 20 inches over legal width. This is a violation of 49 CFR 392.2 and FSS 316.515. A penalty is assessed to the carrier at a rate of $250.00 per foot or portion thereof over legal width for a total assessed penalty of $500.00. *Twenty (20) days to make payment.

Hi my name is Cornelius Hunter im reaching out in regards to this citation my driver received on 5/8/2026 stating no proof of duty status. We are a new company and we are use to working with the old eld's. But we now the new A I eld's with the camera and im pretty sure my driver just didn't know how to adjust to them at that time. And also my driver was put out of service with 2 minutes left.on his clock trying to make to a safe place to do his break less than 2 miles up the interstate from where he was pulled over at. I feel that this should have been taken care of in a better manner. So im sending the citation ticket and also proof of logs for 05/08/2026 to prove that the eld was connected and also the examination report and hopefully we can get this resolved.

Thanks

REMARKS

CMV is a straight truck / semi-trailer combination ladened with intermodal containers. CMV has a CGVWR of 28,000 lbs. (CMV power unit: 14,000 lbs., semi-trailer: 14,000 lbs.). CMV is operating in interstate commerce and is traveling from Keller, Texas to Tyndall Air Force Base, Florida. For this trip, the distance from the point of origin to the destination was calculated at 713 nautical miles when measured as the crow flies. During inspection, the driver was found to be operating the CMV without having a record of duty status log as required by codified federal regulations (CFR). During my interaction with the driver, he stated he was informed by military authorities that since the load in transport was mission essential and had to be deliver by Friday, May 08, 2026, he did not have to abide by regulations governing hours of service to ensure its timely delivery. The driver was subsequently advised that because he was neither an active duty military person and was not operating a government owned military vehicle, not such directives could be issued. Therefore, the carrier was assessed a $100.00 safety penalty for the violation.

NOTE:

Twenty days to make payment and sixty days to protest.

The driver was also placed out of service (OOS) for 10 hours, beginning with the completion time of this report for the record of duty status log violation.

Good afternoon,

My name is Tara Robbins. I'm emailing on behalf of Sean Miller and Jonathan Lee, owners of Miller & Sons LLC, requesting to dismiss citation number 000926267 with violation codes 392.2WG (State/Local Laws-Excessive weight violation: Vehicle is 58,501 lbs over legal declared weight) 392.2WG (State? Local Laws - Excessive weight violation: Vehicle 1,000 lbs over legal external bridge weight.) issued on 6/3/2026. Attached is the corrected registration that was corrected on 6/4/2026. Also attached, the invoice from where Miller & Sons purchased the truck in September of 2024 showing that it was registered through the auction. I believe there was a clerical error on the registration with the GVW that we missed when we received the registration from the auction. Please let me know if there is any other information needed to help with this matter.
Thank you,

Tara Robbins

REMARKS

Today I stopped the above listed vehicle to conduct a weight and safety inspection. I asked the driver for his drivers license, vehicle registrations and overweight/over dimensional permit. The driver was not able to provide me with any permits. The vehicle has an empty weight of 15,804 lbs.

The vehicle has a declared weight of 16,999 lbs (19,999 lbs tax class). Vehicle weighs 78,500 lbs minus 19,999 lbs equals 58,501 lbs over legal declared weight @ .05 cents per lb.

The declared GVW on the registration has been the same for at the past 2 years.

The vehicle is also 1,000 lbs over legal external bridge weight, penalty not assessed.

IMPORTANT INFORMATION

SECTION 316.613, Florida Statutes, requires every operator of a motor vehicle transporting a child in a passenger car, van, autocycle or pickup truck registered in this state and operated on the highways of this state; shall, if the child is 5 years of age or younger, provide the protection of the child by properly using a crash-tested, federally approved child restraint device. For children aged through 3 years, such restraint device must be a separate carrier or a vehicle manufacturer's integrated child seat. For children aged 4 through 5 years, a separate carrier, an integrated child seat, or a child booster seat may be used.
For limited exceptions, see s. 316.613, F.S.

S. 320.0605, F. S., requires the registration certificate, or true copy of a rental or lease agreement, issued for any motor vehicle to be in the possession of the operator or carried in the vehicle while the vehicle is being used or operated on the roads of this state.

S. 320.02 and 627.733, F. S., requires personal injury protection and property damage liability to be continuously maintained throughout the registration period. Failure to maintain the mandatory coverage may result in the suspension of your driver license and registration.

Protest Letter – Citation No. 000899029

Commercial Motor Vehicle Review Board
605 Suwannee Street, MS 90
Tallahassee, FL 32399

Subject: Protest of Citation No. 000899029

To Whom It May Concern:

I respectfully request a review of Citation No. 000899029 issued on June 4, 2026.

I understand that the officer issued a citation for not having a valid Medical Examiner's Certificate available during the inspection. However, I am submitting this protest because I did possess a valid Medical Examiner's Certificate, and I have attached documentation showing that my medical certification was current and valid on the date of the inspection.

I respectfully ask the Board to review the attached evidence and reconsider the violation related to the medical certificate. My intent has always been to comply with all applicable regulations, and the attached documentation demonstrates that I met the medical certification requirements at the time of the stop.

I appreciate your time and consideration of this matter and respectfully request any relief available based on the evidence provided.

Sincerely,

Yonner Zuniga Oliva

To Whom It May Concern: I respectfully request a review of Citation No. 000899029 issued on June 4, 2026. One of the violations cited was for "No Medical Certificate." I believe this violation was issued in error because I possessed a valid Medical Examiner's Certificate at the time of the inspection. The certificate was valid and had not expired on the date the citation was issued. Attached to this protest are copies of my Medical Examiner's Certificate and supporting documentation showing that my medical certification was current and valid on June 4, 2026. I respectfully request that the Board review the attached evidence and dismiss or remove the violation related to the medical certificate, as I was in compliance with the medical certification requirements. REMARKS

Stopped a white box truck with a Florida tag of 99FYQM. Got the paperwork and did a walk around inspection on the vehicle. I got to the drivers door and opened the door and got the weight of the vehicle. The GVWR was 33,000 lbs. The driver of the vehicle it the time had a Class E License and no medical card. The vehicle is greater that 26001 pounds.
Took the vehicle, driver and passenger to the Loves Gas station to a safe location. (Pictures were taken of the vehicle.)

We would like to protest the attached citation. The IRP renewal for this vehicle was submitted online on May 25, 2026, before the citation on June 3, 2026. The renewal was pending review by the Florida Bureau of Commercial Vehicle and Driver Services. I am still pending review of the application, IRP account number is 2045. Any lapse in displaying renewed credentials resulted from administrative processing time rather than a failure to renew.

June 10. 2026

Regarding citation number **000929668**.

I am David Schreiner of DLSchreiner Trucking, LLC. The DOT number is 3054852 with license plate – C762DG. On May 21, 2026, I was given this citation at a weigh station.

I purchased a new truck and although I had already paid for IFTA, there was difficulty transferring to the new truck. The situation was resolved. This is the receipt and I was waiting for the stickers to come in the mail to physically attach to the new truck.

Thank you for your attention to this matter,

David Schreiner

REMARKS

NO PERMIT: I STOPPED CMV COMBINATION WITH CONVERTER DOLLY (DOUBLE), SEMI-TRAILER AND TAG AXLE TRANSPORTING OVERSIZED/OVERWEIGHT LOAD AT I-10 E/B MM264 REST AREA AFTER DRIVER FAILED TO ENTER OPEN MADISON WEIGH/INSPECTION STATION AT MM263 ON I-10 E/B AS REQUIRED BY VIRTUAL WEIGH IN MOTION MESSAGE BOARD STATING "TRUCK ENTER WEIGH STATION. THE 10 AXLE CMV COMBINATION WAS OVER-LENGTH AND OVERWEIGHT AND WAS TAKEN BACK TO THE I-10 W./B MADISON WEIGH STATION FOR WEIGHING AND INSPECTION AFTER THE DRIVER COULD NOT PROVIDE A PERMIT. THE CMV COMBINATION WAS WEIGHED OUT ON THE CERTIFIED STATIC SCALE AT 168000 LBS. THE DRIVER PROVIDED ME WITH A PERMIT# 2658943-2025-0001 AFTER WE HAD ARRIVED AT THE WESTBOUND MADISON WEIGH STATION. THE PERMIT HAD BEEN ISSUED BY THE FLORIDA PERMIT OFFICE ON 05/11/26 AT 1:25 PM. I STOPPED THE OVERSIZED/OVERWEIGHT CMV COMBINATION ON 05/11/26 AT 12:28 PM. THE DRIVER HAD NO VALID PERMIT AT TIME OF STOP AND THEREFORE IS IN VIOLATION OF THE LEGAL WEIGHT OF 80000 LBS BY 88580 LBS AND OVER LEGAL LENGTH OF 28' FOR 2ND TRAILER BY 54'. SECOND TRAILER MEASURED @ 82' FRONT TO BACK. WEIGHT PENALTY ASSESSED AT $4429.00 & LENGTH PENALTY ASSESSED @ $1000.00.

DRIVER HAS NO DOUBLE/TRIPLE ENDORSEMENT TO OPERATE THIS TYPE OF CMV DOUBLE/TRIPLE COMBINATION. DRIVER IS PLACED OUT OF SERVICE FROM OPERATING THIS TYPE OF DOUBLE/TRIPLE COMBINATION UPON COMPLETION OF INSPECTION.

THE OVERALL LENGTH MEASURED 121' 6". PERMIT THAT WAS ISSUED AFTER THE FACT SHOWED LEGAL LENGTH OF 95' AND WEIGHT OF 150000 LBS WITH 10 AXLES. ALL THIS DOES NOT MATTER BEING THE COMPANY DID NOT HAVE A PERMIT ISSUED AT TIME OF STOP. COMPANY HAS TO ORDER NEW PERMIT WITH PROPER WEIGHT AND LENGTH BEFORE CONTINUING TO DESTINATION. ALSO THE COMPANY HAS TO GET DRIVER WITH PROPER DOUBLE TRIPLE ENDORSEMENT.

THERE WERE NO BANNERS OR WARNING LIGHTS AT TIME OF STOP.

Subject:	Protest of Citation No. 000933862
Attachments:	000933862.pdf

To Whom It May Concern:

I am submitting this formal protest of Florida Highway Patrol Commercial Vehicle Citation No. 000933862 issued on June 16, 2026, in Madison County, Florida.

The citation was issued to Barcelona Equipment, Inc. for alleged axle-group weight violations involving a Tadano self-propelled truck crane operating under Florida Oversize/Overweight Blanket Permit No. 2591889-2025-0001.

While I respect the duties of the Commercial Vehicle Enforcement officers involved, I respectfully request review of this citation due to substantial concerns regarding the weighing procedure, vehicle identification, and accuracy of the axle-group weight measurements upon which the citation is based.

The permit issued by the Florida Department of Transportation identifies the crane as a 70-foot, 8-axle self-propelled truck crane with an authorized gross vehicle weight of 148,300 pounds. The citation reflects an actual gross vehicle weight of 146,300 pounds, which is below the gross vehicle weight authorized by the permit. Therefore, the entire assessment is based solely upon the alleged axle-group weight violations.

The citation remarks describe the vehicle as a "51 foot 8 axle self-propelled crane with dolly." However, the permit clearly identifies the crane as 70 feet in length, and the accompanying Weigh-In-Motion (WIM) record estimates the vehicle length at approximately 69 feet 7 inches. This discrepancy raises concerns regarding the accuracy of the vehicle description and documentation used during the enforcement process.

Additionally, the crane was initially identified by a Weigh-In-Motion system and directed into the Madison weigh station. Based upon information provided to me, the crane was weighed by positioning portions of the vehicle on the fixed platform scale and then moving the vehicle forward to weigh additional portions. The crane was operating with a boom dolly attached, and the boom remained connected between the crane and dolly during the weighing process.

I have been advised that self-propelled cranes of this length and configuration are normally weighed using portable axle scales placed under the individual axle groups rather than by sectional weighing on a standard platform scale. Because the boom remained attached to the dolly, weight transfer and leverage effects may occur when portions of the vehicle are on and off the scale during the weighing process. I respectfully request documentation establishing that the weighing procedure used complies with Florida Commercial Vehicle Enforcement procedures for weighing a self-propelled crane and boom c
combination.

CASE
26-08-054
PAGE 1 OF 6

The permit reflects an expected axle-group distribution approximately as follows:

Steer Axle Group: 19,000 pounds
Axle Group #2: 39,800 pounds
Axle Group #3: 39,000 pounds
Three-Axle Dolly Group: 45,000 pounds

The citation reflects the following measured weights:

Steer Axle Group: 9,560 pounds
Axle Group #2: 41,200 pounds
Axle Group #3: 63,140 pounds
Three-Axle Dolly Group: 32,400 pounds

These measurements indicate that the steer axle group was approximately 9,440 pounds below the permit distribution and the three-axle dolly group was approximately 12,600 pounds below the permit distribution, while axle group #3 was reported at 24,140 pounds above the permit distribution.

The reported front axle weight of 9,560 pounds appears unusually low for a 70-foot Tadano crane of this configuration and further raises concerns regarding the accuracy of the axle-group measurements obtained during the weighing process.

Because the citation assessment is entirely dependent upon the accuracy of the axle-group measurements, I respectfully request that the Board review and provide the following:

1. All scale tickets and weighing records associated with this citation.
2. Any certified static scale records used to support the citation.
3. Documentation describing the weighing procedure utilized.
4. Calibration and certification records for all weighing equipment used.
5. Documentation showing how the axle-group weights were calculated.
6. Documentation confirming that the axle groups identified correspond to the axle groups shown on Permit No. 2591889-2025-0001.
7. Documentation establishing that the weighing procedure used is approved for a 70-foot self-propelled crane operating with a three-axle boom dolly.

Based upon the discrepancies noted above, including the vehicle length discrepancy, the questions regarding the weighing methodology, the unusual axle-group weight distribution, and the fact that the vehicle was operating below the gross vehicle weight authorized by the permit, I respectfully request that the citation and associated assessment be dismissed. In the alternative, I request a hearing before the Commercial Motor Vehicle Review Board and production of all supporting records relied upon by the Department.

Thank you for your time and consideration of this matter.

Respectfully submitted,

Thomas Smith

RE: Citation No. 000931907
Motor Carrier: Triple D Supply LTD Liability Co.
Vehicle: 2023 Freightliner, Unit 36
Driver: Jeffrey Len Jacobs

To Whom It May Concern,

I am writing on behalf of Triple D Supply LTD Liability Co. regarding Citation No. 000931907 issued during a roadside inspection in Florida for operating with an expired New Mexico registration.

As the Safety Manager for our company, I respectfully request consideration for a reduction or dismissal of this citation. The registration in question expired on May 31, 2026, and the renewed registration was issued on June 1, 2026. This demonstrates that the vehicle owner took immediate action to renew the registration and that the lapse was minimal in duration.

At the time of the inspection, the vehicle was otherwise operating safely and in compliance with applicable regulations. The registration issue was administrative in nature and was corrected immediately upon renewal. There was no intent to evade registration requirements, and the vehicle's registration was brought current at the earliest possible opportunity.

Given that the renewed registration was issued on June 1, 2026, and considering the close proximity between the expiration date and the inspection date, we respectfully ask that you review the circumstances surrounding this citation and consider reducing or removing the assessed penalty.

Triple D Supply is committed to maintaining full compliance with all state and federal regulations. We have reviewed our internal processes and reinforced procedures to ensure registration documents are monitored and renewed before expiration dates moving forward.

Thank you for your time and consideration of this request.

Respectfully,

Josh Elmore

Hello CMVRB,

Our company timely applied for 2026 Texas IFTA credentials. The Texas Comptroller mailed the decals on June 6, 2026. The citation was issued on June 10, 2026, before the decals had been delivered in the mail. At the time of the stop, we showed the officer proof where we had submitted the application to get the decals. We respectfully request dismissal of the civil penalty due to circumstances beyond our control and our good-faith efforts to comply with IFTA requirements. Our authority is less than 3 months old and this was the first time we applied for the decals.

Regards,

Quarters Connections Enterprises Inc.

