Re: 2025-2026 Annual Regulatory Plan

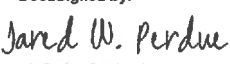

Dear Mr. Plante:

Pursuant to the Requirements of Section 120.74(1)(d), Florida Statutes, I have reviewed the enclosed regulatory plan identifying and describing each rule the Department of Transportation proposes to adopt this fiscal year, excluding emergency rules. The regulatory plan also includes the yearly review schedule for each year of the 5-year rule review as required by SB 108, along with a list of all of the Department's administrative rules.

The report has been posted on the Department's website at: www.fdot.gov.

Please let us know if the Committee requires any additional information.

Sincerely,