TEXAS COMPTROLLER OF PUBLIC ACCOUNTS

P.O. BOX 13528 · AUSTIN, TEXAS 78711-3528

June 05, 2026

QUARTERS CONNECTIONS ENTERPRISES INC.
18383 PRESTON RD STE 202
DALLAS TX 75252-5487

Dear Taxpayer:

Congratulations on obtaining an International Fuel Tax Agreement (IFTA) license for your business. In addition to being the state's chief financial officer and tax collector, I am a strong advocate for growth in our economy, and my office plays an important role in ensuring businesses like yours continue to thrive in the state of Texas. Part of that responsibility is to be a resource when your business needs assistance.

Customer service is my top priority, and my staff is ready to help you with questions related to your business's state tax responsibilities. The agency website, Comptroller.Texas.Gov, contains a wealth of resources about the various taxes we administer. There you can find the Texas IFTA Guidebook, www.Comptroller.Texas.Gov/taxes/publications/96-336.pdf, which covers records requirements, tax reporting responsibilities and other important information. At the bottom of each page, there is a link to "contact us" where you will find information on how to reach us if you do not find your answer online.

IFTA tax returns are filed on a quarterly basis, and must be filed for every period, even if the qualified vehicle(s) were not operated or if you were temporarily closed during the filing period. The due date for the quarterly tax report is the last day of the month immediately following the close of the quarter. Failure to file or pay an IFTA return on time will result in a minimum $50 late penalty and may result in collection actions, including, but not limited to, filing liens, freezing and seizing assets, bond requirements and suspension or revocation of IFTA license.

Please consider filing and paying online using our WebFile system. You will need your taxpayer number and WebFile number to get started, and both of these are printed at the bottom of this letter for your convenience. You can also contact our office at 800-442-3453.

I appreciate the work you do and the contributions you make to Texas. I wish you the best of luck in all your business endeavors.

Sincerely,

KELLY HANCOCK
Acting Texas Comptroller

STAR FLEET
TRUCKING INC.

June 15, 2026

Commercial Motor Vehicle Review Board
Florida Department of Transportation
605 Suwanee Street, MS 90
Tallahassee, FL 32399

To whom it may concern:

On May 26, 2026 Star Fleet Trucking's owner-operator, Leo Pellicer was pulled in for an inspection of his oversize permit. He was hauling a manufactured home under Florida annual permit number 2639267-2025-0001. Mr. Pellicer did not realize that at some point the dispatcher had placed someone else's permit in one of his packets and he inadvertently handed the officer the wrong annual permit at first. Once the officer noted that the VINs didn't match, Mr. Pellicer contacted our office and we reminded him that he had his annual in his legal binder. He was able to find it but the officer had already written the citation. We ask that this citation be dismissed since Mr. Pellicer had the legal permit.

I have attached the citation and the legal annual permit to the email.

Respectfully,

Trish Nowak

EXTERNAL SENDER: Use caution with links and attachments.

To Whom It May Concern,

I am writing to respectfully request consideration regarding the penalty issued for my expired license plate registration.

At the time, I was not aware that the registration for this truck had expired. My mother has traditionally been responsible for renewing the tags for our vehicles, and unfortunately she overlooked the renewal for this particular truck. While this explains how the oversight occurred, I understand that I am ultimately responsible for ensuring that my vehicle registration remains current.

I take full responsibility for the situation and have taken steps to address the issue. I respectfully ask whether it would be possible to reduce the penalty, given that the expiration was unintentional and resulted from an honest mistake.

I appreciate your time and consideration of my request and would be grateful for any leniency that can be granted.

Sincerely,

idalberto ortiz

REMARKS

The CMV is traveling from Miami, FL to Weston, FL and is empty at the time of stop. The CMV is a 2-axle straight truck that has a GVWR of 33,000 lbs. and is towing a 3-axle trailer that has a a GVWR of at least 12,000 lbs. The CMV was weighed using certified portable scales. The CMV has an expired license plate since 12/31/2024.

The CMV is not marked in accordance with the regulations. The CMV is missing the carriers USDOT number on both sides of the power unit. This penalty is assessed to the carrier at $50.00.

The Driver needs a class A CDL to be able to operate this combination. Power unit has a GVWR of 33,000 lbs. and trailer has a minimum GVWR of 12,000 lbs. The driver has a valid class B CDL. This penalty is assessed to the carrier at $100.00.

The CMV has an expired tag since 12/31/2024 and now its legal weight is 10,000 lbs. CMV is over its legal weight by 23,300 lbs. CMV actual weight is 33,300 lbs. This penalty is assessed to the carrier at $0.05 per pound for a total of $1,165.00. This penalty is NOT CAP since is more than 90 days.

Total penalty assessed to the carrier is $1,315.00.

Notes: The trailer has 3-axles and each axle has 8 wheel fasteners, based on my experience and expertise, this trailer is going to have a GVWR of greater than 12,000 lbs.

REMARKS

I conducted a commercial motor vehicle inspection on a 3-axle straight truck (dump truck) operating in interstate commerce within Escambia County, Florida in the Cantonment area. The vehicle was laden with filter dirt and equipped with a raise/drop axle. At the time of inspection and prior to the stop, the raise/drop axle was in the raised position and not being utilized to support the load.

The commercial motor vehicle was weighed utilizing certified portable scales. Based upon the tire sizes and axle configuration in use at the time of weighing, the legal allowable gross vehicle weight was determined to be 63,965 pounds. The steer axle was equipped with size 425/65R22.5 tires, allowing a maximum axle weight of 19,965 pounds. The rear axle group consisted of a two-axle, four-tire configuration equipped with size 11R24.5 tires, allowing a maximum axle group weight of 44,000 pounds. The total legal allowable gross vehicle weight was 63,965 pounds.

The certified scale weight indicated an actual gross vehicle weight of 69,100 pounds. The vehicle exceeded its legal allowable gross vehicle weight by 5,135 pounds, in violation of F.S. 316.535. At the statutory assessment rate of $0.05 per pound, the calculated gross overweight penalty is (NON) assessed at $256.75.

The rear axle group was also weighed utilizing certified portable scales and recorded an actual weight of 51,500 pounds. The legal allowable weight for the rear axle group was 44,000 pounds. The rear axle group therefore exceeded the legal allowable weight by 7,500 pounds, in violation of F.S. 316.535.

Pursuant to the penalty assessment calculated by the Florida overweight enforcement system under F.S. 316.545, the rear axle group violation resulted in an assessed civil penalty of $355.00. The axle-group violation constitutes the greater applicable overweight assessment and is therefore the penalty assessed to the carrier.

Total assessed penalty: $355.00.

Payment is due within twenty (20) days from the date of issuance.

Subject:	DISPUTE of ticket #000874577
Attachments:	IMG_20260611_000716.png

I am disputing this ticket because we assumed we did the right thing by pulling permits to enter GA. I got this information from FMSCA and other agencies I had call and the broker who we were doing a load for. Either way here is the permit we pulled. She gave us a ticket in Florida we never made it to Georgia. Either way I literally did my due diligence and still got incorrect information. After the driver got pulled I preceded to called FMSCA and they still told me I was allowed to do that so... not sure what is going on but I went with the information from the government agency. My intention is never to break any laws. I just need accurate information so this never happens again!

CASE
26-08-063

I'm writing to request a hearing for a citation that I received at the weight station. I was asked for my permit & the 1 I had given the dot official was expired (forgot to print the updated renewed permit). Was told to pull to the side & walk in. As im walking in, I was trying to seach my email for the renewed one. But couldn't find it. Also, tried to get on the company's driver portal app to retrieve it. But the app was having problems technical problems, & wouldn't allow me to click for the FL permit. I couldn't call into the office either due to the fact that it was after hrs, & the permit department for my company was off of work. So I wasn't given a chance to search my email further once I entered the office. And was given a citation. When I called, the following morning to the company I was told, that It was sent on the same day that it expired, but sent from their new email address & it was label from "licensing department." The whole time, I'm searching "permit" & or the exact name for the personnel I usually receive it from. But Upon further searching/speaking with the department, I then realized that it had gone into my spam folder & been labeled different. So, I'm trying to see if it could get dismissed. Being that I had the information on hand. But it was just sent to the wrong folder in the email, & confusion on what it was labeled as.

REMARKS

Truck tractor semi trailer in violation of F.S 316.515 semi trailer exceeding 48' in length but measures no more than 57' and measures more than 41' from the king pin to the center of the last rear axle on the rear of the semi trailer, the spread axles measured 10' apart and does not have an appropriate permit.

The semi trailer measured 53' with a king pin setting that measured 44'9" (making the semi trailer 5' over the legal semi trailer length of 48' because of not having a kingpin setting of 41' or less)

Required company to correct the problem prior to leaving the Madison scales

Commercial Motor Vehicle Review Board

Re: Request for Reduction of Assessment – Citation No. 000933967

To Whom It May Concern:

I respectfully request consideration and reduction of the assessment associated with Citation No. 000933967 issued on June 9, 2026.

First and foremost, I would like to acknowledge the violation and apologize for the oversight. At the time of the inspection, I did not realize that the vehicle's operating weight exceeded the weight that would be recognized for operation in the State of Florida. There was no intention to violate Florida regulations or avoid any registration, fuel tax, or permit requirements.

The vehicle involved is a small independently operated commercial vehicle, and this situation resulted from a misunderstanding of the registration and permit requirements rather than a deliberate attempt to operate unlawfully.

Following this incident, I have taken steps to ensure that it does not happen again. Prior to future operations in Florida, I will obtain any required temporary trip permits, fuel permits, and other credentials necessary to remain fully compliant with state requirements. I have also reviewed the applicable regulations and understand the importance of verifying operating authority and weight limitations before entering the state.

I fully respect the work performed by the enforcement officer and the Florida Highway Patrol. The officer acted professionally, and I understand that he was required to apply the statute as written. My request is not intended to challenge the officer's actions, but rather to ask the Board to consider the circumstances surrounding this violation.

The assessed penalty of $891 represents a significant financial burden for a small trucking operation during an already difficult economic period. Freight rates remain low, operating expenses continue to rise, and many independent carriers are struggling to remain in business. While I accept responsibility for the violation, I respectfully ask the Board to consider reducing the assessment in light of my good-faith mistake, my commitment to compliance going forward, and the financial hardship the current penalty creates.

I appreciate the Board's time and consideration of this request and respectfully ask for any reduction or relief that may be available.

Thank you for your consideration.

Respectfully submitted,

Andrei Lushchyk, Owner

REMARKS

Registration (Improper)
Inspector measured a 23 foot Colorado based box truck hauling groceries with a gross weight of 27,820 lbs. Driver stated no permits on board at the time of stop.

Driver was operating under DOT number 4539370 (AMEX Moving Group LLC) Inspector called AMEX Moving Group to obtain a lease agreement and no one answered. Due to the fact a lease agreement was not possible to obtain, inspector wrote citation to the owner of the box truck. Driver is the owner of Fura LLC.

Violation:
Improper Registration
Per Florida Statute 316.545(2)(b) a laden box truck operating with a non- apportioned for Florida registration and no Florida IRP is allowed 10,000 pounds, Making the vehicle 17,820 lbs overweight @ $0.05 per pound.
To make legal, a 10 day IRP ($30.00) and an 10 day IFTA ($50.00 penalty and $45.00 permit fee) were issued for a total cost of $125.00.Driver was given a copy of the explanation for Florida Statute 316.545(2)(b) with contact information.
Copies of the registration and the NCIC queries for tag and V.I.N. are attached to the agency copy of this citation.

Re: Citation 000933706
06/12/2026 9:07:27 AM

Gentlemen:

The Citation was issued based on vehicle registration showing GVW of 52,300 lbs. This new semi-truck was registered by the new truck dealer with the above GVW weight. DOT, in a weight station paperwork review, says the vehicle should be registered with its CVW weight of 80,000 lbs., thus the Citation. Upon this notice, we immediately had the Truck Dealer, Cumberland Internation Trucks of Florida, file a revised registration.

Find attached to This letter the original registration of 05/15/26 and the revised registration of 06/12/26 showing GVW of 80,000 lbs.

We acknowledge the gross overweight due to an unexpected significant increase in product carried weight on a per unit calculation. Further, we adjusted fifth wheel forward to correct inner and outer bridge issue.

We request relief from the Citation based on the initial registration filed by the new truck dealer.

Thank you for your consideration.

Sincerely,

John S. Clardy, Jr. President
Clardy Oil Company

June 12, 2026

Commercial Motor Vehicle Review Board (CMVRB)
Florida Department of Transportation
605 Suwannee Street, MS 90
Tallahassee, FL 32399

SUBJECT: FORMAL WRITTEN PROTEST / WEIGHT VIOLATION MITIGATION REQUEST
CITATION NUMBER: 000931594 | CITATION DATE: 05/28/2026

To the Honorable Members of the Commercial Motor Vehicle Review Board,

I am writing this formal statement on behalf of **AL&A TRUCKING LLC** to formally protest and request a mitigation review for the Commercial Motor Vehicle Citation, **Citation Number 000931594**, issued on May 28, 2026, to driver and owner-operator, **Ariam Rodriguez Diaz**. Pursuant to the instructions provided on the reverse side of the citation, this written explanation outlines the grounds for our protest.

The citation notes an external bridge weight violation with an actual gross weight of 78,220 lbs against a legal limit of 70,000 lbs. We respectfully request that the Board review the critical mitigating circumstances of this load, which are directly substantiated by the attached commercial load ticket issued at the origin facility on that exact morning.

Citation Number	000931594
Load Ticket Number	240052 (O'Steen Brothers)
Date & Time of Loading	May 28, 2026 at 9:57 AM
Material Type	Sandy Clay Purchased at Pit
Invoiced Quantity	18.000 YD (Cubic Yards)

As documented in the attached O'Steen Brothers ticket, Mr. Rodriguez Diaz was dispatched to transport raw aggregate material described as "Sandy Clay Purchased at Pit." At the loading facility, the truck is filled entirely by the site's loader operators. The transaction and volume allocation were managed completely by the facility, specifying an invoiced quantity of exactly 18 cubic yards.

As an independent owner-operator, Mr. Rodriguez Diaz has no mechanical scale apparatus installed on his vehicle, nor any independent technical means to weigh aggregate materials dynamically while being loaded in a pit. He must rely entirely on the professional experience, volumetric measurements, and heavy machinery equipment of the pit operator to ensure compliance. Because the density of sandy clay varies substantially depending on moisture absorption and the specific pit pocket being excavated, it is impossible for a driver to visually calculate weight differentials.

Mr. Rodriguez Diaz acted in complete good faith, operating under the reasonable expectation that the commercial loading facility was distributing a legal volume of material into the vehicle. He operates with a commitment to public safety and strict regulatory adherence.

Given that the weight variance was completely outside the operational control or visibility of the driver, and was inherently determined by the loading facility's dispatch, we respectfully request that the CMVRB cancel, dismiss, or significantly mitigate the $411.00 assessment penalty.

Thank you for your time, objective evaluation, and fair consideration of this matter. A full copy of the citation and the supporting load ticket are enclosed.

Respectfully submitted,

Ariam Rodriguez Diaz

To Whom It May Concern,

I am writing to formally protest Citation No. 000933217, issued on June 11, 2026, regarding an alleged overweight violation.

According to my vehicle registration, the registered gross weight of my truck is 25,950 pounds. At the time of the inspection, the actual gross weight of the vehicle was 26,900 pounds. Therefore, the truck exceeded its registered gross weight by only 950 pounds.

However, the citation and the assessed fine of $845 appear to have been based on an overweight amount of 16,900 pounds. I believe this is an error, as the actual overweight amount was only 950 pounds.

Accordingly, I respectfully request that the citation be reviewed and corrected to reflect the accurate overweight amount. I have enclosed copies of my vehicle registration and any other supporting documents for your consideration.

Thank you for your time and attention to this matter. I respectfully request that the penalty be adjusted accordingly based on the correct weight calculation.

Sincerely,

Helina Franklin

I am Tyrone Allen, owner/driver for Bradford Transport llc.
Please help me with this citation, I made a mistake, I have not knowingly operated unregistered before getting this citation. I do understand not having my IFTA decals is a violation but I did have both my registration and IFTA paid prior to the citation. In the Alabama online system it shows red if inactive or not valid and green if active and updated. When I paid the system showed me green and I thought that meant I was clear to operate just waiting on the hard copies to be sent. I downloaded what I thought was the most recent proof but it was from the previous year. At the weight station I could not get cell service to login and show the officer that I had paid. I made a mistake, can you please lift the fine for operating unregistered. I'm including the receipts which show the date that the IFTA and registration were paid.

QUAL indicates that the vehicle is registered at a weight greater than 80,000 pounds in Alabama

It is the registrant's responsibility to ensure that the information listed on the IRP cab card is correct.

The apportioned registration cab card must be carried in the vehicle to which it is issued. It may be shown as an electronic image on a computer, tablet, smart phone, or as a paper copy, and must be presented on demand for inspection by law enforcement officers.

Alabama law requires that current proof of liability insurance coverage and a current and valid registration receipt be carried within the vehicle.

Possession of this document declares that the registrant has knowledge of federal motor carrier safety regulations and federal hazardous materials regulations adopted by the state of Alabama.

This license is issued under the terms of the INTERNATIONAL FUEL TAX AGREEMENT (IFTA) and is valid for vehicles operated by the registrant name in all IFTA jurisdictions.

The Alabama IFTA license and decals serve as proof that you have been registered under the IFTA provisions with the state of Alabama. **This license may be shown to law enforcement as an electronic image on a computer, tablet, smart phone or as a paper copy and must be provided in each IFTA qualified vehicle.** This license is not transferrable between carriers. Each qualified motor vehicle will be issues two fuel decals. One decal must be placed on the exterior portion of both the passenger and driver side of each vehicle. Failure to display the fuel decals in the required location may result in the issuance of a citation and/or additional fuel purchase requirements.

In accordance with Alabama Department of Revenue Administrative Rule 810-5-9-.10, IFTA Quarterly Fuel Tax Returns, you are required to electronically file an International Fuel Tax Agreement (IFTA) quarterly fuel use tax return. **A tax return must be filed even if you do not operate during the reporting period.** You are required to maintain mileage, fuel, and bulk storage records to support the information reported. You must retain these records and copies of the tax returns for a period of four years from the due date of the return or the date the return was filed, whichever is later. You may cancel the IFTA account by submitting a written request for cancellation. The department will cancel the account provided no liabilities or delinquent returns are outstanding. Please include your client ID on all correspondence forwarded to the Motor Vehicle Division.

Carriers renewing their IFTA license and decals have a two-month grace period (January and February) to display the renewal IFTA license and decals. To operate in IFTA jurisdictions during this grace period, carriers must display either current or prior year IFTA license and decals from the jurisdiction in which they were operating or a valid single trip permit from the IFTA jurisdiction in which they are operating. If you have any questions regarding IFTA requirements, Call (334) 242-9000, Option 5.

Good morning,

I am writing to formally protest citation #000932834. We believe the violation for being 17,720 lbs overweight was issued in error.

Our driver, Mejia Martinez, was operating a 26-foot straight truck with a total gross weight capacity of 26,000 lbs, which he is licensed to operate. I have attached the necessary documentation below to verify the vehicle's registered weight.

Based on this, I am requesting a review of the case. We ask that the violation be adjusted to reflect an overweight amount of 1,772 lbs rather than 17,720 lbs, as the truck is legally registered for 26,000 lbs.

Please let me know if you require any additional information.

Best regards,

Safety Compliance

REMARKS

A 23 foot 2 axle New Jersey based straight truck was operating in Florida while not apportioned. Vehicle was operating on New Jersey straight plates. Per Florida Statute legal weight for a straight truck is 10,000 pounds. The vehicle weighed 27,720 pounds, making the vehicle 17,720 pounds over weight @ $0.05 per pound for a weight penalty of $886.

The VIN was verified in front of the driver. Both the tag and V.I.N were entered into NCIC.
To make legal a 10 day IRP Trip permit was issued for a $30.00.
Also, the vehicle was operating in Florida with no IFTA license, stickers or permits on vehicle. Per Florida Statute to make legal, a 10 day IFTA was issued for a $45.00 fee and a $50.00 penalty.
The total fee and penalties assessed was $1,001.

Good afternoon,

We received a citation for the vehicle legal weight. According to the citation, it says the truck's legal weight is 35,000lbs and weighed 63,740lbs. Please see the attached copy of the vehicle registration which shows that the truck weight at 88,000lbs. We would like to dispute this citation.

Please see the attached registration.

REMARKS

A Louisiana straight plate truck tractor/semi-trailer entered the scale facility. The tractor was NOT apportioned for Florida and driver did NOT have FL IRP Trip Permit, at time of stop. The vehicles legal weight, according to F.S. 316.545, is 35,000 lbs for laden combination. Vehicle scale weight is 63,740 lbs. less legal weight of 35,000 lbs equals 28,740 lbs. over at .05 cent per pound. The Carrier was also issued a FL 10-day IRP Trip Permit and a FL 10-day Fuel Tax Permit.

Note: Driver was given a copy of the Not Apportioned for Florida Explanation letter

CASE
26-08-072

I am writing on behalf of Mr. Alonzo Wright to respectfully request the dismissal of the citation issued for failure to possess a DOT Medical Examiner's Certificate during a traffic stop.

At the time the citation was issued, Mr. Wright held a valid and current DOT Medical Examiner's Certificate and was fully compliant with all applicable Department of Transportation medical certification requirements. While he was unable to physically present the card during the traffic stop, the certification itself was active and valid on the date of the alleged violation.

A copy of Mr. Wright's valid DOT Medical Examiner's Certificate has been attached and demonstrates that he was medically qualified and authorized to operate a commercial motor vehicle at the time of the stop. The attached documentation confirms that there was no lapse in certification and that Mr. Wright remained in full compliance with DOT medical qualification standards.

Given that the purpose of the DOT medical certification requirement is to ensure that drivers are medically qualified to safely operate commercial vehicles, and that Mr. Wright met this requirement at the time of the stop, we respectfully request that this citation be reviewed and dismissed.

Thank you for your time and consideration of this matter. Should any additional information be required, please do not hesitate to contact us.

Respectfully,

FLORIDA HIGHWAY PATROL

REMARKS

CMV is a two (2) axle straight truck operating in interstate commerce between Fort Walton Beach, Florida and Orange Beach, Alabama, unladen at the time of inspection. The CMV was stopped for a CVSA inspection in accordance with FSS 316.302. The carrier is conducting interstate operation so the driver is required to possess a valid / current medical certificate. The driver was able to produce a picture of an expired medical certificate that expired on 02/15/2026. There is no medical certificate information attached to the drivers license through the NCIC / FCIC return. This is a violation of 49 CFR 391.41 and a $100.00 penalty is assessed to the carrier. The driver is placed Out-Of-Service until he qualified.

Good afternoon,

On 5/28, citation 000930444 was issued and lists "US LIBERTY, LLC" as the motor carrier. We would like to protest this designation. The driver, Andre Dwayne Bernard Walker ("Driver"), owns the truck and is not an employee of US Liberty. We have never done business with this individual before and contracted with him for the first time on 5/28 to make a delivery. Please see attached bill of lading signed by Driver for this delivery. Additionally, we have attached the aforementioned citation for reference. For any further information needed, please contact me over email. For anything that needs to be sent via the mail, please use the following mailing address:

7733 SW Ellipse Way
Stuart, FL 34997

We would like to request to virtually attend our hearing. Once the hearing date is established, please notify me so I can enter the meeting time into my schedule.

Thank you,

1. Commercial Motor Vehicle overweighed for its legal declared/registered GVW of 25,999 lbs. Actual straight-truck weight, by roadside certified portable scales is 36,400 lbs. with a net weight (per registration) of 10,509 lbs. Vehicle exceeds top of class 26,000 (owner declared tax class weight range) by 10,400 lbs., Carrier, US LIBERTY, LLC., penalized .05 cents a pound for all weight over top of class (26,000 lbs.). The driver was given the opportunity to re-weigh CMV at a certified fixed scale facility but declined. The driver was also instructed to offload to legal weight @ next safe location. 2. Operating a commercial motor vehicle in intrastate commerce with no USDOT number when required - INTRASTATE CARRIER - driver operating CMV involved in intrastate commerce without an USDOT number or registered with FMCSA as required; actual weight of 36,400 lbs. in violation of 49 CFR 392.9(B) and 390.19(A). 3. Medical (Certificate) - Operating a property-carrying vehicle without a valid medical certificate in possession or on file with the state drivers licensing agency when medical certification is required - driver operating a property-carrying vehicle without possessing a valid medical examiner's certificate; actual weight of 36,400 lbs. in violation of 49 CFR 391.41(A). Driver was placed OOS until Obtains a Medical Examiner's Certificate. 4. License (CDL) - Operate a CMV and does not possess a valid CDL - a minimum of a Class "B" CDL is required when operating a CMV with an actual weight of 36,400 lbs.; driver has a valid Class "E" D/L, in violation of 49 CFR 383.23(A). Driver operating a CMV involved in intrastate commerce, GVWR and DGVW of 25,999 lbs. and an actual weight of 36,400 lbs. Driver was placed OOS until Proper License Class is Obtained. Adding additional information or violations. There were no markings on the CMV... driver was pulled over for a safety and weigh inspection. Rear tires were squad and the rear of the CMV was seating lower than usual. Driver stated that he was taking a load of paper rolls to Miami. CMV was weighed with my state issued portable scales. I was trying to find out who the responsible carrier was, for this load of paper rolls, and driver stated that he was doing this run as a favor for the carrier. Driver stated that he had to go to Miami in his truck and "Aries" asked him if he could pick up the load of paper rolls from his warehouse, the driver did not remember the carrier's name, doing it as a favor, and was just trying to help. Driver stated that he deals with pallets and had to go to the Hialeah area. Driver stated that he picked up the load of paper rolls for the carrier's warehouse. I asked for the carrier's name and phone number. Driver gave me the carrier's phone number as 561-267-6526 and the contact person was Aries. I tried this phone number, but no one picked up. I tried this same phone number five times and was never picked up. From the BOL., I called the shipper, GAJRAJ 9, LLC. at 863-529-6225. After contacting the shipper and after explaining the situation, they advised that the carrier who picked up the load from their warehouse was US Liberty. I then asked the driver if US Liberty was the responsible carrier and he said "yes". A computer check through GOOGLE revealed that US Liberty LLC. is a company based in Stuart, FL., and the phone number was the same phone number as the one the driver provided to me and that the shipper also confirmed when I made the phone call to the shipper of the load. I tried to call the responsible carrier's phone number again a couple of times, but it was unsuccessful.

Letter of Explanation & Rebuttal for Consideration

To: Florida Highway Patrol
From: Patriot Production Group, USDOT 4194894
Reference Citation: 000929106

17 June 2026

To Whom it May Concern,

We were stopped at a weigh station in FL on 5/19/2026. Upon weighing the truck and trailer, our driver was asked for IRP & IFTA information. At that time, our company did not have any IFTA or IRP registrations or temp permits. This is most simply explained by the fact that up to that point, we had never fallen into the category at which this was needed (Actual weight at/above 26,000 lbs). On this day, at this weigh station, we weighed in at: 26,560. That is 560 lbs over the point where IFTA/IRP begins.

We are a small disabled veteran owned company. We have given out best efforts to know and abide by the law, rules and regulations to the fullest extent. This was a surprise to us, as we have tracked our weight and never seen this issue before. Upon further investigation within our company fleet, we recognized that our trailer had recently undergone an axle maintenance, in which the manufacture upgraded the axles. To the best of our knowledge, this is where the extra weight resides. The RAM 3500 hasn't weighed more, so it was very likely in the heavier axles. We understand this does not absolve us from abiding by the regulation and rules, but in this case it was very simply an unknown mistake.

Upon receiving the information from the officer we obtained the correct temp permits and I, as the owner and fleet manager, worked with our home state of Alabama, to immediately get IFTA/IRP compliant. This was actioned on 5/20/2026. Our IFTA account was created and approved on 5/22/2026. Our IRP (apportioned) account was approved on 6/10/2026. At this time, we are in complete compliance and have given every measure, since the infraction, to remain that way. In such time that accounts were not approved, we obtained all needed temp permits for travel to ensure we upheld the highest standard of compliance.

Formally, we would like to request grace and forgiveness for this infraction. As stated, this was not negligence, intentional or malicious. We come from a combined 50+ years of military service, both members retired and disabled from the US Army. We understand good order and discipline and work hard to enforce it within our company. We kindly ask or this matter to be forgiven and the fees/penalties waived. We are thankful for the infraction, as it has triggered needed change within our fleet profile and we now have the best way forward to maintain compliance. We are also grateful for the service of the officer and the help given on site.

Thank you, from the sincerest place in our company,

Kenneth Bochat

QUAL indicates that the vehicle is registered at a weight greater than 80,000 pounds in Alabama

It is the registrant's responsibility to ensure that the information listed on the IRP cab card is correct.

The apportioned registration cab card must be carried in the vehicle to which it is issued. It may be shown as an electronic image on a computer, tablet, smart phone, or as a paper copy, and must be presented on demand for inspection by law enforcement officers.

Alabama law requires that current proof of liability insurance coverage and a current and valid registration receipt be carried within the vehicle.

Possession of this document declares that the registrant has knowledge of federal motor carrier safety regulations and federal hazardous materials regulations adopted by the state of Alabama.

IFTA License

IFTA License #	Effective Date	Expiration Date
AL87244947501	05/22/2026	12/31/2026

This license is issued under the terms of the INTERNATIONAL FUEL TAX AGREEMENT (IFTA) and is valid for vehicles operated by the registrant name in all IFTA jurisdictions.

The Alabama IFTA license and decals serve as proof that you have been registered under the IFTA provisions with the state of Alabama. **This license may be shown to law enforcement as an electronic image on a computer, tablet, smart phone or as a paper copy and must be provided in each IFTA qualified vehicle.** This license is not transferrable between carriers. Each qualified motor vehicle will be issues two fuel decals. One decal must be placed on the exterior portion of both the passenger and driver side of each vehicle. Failure to display the fuel decals in the required location may result in the issuance of a citation and/or additional fuel purchase requirements.

In accordance with Alabama Department of Revenue Administrative Rule 810-5-9-.10, IFTA Quarterly Fuel Tax Returns, you are required to electronically file an International Fuel Tax Agreement (IFTA) quarterly fuel use tax return. **A tax return must be filed even if you do not operate during the reporting period.** You are required to maintain mileage, fuel, and bulk storage records to support the information reported. You must retain these records and copies of the tax returns for a period of four years from the due date of the return or the date the return was filed, whichever is later. You may cancel the IFTA account by submitting a written request for cancellation. The department will cancel the account provided no liabilities or delinquent returns are outstanding. Please include your client ID on all correspondence forwarded to the Motor Vehicle Division.

Carriers renewing their IFTA license and decals have a two-month grace period (January and February) to display the renewal IFTA license and decals. To operate in IFTA jurisdictions during this grace period, carriers must display either current or prior year IFTA license and decals from the jurisdiction in which they were operating or a valid single trip permit from the IFTA jurisdiction in which they are operating. If you have any questions regarding IFTA requirements, Call (334) 242-9000, Option 5.

REMARKS

Registration/Expired:

No Tag (Previously registered in Georgia Apportioned Tag# C319DZ) laden 5-axle truck tractor, with a semi-trailer configuration weighing 39,740 lbs

Vehicle has expired registration as of 06/01/2026. Vehicle has a laden weight of 39,740 lbs. which is dropped back to 35,000 lbs. Penalty assessed on 4,740 lbs. @ $.05 per pound for a total assessment of $237.00.

Fuel Tax Permit:
Vehicle did not have 2 current fuel tax certification decals. Penalty assessed $50.00 and a fee of $45.00 for a total assessment of $95.00, for a 10-day temporary permit.

*Driver advised that continued operation without proper registration is a violation of Florida Law and subject to possible further fines.

Verified truck and trailer VIN on placard to registration and Smart Cop via NCIC.
*Driver provided "Expired Registration Explanation".

*Driver advised that he is making payments to First American Title Lending of Georgia. Driver had a Electronic Title Copy which lists Billy Dee Joyce as the Owner of the truck-tractor. Driver does not have a bill of Sale for truck. Driver advised that he has not currently registered the truck. Vehicle is registered out of Georgia to Joyce Expedited Freight and had a Apportioned tag #C319DZ VIN# 1FUJAPCK96DU34399 which EXPIRED as of 06/01/2026. The vehicle VIN# was run out of OHIO where the Carrier is based which yielded negative results. The vehicle VIN# was run out of Florida as well and that yielded a result of the truck being previously registered to Ralph Mack Maynor with an EXPIRED registration as of 03/31/2017. Driver presented with a State of Florida Temp IRP Trip Permit# 818615 valid 06/16/26-06/27/26. This Permit is NULL and VOID due to the vehicle not having a current registration from its base jurisdiction which is outlined on the FL Temp IRP Permit. There is a License Plate number B0S4399 out of Ohio on the FL Temp IRP Trip permit. A computer check of tag by 2026/2027 TK and AP designation which yielded no results. A computer check of that same tag yielded negative results when run out of Georgia as well. No other permits were provided at time of stop when requested.
*No Phone number was listed for Carrier in FMCSA or Safer. Driver gave me a phone number of 608-716-4309.
*2 photo's taken for documentation purposes.

Wetzel, Lisa

From:	Philip Gocev <philip@cdl.club>
Sent:	Thursday, June 18, 2026 11:43 AM
To:	Commercial Vehicle Review Board
Subject:	Request for Review – Citation No. 000933997 – PRO EXPRESS LLC
Attachments:	125 CAB CARD MO 2026.pdf; 000933997.pdf

Dear Commercial Motor Vehicle Review Board,

Please accept this email as PRO EXPRESS LLC's written explanation and request for review of Florida Highway Patrol Commercial Motor Vehicle Citation/Permit No. 000933997, issued on June 16, 2026, to driver Bryan George Lebarren McDougle for Unit 125, a 2023 International, VIN 3HAEUMML7PL545689.

The citation indicates that the vehicle was cited for expired registration less than 90 days, and the vehicle was treated as overweight because the officer believed it was operating on expired registration. However, the vehicle was properly registered at the time of the stop.

Attached is the current Missouri IRP Apportioned Cab Card for the same vehicle, showing:

Registrant: PRO EXPRESS LLC
Unit No.: 125
VIN: 3HAEUMML7PL545689
Effective Date: 05/14/2026
Expiration Date: 12/31/2026
Florida Registered Weight: 26,000 lbs

The citation lists the vehicle's actual weight as 24,220 lbs, which is below the registered Florida apportioned weight of 26,000 lbs shown on the cab card. Based on this, the overweight assessment appears to have resulted from a misunderstanding at the roadside, likely because the driver did not present the proper current registration document to the officer.

We respectfully request that Citation No. 000933997 and the related assessment of $711.00 be reviewed and dismissed based on the attached proof of valid registration. In the alternative, please place this matter on the agenda for review by the Commercial Motor Vehicle Review Board.

Attached for your review are:

Copy of Citation No. 000933997
Current Missouri IRP Apportioned Cab Card / proof of registration

Please let us know if any additional documents or information are needed.

Sincerely,

Philip Gocev

REMARKS

Expired Registration less than 90 Days: (straight truck)
Vehicle is a 2 axle straight truck with a wheelbase of 23 ft. hauling general freight, weighing 24,220 lbs. Vehicle is operating on an expired mo. registration that expired on 06/12/26. With an expired registration the maximum weight for straight truck is 10,000 lbs. making the vehicle 14,220 lbs. overweight. Penalty assessed at $.05 per pound for a total penalty of $711.00.
As the registration has been expired less than 90 days, penalty is capped at $1,000.00. .

Driver has been advised that it is a violation of Florida law to operate a commercial vehicle with an expired registration and that continued travel could result in further action from other law enforcement agencies.

The driver was given a "Not Apportioned for Florida Explanation".

To Whom It May Concern,

I am writing to formally protest Citation No. 000930622 issued on May 26, 2026 for vehicle registration/plate and weight violations.

Regarding the registration and plate violation, the vehicle is leased through Penske. Our company relocated operations to Florida, and Penske was aware of the move. Unfortunately, we were not informed that the vehicle registration and plates needed to be transferred from New Jersey to Florida. As soon as we became aware of the requirement, we immediately took corrective action and have completed the necessary paperwork. We are currently awaiting issuance of the new Florida registration and plates. This was an unintentional misunderstanding, and we acted promptly to bring the vehicle into compliance.

Regarding the weight violation, we respectfully believe the citation was issued in error. The vehicle's registration reflects an unladen weight of 14,537 pounds and a registered gross weight of 26,000 pounds. At the time of the stop, the cargo being transported weighed 6,183 pounds, as documented by the attached Bill of Lading.

Based on the vehicle's unladen weight and the documented cargo weight, the total vehicle weight was approximately 20,720 pounds. Even accounting for the driver, fuel, and other incidental operating weight, estimated at approximately 500 pounds, the total operating weight would have been approximately 21,220 pounds. This remains substantially below the vehicle's registered gross weight of 26,000 pounds.

Attached are copies of the Bill of Lading and documentation showing the load weight and the unit weight on the registration.

Based on the supporting documentation, we respectfully request that the weight violation be reviewed and dismissed.

Thank you for your time and consideration. Please contact me if any additional information is required.

Sincerely,

Stephanie Reinoso

Vehicle is operating Intrastate in Florida making multiple deliveries without a active IRP.
Penalty assessed on a basis of $0.05 per pound on that scaled weight over 10,000 lbs. on a laden Single unit Straight Truck.
Truck weighed 21,000 lbs. at time of stop making the vehicle over weight by 11,000 lbs.
Penalty assessed at $0.05 per pound for a Penalty of $550.00

IRP
Issued a 10-temporary permit to cover the excess weight and or make the out of state tag good in Florida at a fee of $30.00. The permit shall be carried on the vehicle which it identifies and shall be exhibited on demand to any authorized personnel.

Total Citation Penalty=$580.00

Not Apportioned for Florida Explanation:
Your vehicle at the time of stop was determined to be in violation of Florida Statute 316.545(2) (b). The Statute States: "In those cases when the commercial vehicle, as defined in statue 316.003(66), is being operated over the highways of the state with an expired registration or with no registration from this or any other jurisdiction or is not registered under the applicable provision of chapter 320, the penalty herein shall apply on basis of .05 cents per pound on that scaled weight which exceeds 35,000 pounds on laden truck tractor-semitrailer combinations or tandem trailer truck combinations, or 10,000 pounds on laden straight trucks or straight truck-trailer combinations, or 10,000 pounds on any un-laden commercial motor vehicle……" Since your vehicle was not properly registered to operate in Florida the weight was rolled back to either 35,000 pounds or 10,000 pounds depending on its configuration, and all weight in excess of that limit was then assessed at $0.05 cents per pound penalty.

Subject: Protest of Citation for Expired Commercial Registration – Texas Renewal Pending

Dear Sir or Madam,

I am writing to respectfully contest the citation issued for an expired commercial vehicle registration while operating in the State of Florida.

The vehicle in question is registered in the State of Texas. Prior to the expiration date, I initiated the renewal process with the Texas Department of Motor Vehicles. At the time the citation was issued, the registration renewal was pending and had not yet been completed due to processing delays beyond my control. I have acted in good faith and have continuously maintained compliance with Texas registration requirements.

Vehicle Information:

- Vehicle Year/Make/Model: 2013
- VIN: 4V4NC9TG4DN130659
- License Plate Number: R819445
- Texas Registration Expiration Date: 5/31/27 now. Time of citation 5/31/26
- Citation Number: 000918197
- Date of Citation: 06/01/2026

Attached are copies of the following documents in support of this protest:

1. Proof that the Texas registration renewal application was submitted prior to or shortly after expiration.
2. Receipt or confirmation showing the renewal is pending.
3. A copy of the current registration (if already issued).
4. A copy of the citation.

I respectfully request that this citation be dismissed or reduced, as I made every effort to maintain valid registration and any lapse was due solely to the processing time associated with the Texas renewal. I appreciate your consideration and ask that this matter be reviewed in light of the supporting documentation provided.

Thank you for your time and attention. Please feel free to contact me should additional information be required.

Sincerely,

Inspection Dispute / Request for Review

Date: June 15, 2026

To: Florida Highway Patrol / Floride Department of Transportation

Subject: Request for Review and Correction of Inspection Report FL1932005438

Dear Sir or Madam,

I am writing on behalf of Seven Seven Trucking LLC regarding Driver/Vehicle Examination Report Number **FL1932005438**, conducted on June 9, 2026, in Hilliard, Florida.

We respectfully request a review of certain violations listed on this inspection report because we believe they were recorded in error and are not supported by the actual condition or status of the vehicle.

1. Excessive Weight Violation / Registration Status Suspended
The inspection report indicates an excessive weight violation and states that the Georgia registration was suspended or unknown. At the time of inspection, the vehicle was operating empty and was not carrying any load. Therefore, an excessive weight violation could not have occurred. Additionally, the vehicle was properly registered, and a copy of the valid registration is attached for review.

2. Alleged Hub Leak (Out-of-Service Violation)
The inspection report states that the right-side axle hub was actively leaking. Following the inspection, the vehicle was examined by a mechanic. The mechanic found no active hub leak and confirmed that the hub assembly was operating normally. Because no defect was present, we respectfully request that this violation be reconsidered and removed from the inspection record.

Based on the information above and the supporting documentation attached, we respectfully request that the Florida Highway Patrol review this inspection and remove or correct any violations that were issued in error.

Thank you for your time and consideration. Please contact us if additional information or supporting documents are required.

Sincerely,

Chitua Uzoh

Inspection Notes

Adding additional information or violations. DataQ 6140220- Per Lt. Godwin; The driver by-passed an open weight station which is the reason for the 392.2-SLLTCD violation. The truck was issued a UCC for a registration violation (392.2WG) because the State of Georgia had suspended the vehicle registration due to a lapse in insurance. I ran the VIN this morning and the registration is still suspended. Trooper Komorek noticed the leaking hub during her inspection and had the driver crawl under the truck so she could show the violation to him. All 3 violations should remain as issued.

I Joshua Amaismeier am writing to formally contest and protest the citation/permit issued to me on 06/04/2026. The citation states that I was operating a "2-axle straight truck in combination with a 2-axle semi-trailer."

I submit this protest on two primary grounds. First, the towed unit does not meet the legal definition of a semi-trailer. Second, the trailer is entirely non-commercial, used for personal use. So, because the vehicle combination was incorrectly classified, the citation/permit was issued in error.

The citation was issued based on incorrect assumption that I was operating a commercial-grade straight truck and semi-trailer combination. So, because my trailer is structurally a standard trailer (not a semi-trailer) and legally a non-commercial vehicle, I respectfully request that this citation/permit be dismissed and voided.
Thank you for your time and consideration of this matter.

REMARKS

(2) axle straight truck in combination with a (2) axle semi-trailer laden with a oversize shed was stopped for a permit check. Upon contact with the driver, it was determined that the oversize load did not have a FDOT oversize permit. CMV was measured at 17ft. 1in. in height and 12ft. 3in. in width. After a 3 in. measurement tolerance is applied, CMV is still 3ft. 6in. over legal height and 3ft. 6in. over legal width. Penalty is assessed at $250.00 per foot or a portion thereof. Over height violation penalty is $1,000.00. and over width penalty is $1,000.00.

Power unit also does not have a registration assigned at the time of stop. Power unit is allowed a maximum weight of 10,000 lbs. CMV was weighed on certified portable scales having a gross weight of 21,600 lbs. which is 11,600 lbs. overweight. Penalty is assessed at $.05 per pound equaling a weight penalty of $580.00.

Hello,

I am writing regarding a citation I recently received. The citation was issued because the officer stated that my truck was registered incorrectly based on its weight and advised me to change the registration to a truck tractor.

However, I believe there is an error in the citation. In the remarks section, the officer stated that I was operating a 46-foot trailer. This is incorrect. I do not own or operate a 46-foot trailer. I was pulling a standard gooseneck trailer behind my pickup truck. I attempted to explain this to the officer at the time of the stop, but my concerns were not addressed.

As a result of this citation, I was required to change the registration of my truck and gooseneck trailer to a truck tractor, which resulted in additional costs. If the information contained in the citation is found to be incorrect, I would like to be reimbursed for the expenses I incurred because of this change.

I would appreciate being contacted as soon as possible by someone who can review this matter. Please provide a phone number or have a representative contact me so I can provide any additional information or documentation needed.

Carlos G Trucking LLC citation #000931564
Sent from my iPhone

I, Carlos M. Gonzalez, owner of Carlos G Trucking LLC and driver for the company, was stopped by a DOT officer on June 24, 2026. The officer informed me that my vehicle registration had not been renewed, which was true.

However, in the 10 years that I have owned and operated my company, I have never forgotten such an important requirement. I have always renewed my registration on time every six months and have consistently complied with all applicable laws and regulations.

As a result of this oversight, I was issued a citation with a fine of $1,000. I respectfully feel that this penalty is excessive for a mistake that was completely unintentional. I take my responsibilities very seriously and have always maintained a good record regarding my documents and legal obligations.

On the same day, June 24, 2026, immediately after the officer completed the traffic stop, I went directly to the DMV and renewed my registration. My registration has been fully valid and up to date since that date.

I respectfully request that you review my case and consider granting me the best possible resolution. I would be very grateful for your understanding and consideration of my circumstances.

Thank you for your time and attention to my case.

Sincerely,

Carlos M. Gonzalez

REMARKS

CMV 4 axle dump truck GVWR 34700, laden with fill dirt, stopped for random inspection. The driver provided the documents for the CMV. The CMV registration was checked through FCIC which indicated the registration is biannual with an expiration of 05/31/2026, also stated on the registration. Due to expired registration, legal weight was 10,000. The CMV was taken to the Citrus County landfill and weighed via static scales. The actual weight was 58640. The fine is capped at $1000 for 90 days, no cap beyond.

Fine $1000.00

CASE
26-08-083

Good afternoon , I am requesting a hearing to protest the above listed citation . I do realize the temporary license plate was past expiration and that I did not have the DOT number or business name affixed to the doors so I am not requesting any leeway on those two items . I am however curious as to why the assessment was for being over weight when the GVWR decal says the truck is 78350 pounds ? I have attached the citation ,driver /vehicle examination report . Two photos of the Vin /GVWR tags on the door jab . Also the updated temporary Tag/registration which was sent to offer on scene at the time of the stop -Also I have installed temporary decals with DOT and business name on the passenger and driver doors . Thank you for your attention to this matter.

REMARKS

4 Axle gunite truck was stopped for inspection and weighed on certified scales.

* After running the tag that was displayed on the CMV (EAX0258) and the VIN through FCIC/NCIC and DAVID. That tag showed expired as of 6/3/2026. The driver provided a updated tag later in the inspection of (EBL6089) that is valid through 7/15/26. The inspection was initiated at 12:01 PM and as of 12:30 PM when I ran the CMV's VIN in FCIC/NCIC the expired tag of (EAX0258) was assigned to the vehicle.

The vehicle weighs 76,000#'s minus 10,000 lbs (legal weight for an improperly registered laden straight truck) equals 6,600#'s over legal weight at .05 cents per lb. The registration is expired less than 90 day therefore the penalty is capped at $1,000.00. ASSESSED.

** The max legal gross weight for the vehicle per table 3 is 70,000#'s. Vehicle gross weight at time of inspection was 76,000#'s minus 70,000#'s. The remaining 6,000#'s is assessed to the carrier at $0.05 per pound = $300 NOT ASSESSED.

IMPORTANT INFORMATION

SECTION 316.613, Florida Statutes, requires every operator of a motor vehicle transporting a child in a passenger car, van, autocycle or pickup truck registered in this state and operated on the highways of this state, shall, if the child is 5 years of age or younger, provide the protection of the child by properly using a crash-tested, federally approved child restraint device. For children aged through 3 years, such restraint device must be a separate carrier or a vehicle manufacturer's integrated child seat. For children aged 4 through 5 years, a separate carrier, an integrated child seat, or a child booster seat may be used.

For limited exceptions, see s. 316.613, F.S.

S. 320.0605, F. S., requires the registration certificate, or true copy of a rental or lease agreement, issued for any motor vehicle to be in the possession of the operator or carried in the vehicle while the vehicle is being used or operated on the roads of this state.

S. 320.02 and 627.733, F. S., requires personal injury protection and property damage liability to be continuously maintained throughout the registration period. Failure to maintain the mandatory coverage may result in the suspension of your driver license and registration.

Mail To:
APE LEASING ,LLC
2840 21ST STREET CT E
PALMETTO, FL 34221

Important note: If you cancel the insurance for this vehicle, immediately return the license plate from this registration to a Florida driver license or tax collector office or by mail to: DHSMV, Return Tags, 2900 Apalachee Parkway, Tallahassee, FL 32399. Surrendering the plate will prevent your driving privilege from being suspended.

Sub :- Regarding citation Protest.

Respected Sir/Ma'm,

I am writing to formally Protest citation number #000929280, which i recieved at the scale house for a kingpin setting greater than 41 feet.

I would like to explain the circumstances regarding this incident. After my Previous delivery, I attempted to adjust my tandems. During this process, I mistakenly set them too far back. As I was hauling an empty 53-foot trailer, I didn't realize the setting was incorrect and was unaware of the Specific florida law regarding the 41-foot kingpin limit.

This was an honest mistake & my first time encountering this issue. Given these circumstances, I respectfully request that you consider dismissing this ticket.

Thank you for your time & for reviewing my request.

Best Regards,

Subject:	Request for Virtual Appearance or Continuance – Case AJ4KTGE (Solicitud de comparecencia virtual o aplazamiento – Caso AJ4KTGE)
Attachments:	7.pdf; DRIVERVEHICLE EXAMINATION REPORT.pdf; FLORIDA HIGHWAY PATROL.pdf

Dear Clerk of Court,

I am writing regarding my mandatory court appearance scheduled for June 25, 2026, at 8:30 AM in Escambia County Court, Case Number AJ4KTGE.

I respectfully request the opportunity to appear virtually or by telephone, as I reside in Texas and work in interstate commercial transportation. Due to the nature of my work, I frequently travel across multiple states, and traveling to Pensacola, Florida, for an in-person appearance would create a significant hardship for both myself and my small transportation business. If a virtual appearance is not available, I would appreciate information regarding the procedure to request a continuance or reschedule the hearing.

I would also like to provide information regarding this incident. During the inspection, I fully cooperated with the Florida Highway Patrol officer and followed all instructions provided. After being placed out of service, I remained at the weigh station and did not move the vehicle.

My ELD records demonstrate that I remained at the location until the situation was resolved. Subsequently, a second truck was dispatched, and the entire load was removed and transferred to that vehicle.

At all times, I complied with the officer's instructions and took immediate steps to correct the situation.

I have supporting documentation available, including ELD records showing that I remained at the weigh station, photographs, shipping documents, and other evidence related to this incident, which I am prepared to provide to the Court if requested.

Additionally, this incident has served as an important learning experience for our company. We have reviewed our internal procedures and have implemented additional measures to verify load weight information before transportation. Our goal is to maintain full compliance with all applicable regulations and to prevent a similar situation from occurring in the future.

Thank you for your time and consideration. I look forward to your guidance regarding the possibility of a virtual appearance or any other available options.

Respectfully,

Andrea Bautista Gallegos

CASE
26-08-086

Good afternoon, we're wanting to protest because we received a citation for being overweight. Which per the citation total, we should've only been 1060 pounds overweight. But we received a citation for being 17,060 pounds overweight. Our truck can carry up to 26,000 pounds. So the enormous amount is incorrect per our truck total gross weight. Below I will attach the VIN number of the the commercial vehicle so that you can see it is a medium duty truck that can total up to 26,000 pounds. So we would be requesting a revised amount for the actual overweight amount. VIN number 3HAMMMML8FL039413 2015 International 4000

Re: Citation No. 00930239

To Whom It May Concern:

I respectfully request dismissal of, or a substantial reduction in, the penalties associated with Citation No. 00930239 issued on June 3, 2026.

On that date, I flew from Maryland to Orlando, Florida, to take possession of a dump truck that I had recently purchased. After completing the transaction and receiving the vehicle at approximately 12:30 p.m., I began driving the truck back to Maryland. At approximately 1:53 p.m., less than an hour and a half after taking possession of the vehicle, I was stopped and cited for not having a Record of Duty Status (logbook) and because the USDOT number associated with the vehicle was shown as inactive at the time of inspection.

I understand the importance of complying with commercial motor vehicle regulations, and I respect the purpose of these requirements. However, I ask the Court to consider the unique circumstances of this situation. This was not an ongoing commercial operation but rather the transportation of a newly purchased vehicle immediately after acquisition. I had only recently taken possession of the truck and had been operating it for a very short period before the stop occurred.

There was no intent to violate any regulations or operate unlawfully. Any compliance issues resulted from my recent acquisition of the vehicle and the transition process associated with placing it into service. I was also placed out of service for ten hours despite having driven only a short distance from the point of purchase.

I respectfully request that the Court consider my good-faith efforts, the limited duration of operation prior to the stop, the absence of any safety-related violations, and the circumstances surrounding the recent purchase of the vehicle. Given these factors, I ask that the citations be dismissed or that the assessed penalties be reduced to a more reasonable amount.

Thank you for your time and consideration.

Respectfully,

Frantz Sabbat

To Whom It May Concern:

Re: Citation Number 000932768

I am writing to respectfully contest Citation No. 000932768, Issued on 6/8/2026 at Location 111N – I95 Flagler Beach weigh station.

I believe this citation was issued in error because we are currently in a rental truck since our company transport truck is in the shop for repair, which has apportioned plates. We also have a Florida OS/OW Blanket Permit, but since we were in a rental, I purchased an OS/OW trip permit. I tried to purchase an IRP trip permit online but was denied because the rental truck has FL plates, so it would not allow me to proceed with the permit purchase. I contacted the Florida IRP trip permit office and the gentleman I spoke with said that it is not possible to purchase an IRP trip permit with Florida plates. I asked him if he was sure, because I did not want to have any issues with the transport, he put me on hold to ask his supervisor, when he came back on the line, he assured me that we cannot purchase the trip permit and we will not have any issues. When my driver pulled through the Flagler Beach scales, he was asked for the trip permit because the rental truck was not apportioned and the inspector wrote the citation.

I contacted the IRP trip permit office again, and again, they said we are not able to purchase the IRP trip permit on Florida plates, I told him we just received a citation, and they recommended that I protest the fine. We also contacted the Flagler Beach weigh station and spoke to the inspector that issued the citation, she could not explain how we would obtain an IRP trip permit but said it is required. I had to contact a private permitting agency that informed me that we have to list the weight on our OS/OW permit as 80,001 lbs, even though, we are no where near that weight, but that is the only way to be legal, which was not mentioned anywhere online or when I contacted the IRP trip permit office. We strive to be legal and do things the right way, but we were misinformed in so many ways.

I respectfully request that the citation be reviewed and dismissed based on the facts presented. I appreciate your time and consideration of this matter and am available to provide any additional information if needed. Now that we are aware of how to handle this obstacle, we will be sure to handle all future transports correctly.

Thank you for your attention to this request.

Sincerely,

REMARKS

A Florida based straight truck trailer hauling a large boat was operating 24,621 lbs. over the top of the registered tax class @ $0.05 per lb. The vehicle weighed 44,620 lbs. and was registered for 18,000 lbs. Per Florida Statute the legal weight is taken to the top of the tax class of 19,999 lbs. The VIN and GVW which was greater than 10,000 lbs. were verified in front of the driver.
Driver was operating on a valid permit #2670704 which says legal weight. Vehicle registration shows registered for 18,000 lbs.

Commercial Motor Vehicle Review Board

Re: Citation No. 000934216

I respectfully request review and cancellation, or alternatively reduction, of the assessment associated with Citation No. 000934216 issued on June 16, 2026.

At the time of the stop, Righteous Direction LLC was operating under valid IRP and IFTA credentials. The vehicle involved in the stop was a temporary rental vehicle from EAN Holdings LLC (Enterprise) because our regularly operated commercial vehicle was unavailable due to repairs.

Righteous Direction LLC has maintained compliance with interstate registration and fuel tax requirements. The rental vehicle was being used as a temporary substitute vehicle during the repair period, and there was no intent to avoid registration requirements, fuel tax obligations, or any applicable motor carrier regulations.

Attached are copies of our current IRP registration, current IFTA credentials, rental agreement, and documentation showing that our regular commercial vehicle was undergoing repairs at the time of the stop.

Based upon these circumstances, I respectfully request that the Board dismiss the assessment or provide such relief as it deems appropriate.

Thank you for your consideration.

Respectfully,

Braxton Lance Jevon

RE: Permit Citation – 00934353

Dear Review Board:

We respectfully request a review of, and dismissal of, the above-referenced citation issued on June 18, 2026.

At the time of the inspection, our driver, Hector Chinea, was operating under a valid Annual Oversize/Overweight Blanket Permit, which remains effective through August 31, 2026. The citation indicates that the permit was deemed invalid because the load was picked up from a rail facility rather than a port.

However, the permit itself contains no language, restrictions, or conditions stating that its use is limited exclusively to loads originating from or destined for a port. In an effort to clarify this matter, we contacted the permitting office directly and spoke with a representative who advised that the overweight authorization is not restricted solely to port-related movements and that the permit's applicability is not dependent upon whether the load originated from a rail facility or a port.

Based on the absence of any such restriction within the permit and the clarification provided by the permitting authority, we believe the citation was issued in error. We therefore respectfully request that the citation be reviewed and dismissed.

Thank you for your time and consideration. We appreciate your attention to this matter and look forward to your favorable response.

Regards,

Florida Citation Protest Letter

Commercial Motor Vehicle Review Board,
Florida Department of Transportation,
605 Suwannee Street, MS 90
Tallahassee, FL 32399

RE: Protest of Citation No. 000932304
Carrier: Silverfox Trucking LLC
USDOT: 4540601

To the Commercial Motor Vehicle Review Board:

I respectfully submit this protest regarding Florida Highway Patrol Commercial Motor Vehicle Citation No. 000932304 issued on June 1, 2026.

Silverfox Trucking LLC is a newly operating interstate carrier that has been working diligently to become fully compliant with all state and federal registration and fuel tax requirements. At the time of the citation, our company was actively in the process of obtaining both International Fuel Tax Agreement (IFTA) credentials and International Registration Plan (IRP) credentials.

Since the citation was issued, Silverfox Trucking has submitted its IFTA application and is currently awaiting approval. We have also completed payment and processing for our IRP registration and cab card and are awaiting issuance of the final credentials.

Silverfox Trucking LLC accepts responsibility for its role in this matter. As a CDL holder and interstate motor carrier, we recognize that it is ultimately our responsibility to ensure that our vehicles are properly registered, compliant with applicable fuel tax requirements, and operating within legal limits.

The shipment involved in this inspection was advertised and tendered to our company as weighing 15,000 pounds. The load posting and Rate Confirmation both represented the shipment weight as 15,000 pounds, and the Bill of Lading provided at pickup did not contain a weight. While Silverfox Trucking relied upon the information provided, we acknowledge that we should have taken additional steps to verify the actual operating weight before transporting the load.

This experience has been an important lesson for our company. Since the citation was issued, we have reviewed our internal procedures and implemented additional compliance measures to ensure that operating authority, registration credentials, fuel tax requirements, and load verification procedures are confirmed before dispatching future loads.

At no time did Silverfox Trucking intend to evade registration requirements, fuel tax obligations, or Florida law. We have acted in good faith throughout this process and have taken immediate corrective action by applying for IFTA credentials, completing our IRP registration process, obtaining temporary operating permits, and implementing procedures designed to prevent a similar occurrence in the future.

We respectfully request that the Board consider reducing, mitigating, or cancelling the assessment based upon: 1. Good-faith efforts toward compliance.
2. Pending IFTA and IRP applications at the time of the violation.
3. Immediate corrective actions taken after the citation.
4. Reliance upon shipment information indicating a weight of 15,000 pounds.
5. The absence of any intent to evade registration or fuel tax requirements.

Attached for the Board's review are copies of the citation, load posting, Rate Confirmation, Bill of Lading, proof of pending IFTA application, proof of IRP registration processing and payment, temporary operating permit documentation, fuel receipts, and other supporting records. These documents are provided to demonstrate the circumstances surrounding this incident, the good-faith efforts made by Silverfox Trucking, and the corrective actions taken to ensure future compliance.

Silverfox Trucking respectfully requests that the Board consider these circumstances, our acceptance of responsibility, and our immediate corrective actions in determining whether a reduction, mitigation, or cancellation of the assessment is appropriate.

Thank you for your consideration.

Respectfully submitted, Hope Foster

RE: Notice of Protest for Citation #000924329
Driver: Tawayne Anthony Lockett
License: 801392571, MS, 5/31/2026

To Whom It May Concern,

I am writing to formally contest the citation# 00924328 issued on 4-22-2026 at approximately 0733 hrs. in Madison County for Weight Violations/Primary Violation Registration. I believe this citation was issued in error for the following reasons:

- International Registration Plan Apportioned Cab Card Issued by the State of Tennessee on 4-1-2026 and expires on 3-31-2027 shows that registration is not expired and allowed to have a gross weight of 80,000. Also has plates being G6017HY and the vin 1XKYD9X5NJ133499 which is registered to Kenworth 2022. The plates on the truck have never been changed by the state to H6017HY. We have no truck with this tag registered in the state of Tennessee.
- The Peterbilt vin (1XPBD49X39D810843) has plate V4335HY according to International Registration Plan Apportioned Cab Card Issued by the State of Tennessee and it was savaged due to an incident that happened in Colorado 10-1-2025 and it has been removed

Proper documentation was emailed to the officer because the state was behind on the hard copies due to delays. Understandable that the officer could not wait for the documentation and had a time frame.

Enclosed, please find supporting evidence, including a copy of 2026 International Registration Plan Apportion Cab Card Issued for the Kenworth and the Peterbilt showing Vin and Tag, and the current 2027 International Registration Plan Apportion Cab Card Issued for the Kenworth with the correct tag and supporting the weight limit. Based on this evidence, I respectfully request a dismissal of this citation, Thank you for your time and reconsideration of this matter

REMARKS

Five axle truck tractor semitrailer registered in the State of Tennessee with an expired (03/31/2026) apportioned registration. The registration has been expired for less than 90 days.

I confirmed the vehicle's VIN (1XKYD49X5NJ133499). I ran the VIN (1XKYD49X5NJ133499) through the SmartCop system and was able to confirm that the registration is expired. The date of expiration on SmartCop showed (03/31/2023). However, the registration that the company produced at the time of stop showed that the registration expired (03/31/2026). I went by the company's registration. The laden vehicle weighed in at 48,820 pounds. I took the vehicle's legal weight back to 35,000 pounds as per F.S.316.545(2)(b), making the vehicle 13,820 pounds overweight at five cents per pound = $691.00

I ran the truck plate (G6017HY) and SmartCop showed that the plate belongs to a Peterbuilt with the VIN (1XPBDP9X0FD247038). The truck on the scales at the time of stop is a Kenworth truck with the VIN (1XKYD49X5NJ133499).

After running the truck VIN (1XKYD49X5NJ133499), it showed that tag (H6017HY) is the correct tag for the truck. The tag was unable to be produced at the time of stop. I ran the tag (H6017HY) through the SmartCop system and it also showed that the truck had expired (03/31/2023).

Also, I provided the driver with a letter of explanation, explaining that I took the vehicle's legal weight back down to 35,000 pounds as per F.S.316.545(2)(b). I also advised the driver that it is unlawful to drive on the Florida highway system without a proper registration.

Total amount due: $691.00

After the driver left the scales I received an email from the company with the new registration attached. However, the plate on the registration is still showing the plate that leads back to the Peterbuilt mentioned earlier.

Florida Highway Patrol
Commercial Vehicle Enforcement Division

Subject: Request for Consideration and Protest of Citation

To Whom It May Concern,

On behalf of Split Second Towing & Transport, Inc., I respectfully submit this letter in protest of the citation issued to our company during a recent traffic stop.

At the time our vehicle was stopped, we were actively in the process of resolving the registration issue that resulted in the citation. Specifically, we had an employee physically present at the Florida Department of Highway Safety and Motor Vehicles (DMV) office waiting to be called for the renewal transaction. The renewal process had already been initiated prior to the traffic stop, and our employee remained at the DMV awaiting service.

As evidence of our good-faith effort to remain compliant, we have included a copy of the DMV receipt showing our presence and pending renewal transaction on the date in question.

Split Second Towing & Transport, Inc. takes compliance with all state and federal regulations seriously. This situation was not the result of intentional neglect or disregard for the law. Rather, it occurred while we were actively working to complete the renewal process and bring the vehicle into full compliance.

Given these circumstances and our demonstrated effort to resolve the matter before the stop occurred, we respectfully request that the citation be reviewed and dismissed, reduced, or otherwise considered favorably.

Thank you for your time and consideration. Should you require any additional information or documentation, please do not hesitate to contact us.

Sincerely,

Jeffrey Peters

REMARKS

Expired Registration less than 90 Days:

Vehicle is a 6 axle (as the truck pulled on the scale, air axle in upright position on drive group) truck tractor lowboy semi-trailer combination with a wheelbase of 66 ft. hauling 1- forklift, weighing 82,960 lbs. Vehicle is operating on a Florida registration that expired on 05/31/2026, with 6 months on a tax months. With an expired registration the maximum weight for a laden truck tractor/semi-trailer is 35,000 lbs. making the vehicle 47,960 lbs. overweight. Penalty assessed at $.05 per pound for a total penalty of $2,398.00.

As the registration has been expired less than 90 days, penalty is capped at $1,000.00.
The driver was given a "Not Apportioned for Florida Explanation".

Driver has been advised that it is a violation of Florida law to operate a commercial vehicle with an expired registration and that continued travel could result in further action from other law enforcement agencies.

Permit #2627082-2025-001 was presented at time of stop, however with the registration expired, there is no valid permit for weight. The vehicle also arrived on the scale with 6 axles no 7, as required by permit.
No match on the overdue list.

IMPORTANT INFORMATION

SECTION 316.613, Florida Statutes, requires every operator of a motor vehicle transporting a child in a passenger car, van, autocycle or pickup truck registered in this state and operated on the highways of this state, shall, if the child is 5 years of age or younger, provide the protection of the child by properly using a crash-tested, federally approved child restraint device. For children aged through 3 years, such restraint device must be a separate carrier or a vehicle manufacturer's integrated child seat. For children aged 4 through 5 years, a separate carrier, an integrated child seat, or a child booster seat may be used.
For limited exceptions, see s. 316.613, F.S.

S. 320.0605, F. S., requires the registration certificate, or true copy of a rental or lease agreement, issued for any motor vehicle to be in the possession of the operator or carried in the vehicle while the vehicle is being used or operated on the roads of this state.

S. 320.02 and 627.733, F. S., requires personal injury protection and property damage liability to be continuously maintained throughout the registration period. Failure to maintain the mandatory coverage may result in the suspension of your driver license and registration.

RE: Citation #000920621 – Request for Administrative Review and Consideration of Late Submission To Whom It May Concern, I respectfully request an administrative review of Citation #000920621 and ask that this late submission be accepted for consideration. At the time the citation was issued, Meta Logistics Enterprise Incorporated was enrolled with TVC Pro Driver. Unfortunately, our account was set up under a personal profile rather than our fleet services profile. As a result, communications regarding the citation were sent to an email address that we were not actively monitoring. We were unaware that TVC had responded or requested additional information because those emails were filtered into a junk/spam folder and were not discovered until after the 60-day response period had passed. We did not intentionally ignore the citation or fail to respond. Had we been aware of the communications and deadlines, we would have addressed the matter immediately. At the time of the inspection, we were also unaware that the vehicle registration had expired. Upon learning of the issue, we took corrective action and brought the vehicle into compliance. The vehicle now has a current and valid registration, updated license plate information, and current IFTA credentials, including valid IFTA decals. We respectfully request consideration of the following factors: • The failure to respond within the prescribed period was unintentional and resulted from a communication issue involving our TVC account and email delivery. • Corrective action was taken promptly once the issue was discovered. • The violation was administrative in nature and has since been fully corrected. • Meta Logistics Enterprise Incorporated has made good-faith efforts to maintain compliance with all applicable regulations. We respectfully request that the citation be reviewed and that any available reduction, mitigation, or alternative resolution be considered. Thank you for your time and consideration. We appreciate the opportunity to present this explanation and supporting documentation. Sincerely, Pablo Maldonado Meta Logistics Enterprise Incorporated USDOT 3833521

REMARKS

A 62 foot 5 axle North Carolina based truck tractor semi trailer was operating with an expired registration as of 8/31/2025. Per Florida Statute 316.545(2)(b) Legal weight for a loaded truck tractor is 35,000 lbs. making the vehicle 40,420 lbs. over weight @ $0.05 per lb. The VIN was verified in front of the driver. Both the tag and V.I.N were entered into NCIC/FCIC with information returning verifying the registration was expired. Penalty $2,021.00
The driver was advised that continued operation without proper registration is a violation of Florida Law.

Also, vehicle was operating in Florida with no current IFTA license, stickers or permit on vehicle (Visually checked). Per Florida Statute to make legal issued a 10 day IFTA for a $45.00 fee and a $50.00 penalty.

Total assessed penalty $2,116.00

CASE
26-08-095

When we received the citation for the over-dimension violation we were unaware that we needed to carry a permit for every state we transported through. Immediately after the citation we got a Florida permit of over-dimension. As for the weight violation we intended on purchasing those plates that week and we secure those portion plates the following week.

REMARKS

A Texas straight plated straight truck entered the scale facility. The vehicle was NOT apportioned for Florida and driver did NOT have FL IRP Trip Permit, at time of stop. The vehicles legal weight according to F.S. 316.545 is 10,000 lbs. Vehicle scale weight is 27,140 lbs. less legal weight of 10,000 lbs equals 17,140 lbs. over at .05 cent per pound. Carrier was issued a FL 10-day Temp. IRP Trip Permit and FL 10-day Temp Fuel Tax Permit . Driver was given a copy of expired registration OR non- apportioned for Florida explanation

A straight truck and trailer entered the scale facility. The load appeared to be over width. Driver did NOT have a valid permit at time of stop. I measured the width of load at 11 ft. 7 inches, with The State issued tape measure, less legal width of 8 ft. 6 inches(Plus 3 inch tolerance to 8 foot 9 inches) (F.S. 316.515); equals 2 ft. 10 inches over width. Citation issued with a penalty of $250.00 per foot or portion thereof (not to exceed $1000). Vehicle required to be legal before leaving scale facility.

Subject: Protest of Citation for Alleged Expired Registration

Categories: Orange Category

Dear Commercial Motor Vehicle Review Board,
I respectfully submit this protest of the citation issued to me for allegedly operating a commercial vehicle with expired registration.
The citation was issued in error because my vehicle is registered in the State of Colorado. Under Colorado law, vehicle registrations are subject to a 30-day grace period following the expiration date. At the time the citation was issued, my vehicle was still within that grace period.
Because the registration was valid under Colorado's applicable registration laws at the time of the stop, I respectfully request that the citation be dismissed.
Attached are:

- A copy of the citation.
- A copy of my Colorado vehicle registration.
- Updated registration

Thank you,

Re: Request for Review and Relief Regarding Citation
Citation Number: 000913241
Date of Incident: May 1, 2026

To Whom It May Concern:

I am writing to respectfully request a review of citation number 000913241, which was issued to me on May 1, 2026, after I entered a weigh station while operating my commercial vehicle.

At the time of the inspection, the truck and trailer combination weighed approximately 32,220 pounds. The registration, however, reflected a registered weight of only 14,999 pounds. As a result, I was cited for operating approximately 17,000 pounds above the registered weight and assessed a fine of more than $800.

I want to clarify that the truck and trailer were not operating above their manufacturer-rated weight capacities. The issue was not that the equipment was physically overloaded or unsafe for the weight being transported. The issue was that the vehicle registration had not been filed for the appropriate operating weight.

When I purchased the vehicle, I specifically explained to the dealership the type of commercial work I intended to perform and the weight classification I needed. Unfortunately, I experienced numerous problems with the dealership throughout the purchase and registration process. Among other

CASE
26-08-097
PAGE 1 OF 5

difficulties, I was unable to obtain a copy of the license plates for more than a month, and I also experienced an extended delay in receiving the vehicle's second key.

Because I had explained my intended commercial use to the dealership, I believed the registration had been completed properly. I did not realize that the vehicle had been registered at only 14,999 pounds. I had no intention of avoiding the appropriate registration fees or operating outside the law.

As soon as I became aware of the problem, I took immediate action to correct it. I went to the appropriate office, paid the required fees, and updated the registration to reflect the proper weight classification for my operation. I can provide documentation showing that the registration has now been corrected.

I understand that, as the operator and owner of the company, I am ultimately responsible for ensuring that all registration information is accurate. I am not attempting to avoid that responsibility. I am asking that the circumstances surrounding this citation be considered, including the fact that:

1. The truck and trailer were not loaded beyond their rated capacities.
2. The violation resulted from an incorrect registered weight rather than an unsafe mechanical condition.
3. I had informed the dealership of the commercial work and weight requirements before the registration was processed.
4. I corrected the registration immediately after learning of the problem.
5. There was no intentional effort to avoid registration requirements or fees.

I am 42 years old, a father of three, and newly entering the trucking industry after working in education for approximately thirteen years. I am working to build a legitimate and responsible small business that supports my family and contributes productive services to the economy. I am doing my best to understand and comply with the many requirements that apply to commercial transportation.

The amount of the citation represents a significant financial burden for a new business, particularly when the underlying problem was a correctable registration error rather than an unsafe or intentionally overweight operation.

I respectfully ask that the citation be dismissed. If dismissal is not available, I ask that the fine be substantially reduced in light of the circumstances, my immediate corrective action, and my good-faith effort to comply with Florida's commercial vehicle requirements.

I am prepared to provide the corrected registration, proof of payment, vehicle and trailer weight ratings, dealership paperwork, and any other supporting documentation that may assist in reviewing this matter.

Thank you for your time and consideration.

Respectfully,

Adam Rea

To: Commercial Vehicle Review Board
Subject: Request for Refund of Citation #000931557 – Incorrect Determination of USDOT Number Requirement
Attachments: SPrimroseWi26052917290.pdf

Dear Commercial Motor Vehicle Review Board,

I am writing to formally request a refund of the penalty paid in connection with Citation Number 000931557. A scanned copy of the citation is attached for reference.

The citation was issued based on an alleged requirement that my vehicle must display a USDOT number. The issuing officer initially referenced Florida Statute §316.70 as the basis for the citation. Accordingly, I would like to begin by addressing the applicability of that statute.

Florida Statute §316.70 relies on the federal definition of a "commercial motor vehicle" as defined in 49 CFR Part 390. Therefore, the threshold question in this matter is whether the vehicle in question meets the federal definition of a commercial motor vehicle under 49 CFR Part 390.

The vehicle is as follows:

- 2024 Ford Transit Cutaway Bus
- Florida Certificate of Title body type: BU (Bus)
- Florida Certificate of Title listed weight: 6,623 pounds
- Designed to transport up to 15 occupants total, including the driver (14 passengers plus driver)
- Operated exclusively within the State of Florida
- Not used in interstate commerce
- Not used to transport hazardous materials

Based on the structure of 49 CFR Part 390, and the applicable definitions contained therein, the vehicle does not appear to meet the criteria to be classified as a commercial motor vehicle. Specifically, it does not exceed the applicable weight threshold, nor is it designed to transport more than 15 occupants including the driver.

Accordingly, because the vehicle does not meet the federal definition of a commercial motor vehicle under 49 CFR Part 390, the requirement to obtain and display a USDOT number does not appear to apply.
I also had a subsequent discussion with Lieutenant James Hightower regarding this matter. During that conversation, the applicability of the USDOT number requirement to this specific vehicle was reviewed. My understanding from that discussion is that there was no definitive conclusion that a USDOT number is required, and it was acknowledged that under 49 CFR Part 390, the vehicle does not clearly meet the definition of a commercial motor vehicle.

For the reasons outlined above, I respectfully request that the citation be dismissed and that the $500 penalty already paid be refunded, as the citation appears to have been issued based on an incorrect application of the federal definition of a commercial motor vehicle.

Thank you for your time and consideration. I appreciate your review of this matter.

Sincerely,

Matt Mccallister

REMARKS

CMV 2 axle day care bus, unladen, stopped for a safety inspection at Chancey Rd & Bruce B Downs Blvd. The driver explained she was en route to the school to pick up kids for the day care and asked if she could continue the route and we could finish the inspection at the day care. Both the day care and school were in close proximity. I followed the bus back to the day care to finish the inspection per her request.

The CMV 2 axle bus has a GVWR of 9070 lbs and a passenger capacity of 15 including the driver. The CMV markings indicate the carrier is Primrose School at Wiregrass Ranch and the Bus registration shows the owner as PSWR Education, LLC. The carrier name and DBA were checked via FMCSA with neither being on file. The CMV also does not display any US DOT numbers issued by FMCSA to indicate if the carrier was registered. Carriers shall register with FMCSA and display the US DOT numbers issued per Florida State Statutes and Federal Motor Carrier Safety Administration (FMCSA) Title 49, Code of Federal Regulation (C.F.R.).

Fine $500.00 for failing to register with FMCSA.

Section 316.613, Florida Statutes, requires every operator of a motor vehicle transporting a child in a passenger car, van, autocycle or pickup truck registered in this state and operated on the highways of this state, shall, if the child is 5 years of age or younger, provide the protection of the child by properly using a crash-tested, federally approved child restraint device. For children aged through 3 years, such restraint device must be a separate carrier or a vehicle manufacturer's integrated child seat. For children aged 4 through 5 years, a separate carrier, an integrated child seat, or a child booster seat may be used. For limited exceptions, see s. 316.613, F.S.

S. 320.0605, F.S., requires the registration certificate, or true copy of a rental or lease agreement, issued for any motor vehicle to be in the possession of the operator or carried in the vehicle while the vehicle is being used or operated on roads of this state.

S. 320.02 and 627.733, F.S., requires personal injury protection and property damage liability to be continuously maintained throughout the registration period. Failure to maintain the mandatory coverage may result in the suspension of your driver license and registration.

COMPANY WRITTEN EXPLANATION / STATEMENT OF SUPPORT

To: CMVRB Review Board
Subject: Request for Dismissal or Reduction of Citation – Bypassing Open Weight Station

Dear CMVRB Review Board,

On behalf of Road Wizards Inc, we respectfully submit this written explanation regarding the citation issued to our driver for allegedly bypassing an open weight station.

After reviewing the circumstances of this incident, company records, and the driver's statement, we confirm that the vehicle was operating under a valid bypass permit that authorized the vehicle to bypass the weight station at the time of the stop. The required authorization was in place and the vehicle was operating under the applicable permit conditions.

The driver's intention was not to avoid inspection, enforcement, or compliance with applicable regulations. The situation resulted from an unintentional documentation error during the roadside inspection. The driver presented documentation to the officer; however, the incorrect document was provided instead of the valid bypass permit.

We acknowledge the importance of weight station compliance and the responsibility of both the carrier and driver to maintain proper documentation and present it when requested. Following this incident, the company has taken additional steps to reinforce document control procedures and ensure that all drivers have immediate access to the correct permits and required operating documents while on duty.

These steps include:

- Reviewing permit requirements with all drivers;
- Reinforcing the importance of presenting the correct documents during inspections;
- Ensuring bypass permits and regulatory documents are properly stored and easily accessible;
- Continuing driver compliance training regarding roadside inspections and documentation procedures.

The attached valid permit confirms that the vehicle was authorized to bypass the weight station on the date of the citation. Based on the fact that the required authorization existed and the violation resulted from a documentation mistake rather than intentional non-compliance, we respectfully request that CMVRB consider dismissing the citation.

If dismissal is not granted, we kindly request consideration for a reduction of the penalty based on the circumstances described above, the company's commitment to compliance, and the corrective actions implemented.

We appreciate your time and consideration of this matter.

Respectfully,

Tatiana Kotsulim
President

DRIVER WRITTEN EXPLANATION / STATEMENT OF FACTS

To: CMVRB Review Board

Subject: Request for Dismissal or Reduction of Citation for Bypassing Open Weight Station

I respectfully submit this written explanation regarding the citation issued for bypassing an open weight station.

On the date of the inspection, I was operating the commercial motor vehicle with a valid permit that authorized the vehicle to bypass the weigh station. I was aware of the permit requirements and believed that I was operating in compliance with the applicable regulations.

During the roadside interaction, I provided the officer with documentation; however, I mistakenly presented a different document instead of the correct bypass permit. This was an unintentional error and was not an attempt to avoid inspection, enforcement, or compliance requirements.

The correct permit was valid at the time of the stop and is attached with this statement for review. The attached documentation confirms that the vehicle was authorized to bypass the weight station on the date of the citation.

I respectfully request that CMVRB consider the attached permit and the circumstances surrounding this incident. I ask that the citation be dismissed, or alternatively, that the fine be reduced based on the fact that the required authorization existed and the violation resulted from a documentation mistake rather than intentional non-compliance.

I understand the importance of weight station compliance and will take additional steps to ensure that all required documents are immediately available and presented correctly during future inspections.

Thank you for your consideration.

REMARKS

Driver was operating a 5-axle truck tractor step deck semi-trailer combination in INTERSTATE commerce from Kenansville, Florida to Wharton, Texas. Combination was laden with a ProSlab 155 combine measuring 10'9" in width.

I was driving behind the combination as it approached the westbound Madison Weigh Station. As we approached the sign was illuminated in green letters "OPEN". Driver approached and received the bypass signal. Driver bypassed the open weigh station ignoring previous signs that stated regardless of signal oversize loads must enter the weigh station.

Driver was in possession of Florida oversize load trip permit # 2675551-2025-001. The last line of the permit stated "permitted vehicles cannot bypass any open weigh station."

A $1000 safety penalty assessed.

Dear Clerk of Courts,

As per the instructions provided to me by your customer service department, I have attached the following documentation for citation # 002022176

vehicle VIN 1FUJA5CK74LM57693
Citation 002022176
Cab Card renewed after citation issued
Certificate of Insurance

I would like to request a waiver for the citation if permissible by the court.

Due to being owner-operator and a lack of resources, I inadvertently missed the window for completing the registration renewal prior to expiration. However, as you will note on the attached cab card, I obtained the renewal shortly after the issuance of the citation.
Please advise if additional information is required and what are the next steps involved in my plea. Your understanding in this matter is greatly appreciated.

CASE
26-08-101

Backstage Productions, LLC PO Box 65 Cullman, AL 35056

June 29, 2026

To Whom It May Concern:

This letter is to serve as notice of our protest of Citation 000932475 issued on June 10, 2026 at 6:00AM by Officer Lisa Orshowitz with Agency CVE/MCSAW to our driver Justin Watts. The citation was issued for not displaying 2 IFTA decals. The citation states in error that no permits were provided at time of stop when requested.

Our driver, Justin Watts, had in his possession and presented to the Officer our temporary IFTA Decal Permit and explained that the tractor was newly purchased by our company on May 28th, 2026. While we were waiting for our IFTA decals to arrive, our drivers had these temporary decal permits with them in our new tractors. The temporary decal permit states "This permit is issued under the terms of the International Fuel Tax Agreement and is valid for the vehicles operated by the registrant name in all IFTA jurisdictions."

Our driver states that he presented this temporary decal permit along with our IFTA license to the Officer. He states further that the Officer responded that it did not matter, and that it was only a Florida issue that required the decals to be displayed. This information shared by the Officer contradicts information from the FMCSA and the information on the temporary permit issued to us by the Alabama Department of Revenue.

It is our understanding that our driver presented the required information to the Officer and should not have received this citation. I have included with this letter of protest images of our temporary decal permit, our IFTA license, and the citation.

Respectfully,

Josh Brooks

IFTA License

IFTA License #	Effective Date	Expiration Date
AL43200791501	01/01/2026	12/31/2026

This license is issued under the terms of the INTERNATIONAL FUEL TAX AGREEMENT (IFTA) and is valid for vehicles operated by the registrant name in all IFTA jurisdictions.

The Alabama IFTA license and decals serve as proof that you have been registered under the IFTA provisions with the state of Alabama. **This license may be shown to law enforcement as an electronic image on a computer, tablet, smart phone or as a paper copy and must be provided in each IFTA qualified vehicle.** This license is not transferrable between carriers. Each qualified motor vehicle will be issues two fuel decals. One decal must be placed on the exterior portion of both the passenger and driver side of each vehicle. Failure to display the fuel decals in the required location may result in the issuance of a citation and/or additional fuel purchase requirements.

In accordance with Alabama Department of Revenue Administrative Rule 810-5-9-.10, IFTA Quarterly Fuel Tax Returns, you are required to electronically file an International Fuel Tax Agreement (IFTA) quarterly fuel use tax return. **A tax return must be filed even if you do not operate during the reporting period.** You are required to maintain mileage, fuel, and bulk storage records to support the information reported. You must retain these records and copies of the tax returns for a period of four years from the due date of the return or the date the return was filed, whichever is later. You may cancel the IFTA account by submitting a written request for cancellation. The department will cancel the account provided no liabilities or delinquent returns are outstanding. Please include your client ID on all correspondence forwarded to the Motor Vehicle Division.

Carriers renewing their IFTA license and decals have a two month grace period (January and February) to display the renewal IFTA license and decals. To operate in IFTA jurisdictions during this grace period, carriers must display either current or prior year IFTA license and decals from the jurisdiction in which they were operating or a valid single trip permit from the IFTA jurisdiction in which they are operating. If you have any questions regarding IFTA requirements, Call (334) 242-9000, Option 5.

REMARKS

CMV was stopped in accordance with FSS 316.302 and 316.515.

CMV / CARGO: Three axle truck-tractor x two axle semi-trailer laden with 3 automobiles in a reefer van box trailer

VIOLATION(S): ELP, Log book, Operating authority, interstate operations registered as intrastate only

COMMENT(S): CMV is interstate operations from FL to TX. Carrier markings show one carrier, but carrier confirmed by driver to be this carried listed as violator. No lease agreement exists when requested and driver/owner stated to just put inspection on his US DOT # (which he owns and is present for claiming to work for himself). CMV driver could not perform many parts of inspection to include trip report, paperwork, reason for driving into oncoming traffic and nearly causing head on collision, and what he was hauling. Driver ultimately had to be spoken to in spanish by a native spanish speaking FHP Trooper. Driver then failed 2 of 4 road signs when given a road sign test. Carrier (driver/owner) is listed with no operating authority and for intrastate operations while in commerce with a interstate load. Evidence taken to present case in entirety.

PENALTY: $500 operating authority, $500 interstate operations, $100 log book, $100 ELP

PAYMENT: Twenty (20) days to make payment.

OUT OF SERVICE VIOLATION(S): Trailer for load securement, carrier for operating authority, and driver for ELP and log book

CMV was stopped in accordance with FSS 316.302 and 316.515. CMV / CARGO: Three axle truck-tractor x two axle semi-trailer laden with 3 automobiles in a reefer van box trailer VIOLATION(S): ELP, Log book, Operating authority, interstate operations registered as intrastate only COMMENT(S): CMV is interstate operations from FL to TX. Carrier markings show one carrier, but carrier confirmed by driver to be this carried listed as violator. No lease agreement exists when requested and driver/owner stated to just put inspection on his US DOT # (which he owns and is present for claiming to work for himself). CMV driver could not perform many parts of inspection to include trip report, paperwork, reason for driving into oncoming traffic and nearly causing head on collision, and what he was hauling. Driver ultimately had to be spoken to in spanish by a native spanish speaking FHP Trooper. Driver then failed 2 of 4 road signs when given a road sign test. Carrier (driver/owner) is listed with no operating authority and for intrastate operations while in commerce with a interstate load. Evidence taken to present case in entirety. PENALTY: $500 operating authority, $500 interstate operations, $100 log book, $100 ELP PAYMENT: Twenty (20) days to make payment. OUT OF SERVICE VIOLATION(S): Trailer for load securement, carrier for operating authority, and driver for ELP and log book CARRIER MULTIPLE TIMES STATED LOAD WAS NOT HIS, BUT TAKING OWNERSHIP OVER THE LOAD. CARRIER STATED HE ABSOLUTELY ACCEPTED ALL RESPONSIBILITY FOR THE US DOT # AND THIS INSPECTION HE INSISTED BE PLACED UNDER HIS PROVIDED US DOT #. EVEN BEING TOLD TO PROVIDE LEASE AGREEMENT, CARRIER REFUSED TO PROVIDE LEASE AGREEMENT KNOWING PENALTIES.

REMARKS

On the above date and time, a black Dodge Ram in combination with a car hauler trailer was stopped on Interstate 75 at the 426mm for inspection. Driver provided a Florida Class E Operators License. Driver stated he was transporting 3 vehicles to a dealership in Lake City from Orlando. Vehicle was escorted off of the interstate at US 90 and onto NW Centurion Court to be inspected and weighed. Vehicle had a total gross weight of 27,100lbs, requiring a Class A CDL license.

Carrier was found to be operating a CMV in violation of a current out of service order (DVER#: FL2880000004 on 5/7/2026). Carrier was placed out of service for the Axle 5 Left Side wheel bearing cap missing. Axle 5 Left Side wheel bearing cap was still missing at the time of this inspection. Penalty assessed at $2,750.

Carrier was found to be operating a CMV over 26,001lbs with no legible USDOT number written on the side. The USDOT was handwritten in illegible handwriting, with some of the numbers scrunched together making the number illegible. Carrier has previously been cited for this violation (DVER#: FL2880000004 on 5/7/2026). Penalty assessed at $50.

Driver was found to be operating a CMV over 26,001 lbs (27,100lbs) with no Class A CDL as required. Penalty assessed at $100. Driver placed out of service until CDL is obtained. Also, Driver was issued a Criminal Notice to Appear for driving a CMV over 26,001lbs without a Class A CDL. Driver was placed out of service for this offense on 2/11/2025 and 5/7/2026.

REMARKS

CMV Straight truck semi trailer combination hauling 3 motor vehicles, stopped on Interstate-75 nb 412mm in Columbia county FL for inspection and weight check

CMV weighed via portable scales at 26,500lbs.

Driver produced Valid Class E operators license but failed to have CDL, Class A CDL required for this CMV configuration.

CMV overall length was 73'2". given a 3" tolerance, CMV's length was 72'11". Legal length for a straight truck is 68" making the CMV 4'11" overlength.

CMV had 6'4" of overhang on the rear of the trailer without any warning lights/flags.

CMV was displaying "W&N transport" but had "USDOT 4144985" beloning to RJ express service llc after obtaining the lease agreement it was determined RJ express service was the correct carrier and the CMV was displaying the wrong carrier but correct USDOT number at time of inspection.

Subject: Citation # 000935842 Issued for Alleged Overweight Vehicle – Request for Review
Attachments: Texas Department of Motor Vehicles.pdf; 62026, 1139 AM.pdf; FLORIDA HIGHWAY PATROL.pdf

Good morning,

One of our drivers recently received a citation for an overweight vehicle; however, it appears the legal weight listed on the citation is incorrect.
The citation indicates a legal weight of **10,000 lbs**, but our vehicle (**VIN: 1M2MDBAB6NS070904**) has a **GVWR of 32,995 lbs** and is registered with a **gross vehicle weight of 26,000 lbs**.
At the time of the inspection, the vehicle weighed **25,500 lbs**, which is within both the vehicle's GVWR and its registered gross weight.
Based on this information, we believe the citation may have been issued in error. Please advise on the appropriate steps to have this matter reviewed and resolved.

Citation, Vehicle Registration and GVWR tag attached in this email. Thank you for your assistance.

CASE

To Whom It May Concern: The Ford f550 listed on the citation is my personal vehicle. Officer Williams explained that the vehicle in too low of a tax class for our intended use. Upon him telling us this information, I went the next day and registered the truck in a higher tax class. The GVW is now 43999. Since it is now registered in a higher tax class, could I be considered for a reduction in the fine. Sincerely, Scott Brauman

IMPORTANT INFORMATION

SECTION 316.613, Florida Statutes, requires every operator of a motor vehicle transporting a child in a passenger car, van, autocycle or pickup truck registered in this state and operated on the highways of this state, shall, if the child is 5 years of age or younger, provide the protection of the child by properly using a crash-tested, federally approved child restraint device. For children aged through 3 years, such restraint device must be a separate carrier or a vehicle manufacturer's integrated child seat. For children aged 4 through 5 years, a separate carrier, an integrated child seat, or a child booster seat may be used. For limited exceptions, see s. 316.613, F.S.

S. 320.0605, F. S., requires the registration certificate, or true copy of a rental or lease agreement, issued for any motor vehicle to be in the possession of the operator or carried in the vehicle while the vehicle is being used or operated on the roads of this state.

S. 320.02 and 627.733, F. S., requires personal injury protection and property damage liability to be continuously maintained throughout the registration period. Failure to maintain the mandatory coverage may result in the suspension of your driver license and registration.

CASE
26-08-106

5/9/26

I was traveling South on US Rt. 41 in the center lane near St. Paul Dr. approaching the railroad tracks, when the officer past me in the North bound center lane opposite the median. There is, in my opinion, no possible way that he could verify that I did not stop prior to the tracks. His perception of me not stopping while looking in his review mirror, avoiding traffic in his left lane making a U-turn and waiting for traffic to turn South bound was most definitely obscured and he only saw me accelerating from the tracks. I've had a commercial license since 1985, and a hazmat endorsement since 2016 with absolutely no accidents or incidents. I take pride in my business, my vehicle and my safety record. As you are aware, it is no small task driving on the roads in Florida, and I do my best daily to make sure I am following the rules of the road. Thank you for your time and consideration.

Daryl T Rieks

REMARKS

On Thursday, May 7, 2026, at approximately 12:58 p.m., EST, this safety inspector observed the above listed driver operating a maroon 2023 Peterbilt, three (3) axle truck tractor, towing a white, two (2) axle, cargo tank semi-trailer south on US-41 (State Road 45) north St. Paul Dive in the center travel lane. The cargo tanker had red square on point flammable Class 2 placards which displayed the hazardous identification number 1075. In addition, the cargo tank was marked with the word Propane next the hazardous material placard.

As the driver approached the marked railroad crossing, the driver slowed but failed to come to a complete stop before traversing the railroad crossing.

Pursuant to 20.24, Florida Statute, 316.640, Florida Statute, and 316.302(9), Florida Statute, this safety inspector initiated a traffic stop to conduct an CVSA North American Standard inspection. This safety inspector made contact with the driver/owner operator, Daryl Thomas Rieks, a white male, who identified himself with a valid New York Class A CDL with endorsements of doubles/triples (T) and hazmat and tank (X). In addition, driver had a valid medical certification on-file with New York and CDLIS.

The truck tractor had a valid New York International Registration Plan and apportioned in Florida for 80,000 lbs. The truck tractor had a 53,200 lbs. Gross Vehicle Weight Rating (GVWR), and the MC-331 cargo tank semi-trailer had a 74,000 lbs. Gross Vehicle Weight Rating (GVWR). The CMV combination had a 127,200 lbs. Combined Gross Vehicle Weight Rating.

Based on the driver interview and hazardous material shipping papers, this safety inspector determine the driver/carrier was operating in intrastate commerce. The BOL showed the cargo tank had been laden with 10,736 gallons of UN1075 (propane) Class 2.1 flammable material.

The driver advised he had made a delivery in Bushnell, Florida and was returning to the port to reload. The driver advised the cargo tank had a capacity of 12,500 gallons. At the time of the stop/inspection, the driver advised cargo tank had approximately (40) forty gallons of propane.

The CMV combination had four (4) red square on point Class 2 flammable placards, and the placards were displayed the identification number 1075, propane. In addition, the cargo tank display the "Propane" on all four (4) side next to the placard.

Pursuant to 316.302(9), Florida Statute, this safety inspector conducted a CVSA North American paint Standard (NAS) Level II inspection.

Pursuant to 316.302(1)(b), Florida Statute, except as otherwise provided in this section, all owners and drivers of commercial motor vehicles that are engaged in intrastate commerce are subject to the rules and regulations contained in 49 C.F.R. parts 382-386 and 390-397, as such rules and regulations existed on December 31, 2023.

Pursuant to 49 C.F.R. s. 392.10(a)(3) and (4), every commercial motor vehicle which is placard with Division 2.1 hazardous/flammable material and every cargo tank vehicle used for the transportation of any hazardous material whether loaded or empty is required to stop within 50' and not closer than 15' of railroad tracks or crossing.

Pursuant to 316.3025(3)(c)(3), Florida Statute, the carrier was assessed a civil penalty of $250.00 for a violation of 49 C.F.R. s. 392.10(a)(3) and 392.10(a)(4).

In addition and pursuant to 316.159(1) Florida State statue, the driver was issued a Uniform Traffic Citation (UTC) for operating CMV combination's MC-311 cargo tank carrying flammable material/liquids or part of a cargo and failed to stop before crossing at grade any track or tracks of a railroad crossing.

Driver was advised the civil penalty was payable within 20 days, and he was advised of the protest procedures.

These events occurred in Hillsborough County.

STAR★FLEET
TRUCKING INC.

June 25, 2026

To whom it may concern:

Re: Florida citation 000921244

This letter is to protest the citation that was issued to Julie Speirs on 06/08/2026. The citation was for operating over the weight of her apportion registration of 54,999 lbs. We believe her actual weight was around 51,000 lbs. and not above the 54,999 lbs.

Our reason for believing the weight was not correct at the Florida scale house is due to the two other scale tickets we have showing the weight of the single axle, day cab she was operating as 17,860 lbs. when the tractor was first leased on in 2025 and the CAT scale ticket we had her get on 6/09/26. That scale ticket shows 18,800 lbs. The weigh station scale showed the tractor weighing 26,920 lbs. on 6/08/26.

I am submitting her CAT scale tickets showing her weight on 01/30/2025 and the CAT scale ticket showing her weight on 6/09/2026.

I am also submitting the FL DOT scale ticket showing a Star Fleet tractor with twin axles and a full sleeper berth at 31,140 lbs. while hauling the other half of the house less than 10 minutes earlier than Ms. Speirs. Your scale shows that half of the house scaling at 25,140 lbs. and the combined weight at 56,280 lbs. There is no way the single axle day cab is even close to weighing what the twin axle sleeper truck weighs.

The Florida hwy patrol scaled Ms Speirs tractor at 26,920 and her half of the house at 29,660 lbs. That does not match what we have for weights. I understand that some of the weight from the house will transfer to the rear axle of the tractor and that would account for maybe 8,000 lbs. If there were that much weight on the rear of her tractor, the front would have lifted right off the ground.

2017 Freightliner Classic single axle day cab: Vin: 3AKBGADVXHSJH7268

- CAT scale weight on 6/09/26 – 18,800 lbs.
- FL Hwy Dept scale on 6/08/26 – 26,920 lbs. (almost an 8,000 lb. discrepancy)

2026 Champion Homes unit 3972A model 536LIB

- Factory weight on 6/04/26 – 21,640 lbs.
- FL Hwy Dept scale on 6/08/26 – 26,920 lbs. (over 5,000 lb. discrepancy from the factory weight.)

Compare the 2017 Freightliner single axle day cab to the other truck that carried the other half of the house that day.
*2015 International Pro twin axle w/sleeper: VIN: 3HSDJAPR8FN554516

STAR★FLEET
TRUCKING INC.

- CAT scale weigh ticket 3/29/24 – 23,140 lbs.
- FL Hwy Dept scale on 6/08/26 – 31,140 lbs. (8,000 lbs. more than when empty)
- The half of the house that he was delivering with Ms. Speirs weighed at 25,140 lbs. while the factory shows it shipping at 24,280 lbs. which is 860 lbs. over the factory weight.

We believe that the scale was not set correctly for when Ms. Speirs crossed it. There is no possible explanation for her half of the house to weigh that much more than what the factory stated it weighed. Especially when she had the lighter half of the two halves.

We ask that you investigate this scale to see if it was not cleared prior to Ms. Speirs crossing it or if there is a reason that it scales heavier than the CAT scales.

Respectfully,

Trish Nowak

REMARKS

KINGPIN WITH SPREAD AXLES:
5-Axle truck tractor/semi-trailer flatbed with a 63' wheelbase loaded with tarps weighing 62,200lbs. The kingpin was measured 44'9" from the center of the kingpin to the center of the rear most single axle. The rear spread axles measured 10' apart. The kingpin setting being in excess of 41' establishes the legal length of the trailer to be 48'. The trailer measured 53' creating a 5 foot violation for a total assessed penalty of $100.00.

Driver has been advised to correct the violation or obtain a proper permit prior to departing the scale house or shall be subject to further enforcement and fines.

REMARKS

CMV straight truck/trailer, laden, in Interstate operations from CA to FL was stopped for a CVSA inspection. The inspection was conducted in accordance with F.S. 316.302(9), 207.004 & 316.545(1). Upon contact with the CMV driver I had some difficulty communicating with him, even noting when he was asked/informed of something he would look at his wife & she would communicate with him. Based on these interactions I made the decision to conduct a roadside signs assessment for the ELP Assessment. The driver was informed he would be shown 4 signs and without assistance he must communicate to me in English what they are. The driver was shown signs 22, 23, 26, & 37 to which he could not communicate any to me in English. I had the driver sit in his vehicle & it was at this time I began to verify his information provided. I discovered that on 01/30/2026 that the driver was also given the same ELP Signs assessment on DVER FL4391001105 and placed Out of Service. The driver still could not pass the assessment and is violation of the OOS order given in accordance with F.S. 316.302(9) & 316.545(1). the CMV was also noted to be declared at 45,000lbs operating in Interstate and not ONLY INTRAstate as required by F.S. 207.004. The CMV has no valid IFTA or permits for fuel. The carrier is assessed the below listed penalties in conjunction with the inspection:

1) IFTA: $45.00 fee + $50.00 assessment = $95.00. (Valid in FL Only 10 days).
2) ELP Assessment: $100.00. (Out of Service).
3) Violation of OOS Order: $2,500.00.

The total assessment to the carrier is $2,695.00 with the driver advised of payment, protest, & continued operations while OOS will result in additional penalties including criminal sanctions.

REMARKS

The driver was operating a Dodge dually with a GVWR of 14,000 pounds pulling a goose neck style car hauling trailer with a de-rated GVWR of 12,000 pounds laden with 3 vehicles. The combination was operating in INTERSTATE commerce from Houston, Texas to Miami, Florida.

The power unit was improperly registered and had a valid Florida straight plate registration. The combination weighs 33,100 lbs minus 14,999 lbs (legal weight for tax class declared) equals 18,101 lbs over legal weight at .05 cents per lb.

I made contact with the driver identified as Harold Hernandez who held a valid class A (LEARNERS LICENSE) out of Florida. The vehicle combination weighed 33,100lbs. Hernandez is required to have someone who holds a valid Class A License with him inside of the vehicle and does not. A $100.00 penalty was assessed.

Hernandez was shown 4 different highway traffic signs provided by the Florida Highway Patrol (23,34,35,37). Hernandez did not get any of the 4 road signs correct and spoke very little English. A $100.00 penalty was assessed.

A $905.05 tax class penalty was also assessed.

Hernandez was placed out of service at the Jefferson County rest area.

Total fine amount of : $1,105.05

Hello, I want to protest the given citation. The citation is due to missing CA IFTA Decals. However, CA IFTA Decals are ordered on March 22,2026 and the truck had Temporary Decal Permit, while Decals stickers are getting shipped. Decals are ordered in March, due to the truck being parked from the end of December,2025 to March 22, 2026 at Englewood, FL parking lot. The truck was not drivable prior to March 22nd in 2026 year. There was a miscommunication between Officer and the driver, when Officer was looking for IFTA Decals attached to the truck. Please see attached documents: Temporary IFTA Decal Permit, Lease Agreement and Citation.

CDTFA-442-T REV. 7 (1-25) C2622251255

This *International Fuel Tax Agreement (IFTA) Temporary Decal Permit* is issued by the California Department of Tax and Fee Administration (CDTFA) under the terms of the International Fuel Tax Agreement (IFTA). This permit authorizes the licensee to operate the specified vehicle in all IFTA member jurisdictions. The permit is valid for a maximum period of 30 days and expires on the expiration date noted on the permit.

A valid CDTFA-442-IFTA, *International Fuel Tax Agreement (IFTA) License*, must be carried in the cab of the vehicle along with this CDTFA-442-T, *International Fuel Tax Agreement (IFTA) Temporary Decal Permit.* If you do not produce both credentials, it may result in the requirement to purchase a fuel trip permit, or imposition of a fine or penalty, issuance of a citation, and/or possible seizure of the vehicle. The vehicle will not be released until all tax, penalty, interest, and costs incurred in connection with the impound and storage of the vehicle are paid.

This *International Fuel Tax Agreement (IFTA) Temporary Decal Permit* is in lieu of the IFTA decals and allows this vehicle to be placed into service immediately. Miles operated and fuel consumed while using this temporary decal permit must be reported on your *IFTA Quarterly Fuel Use Tax Return.*

This permit is valid only if issued by CDTFA. Any agent or other person who alters or otherwise produces unauthorized fuel tax credentials is creating fraudulent documents, the use of which may result in civil liability, criminal prosecution, or revocation of the license.

This agreement was made in Sacramento, CA between,

LESSOR: VOLKOV EXPRESS INC a federally registered interstate motor carrier with permits: **MC # 1124688, US DOT # 3452949**

With mailing address: 209 Corte Sendero, Lincoln CA 95648

LESSEE: ALEKSANDR LEONTEV

With the mailing address: 5944 LINCOLN AVE, CARMICHAEL CA 95608

In consideration of the discussed dispatch and hauling services and for further consideration of the terms, and conditions set forth here on, the parties here agree mutually as follows: ***the lessee provides equipment to the lessor for dispatch service and the lessor as a motor carrier hires the lessee with the following described equipment to fulfill VOLKOV EXPRESS INC freight hauling performance.***

Unit Number	Make	Year	VIN	License Plate	State
Truck# 0909	VOLVO	2020	4V4NC9EH9LN251255	ZP27370	CA

The parties mutually understand and agree as follows:

1.The lessee shall operate described equipment only under lessor's DOT authority and in compliance will all applicable municipal, state, federal and DOT laws and regulations.

2. The copies of all equipment qualifications documents required by the DOT to be used on the equipment will be provided to the lessor before the trip. The lessee is responsible to update all equipment qualifications documents and keep them in the equipment ready to provide per Officer's request at the DOT inspection.

3. The Lessee is required to update and list VOLKOV EXPRESS INC as a responsible motor carrier for safety on a Cab Card before starting operation under VOLKOV EXPRESS INC and remove VOLKOV EXPRESS INC information from the CAB Card immediately after the lease agreement termination.

4. The lessee pays for all major/minor maintenance costs on the above listed vehicles during the term of this lease.

5. The lessor with its Cargo Insurance takes on the risk for the loss or damage to the cargo, if there is proof of NO driver's fault.

The lessee is responsible to purchase and carry personal physical insurance coverage. The liability and cargo insurance coverage will be provided by the lessor.

6. The lessor is not responsible for any injuries or medical bills happened to the lessee while performing under this lease agreement or for any other chronic illnesses occurring beyond this lease agreement. However, the lessee has an option to enroll and take a use of the occupational insurance, which will cover the medical expenses and/or injuries per the contract agreement between occupational insurance and the lessee.

7. The lessee assumes full and sole responsibility for payment of all fuel taxes, road fees and penalties arising from operation of the vehicle for the full term of the lease and lessor shall not reimburse such fees and penalties, directly or indirectly.

8. The term of the lease shall begin on the date stated below and shall be extended automatically from month to month thereafter until canceled by either party giving at least 15 days written/verbal notice to the other.

THIS LICENSE IS ISSUED UNDER THE TERMS OF THE INTERNATIONAL FUEL TAX AGREEMENT AND IS VALID FOR VEHICLES OPERATED BY THE LICENSEE IN ALL IFTA JURISDICTIONS

CDTFA-442-IFTA REV. 8 (1-25) **A COPY OF THIS LICENSE MUST APPEAR IN EACH MOTOR VEHICLE**

This license, or an exact copy of this license, must be carried in the cab of each qualified motor vehicle registered under the California International Fuel Tax Agreement (IFTA) program. Along with this license, each vehicle must display one set of valid California IFTA decals on the exterior portion of the truck's cab; one decal on each side. In lieu of the IFTA decals, a valid CDTFA-442-T, *IFTA Temporary Decal Permit*, may be carried in the cab of the vehicle.

If you do not carry a copy of the IFTA license or do not display the IFTA decals in the required locations on the vehicle(s) (or carry in the cab a valid *California IFTA Temporary Decal Permit*), it will subject the vehicle operator to the requirement to purchase a fuel trip permit, issuance of a citation and/or imposition of a fine, and possible seizure and sale of the vehicle.

As a holder of this license, you accept certain responsibilities. You must keep adequate records that document the amount of fuel purchased, used, or stored; the amount of fuel tax paid; any fuel use that is exempt from tax; and the number of miles your qualified motor vehicle(s) operated in all IFTA and non-IFTA jurisdictions. Generally, you must keep records for four years.

You must file an IFTA Quarterly Fuel Use Tax Return no later than the last day of the month following the quarterly reporting period. You must file your quarterly return even if you did not purchase any fuel or operate your vehicle(s) in any IFTA jurisdiction during the reporting period. To file your return, please visit our website.

Your license is valid only for the entity named and type of ownership specified (for example, sole proprietorship, corporation, partnership, limited liability company, among others). You should notify the California Department of Tax and Fee Administration (CDTFA) immediately if you make ownership changes, sell your business, stop operating, or otherwise close your California IFTA license account. Upon closure of your account, you must destroy this license, all copies, and remove all related decals issued by CDTFA from your vehicle(s).

This license is valid only if issued by CDTFA. Any agent or other person who alters or otherwise produces unauthorized fuel tax credentials is creating fraudulent documents, the use of which may result in civil liability, criminal prosecution, or revocation of the license.

If you have any questions, please call our Customer Service Center at 1-800-400-7115 (TTY:711). Customer service representatives are available Monday through Friday from 7:30 a.m. to 5:00 p.m. (Pacific time), except state holidays. You may also write to CDTFA at the address listed above. For general information, visit our website at *www.cdtfa.ca.gov*.

REMARKS

The CMV was stopped for an inspection on State Road 4/ Max.Ln in Santa Rosa County, FL. The CMV is a truck-tractor / semi-trailer combination laden with an over dimensional trench box traveling in interstate commerce from Conyers, GA to Jay, FL. Driver operating a CMV without a medical certificate with a prior violation cited on 03/23/2026 (DVER AL1928004246). This is violation of 49 CFR 391.45B. A $100.00 safety penalty is assessed to the carrier and the driver placed Out Of Service until a valid medical certificate is obtained.
During the course of my inspection I was able to determine the driver Joshua Jerod Anderson (AL DL 7188467) who is also the owner operator was operating under an OUT-OF-SERVICE ORDER (driver placed out-of-service on 3/23/26) for no medical card. Driver continues to operate in violation of an OOS order which violates FSS 316.3025. Since being placed OOS driver delivered the load he had at time of inspection and picked up another load. Driver was placed OOS for no medical card 03/23/2026 (DVER AL1928004246). The driver was stopped today for over dimensional violations. This is a violation of 49 CFR 383.53. A $2,750.00 penalty is assessed to the carrier.
The CMV has a legal laden unregistered gross weight of 35,000 lbs. (Per FCIC/NCIC no vehicle registration found in all 50 states) and an actual weight weighed on a set of certified portable scales of 42,800 lbs. making the CMV 7,800 lbs. over legal unregistered gross weight. A penalty is assessed to the Carrier at a rate of $0.05 over legal registered gross weight for a total of $390.00.
*The CMV is over dimensional with no permit and has a legal width of 102 inches. CMV has an actual width measured at 124 inches making the CMV 22 inches over legal unpermitted width. This is in violation of FSS 316.515(1). A penalty is assessed to the carrier at a rate of $250.00 per foot or portion thereof over legal width for a total of $500.00.
*The CMV is a three axle truck-tractor/ semi-trailer combination with a GVWR >26,000 operating in interstate commerce without a valid 2026 IFTA license, decals, or permit. A 10 day temporary IFTA permit is issued to the Carrier for a fee of $45.00 and penalty of $50.00 for a total of $95.00.

Total penalty assessed to the Carrier for $3,835.00.
Twenty days to make payment.
**UTC #AN2AIHE issued to driver as well.

Dear CVR

Hi, my name is Joshua Anderson the owner of JJA express llc. I am writing to the board on the behalf of not fully knowing and understanding how things goes in the trucking industry. I have been an owner operator for the past 14 years on and off. I would like to explain what I know and what I didn't know as an owner of this company. I will like to first off say I will not make any excuses for my actions as a driver and an owner operator. There's things I know and there's a lot of things I don't know or should I say didn't know. I will like to say I did make a lot of adjustments to the company moving forward and I have learned from the mistakes I have made in the trucking industry and if I want to continue to be in this industry moving forward I will have to do things the correct way and that making the company do what ask by the federal motor carrier guidelines. I appreciate the board for taking the time out to listen or read what I had to say representing JJA express llc. Below is the document I attachment showing I have everything that wasn't present at the time the violation occur.

Thanks you and have a bless day
