2025-2026 ANNUAL REGULATORY PLAN  
A. LAWS ENACTED IN PREVIOUS 12 MONTHS - § 120.74(1)(a), F.S.**

| CHAPTER LAW                    | AFFECTED STATUTE | RULE MAKING REQUIRED OR NECESSARY                                                                                                                                                                                                                                                                                                                                                         | NOTICE OF RULE DEVELOPMENT PUBLISHED | ANTICIPATED RULE DEVELOPMENT DATE | RULE NUMBER |
|--------------------------------|------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|--------------------------------------|-----------------------------------|-------------|
| 2025-66, s. 3 - Laws of Fla.   | 427.0159, F.S.   | No. The law authorizes the Commission for the Transportation Disadvantaged to expend funds to contract with alternative transportation providers to support services for persons with disabilities.                                                                                                                                                                                       | N/A                                  | N/A                               | N/A         |
| 2025-122, s. 2 - Laws of Fla.  | 337.403, F.S.    | No. The law revises the process for communications service providers that have permitted infrastructure within a planned or existing public right-of-way within 90 days after a project is added to FDOT's project schedule that may require provider to relocate its infrastructure. FDOT is required to participate in the costs of such relocation work under specified circumstances. | N/A                                  | N/A                               | N/A         |
| 2025-123, s.1 - Laws of Fla.   | 937.0401, F.S.   | No. The law requires FDLE, in cooperation with FDOT and other specified agencies, to establish and implement the Spectrum Alert to enhance the safety and well-being of children with autism spectrum disorder (ASD) through immediate effective community response. FDLE is authorized to adopt rules to implement and administer this section.                                          | N/A                                  | N/A                               | N/A         |
| 2025-149, s. 2 - Laws of Fla.  | 218.3215, F.S.   | No. The law requires the Office of Economic and Demographic Research to consult with FDOT on specified categories for amounts allocated to counties for road and bridge projects.                                                                                                                                                                                                         | N/A                                  | N/A                               | N/A         |
| 2025-149, s. 14 - Laws of Fla. | 332.006, F.S.    | No. The law authorizes FDOT to encourage the maximum allocation of federal funds to local public-use airport projects in the state.                                                                                                                                                                                                                                                       | N/A                                  | N/A                               | N/A         |
| 2025-149, s. 15 - Laws of Fla. | 332.007, F.S.    | No. The law authorizes public-use airports to participate in the FAA Airport Investment Partnership Program and authorizes FDOT to provide for improvements to such airports from state funds appropriated from aviation fuel tax revenues.                                                                                                                                               | N/A                                  | N/A                               | N/A         |

**FLORIDA DEPARTMENT OF TRANSPORTATION  
2025-2026 ANNUAL REGULATORY PLAN**

**A. LAWS ENACTED IN PREVIOUS 12 MONTHS - § 120.74(1)(a), F.S.**

| <b>CHAPTER LAW</b>             | <b>AFFECTED STATUTE</b> | <b>RULE MAKING REQUIRED OR NECESSARY</b>                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                   | <b>NOTICE OF RULE DEVELOPMENT PUBLISHED</b> | <b>ANTICIPATED RULE DEVELOPMENT DATE</b> | <b>RULE NUMBER</b> |
|--------------------------------|-------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|---------------------------------------------|------------------------------------------|--------------------|
| 2025-149, s. 16 - Laws of Fla. | 332.136, F.S.           | Yes. The law establishes an airport pilot program at the Sarasota Manatee Airport Authority to determine the long-term feasibility of alternative airport permitting procedures. The law requires FDOT to adopt rules to implement the pilot program, and FDOT must submit a report with certain recommendations to the Legislature by Dec. 1, 2027.                                                                                                                                                                                                       | No.                                         | Sept. 2025                               | N/A                |
| 2025-149, s. 17 - Laws of Fla. | 334.044, F.S.           | No. The law authorizes FDOT to use eminent domain to preserve corridors for future proposed improvements. The law also authorizes FDOT to expend specified funds for a construction workforce development program, and to provide grants to state colleges and school districts to fund certain purchases and to support offering certain elective courses.                                                                                                                                                                                                | N/A                                         | N/A                                      | N/A                |
| 2025-149, s. 19 - Laws of Fla. | 334.63, F.S.            | No. The law requires project concept studies and project development and environmental studies for capacity improvements on limited access facilities to evaluate the use of elevated roadways. The law requires project development and environmental studies for new alignments or capacity improvement projects, to the maximum extent possible, be completed within 18 months.                                                                                                                                                                         | N/A                                         | N/A                                      | N/A                |
| 2025-149, s. 20 - Laws of Fla. | 337.11, F.S.            | No. The law provides requirements for FDOT to obtain reduced offers, with a change in the scope of work, from the lowest bidder on a project when it intends to reject all bids. The law revises provisions related to phased design-build contracts, including authorizing the selected design-build firm to perform a portion of the work. Also, the law requires FDOT's bridge-related contracts for work over navigable waters to, in addition to having marine general liability insurance, include insurance with protection and indemnity coverage. | N/A                                         | N/A                                      | N/A                |

| <b>CHAPTER LAW</b>                | <b>AFFECTED STATUTE</b> | <b>RULE MAKING REQUIRED OR NECESSARY</b>                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                         | <b>NOTICE OF RULE DEVELOPMENT PUBLISHED</b> | <b>ANTICIPATED RULE DEVELOPMENT DATE</b> | <b>RULE NUMBER</b> |
|-----------------------------------|-------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|---------------------------------------------|------------------------------------------|--------------------|
| 2025-149, s. 21 -<br>Laws of Fla. | 337.14, F.S.            | No. The law authorizes FDOT to waive prequalification requirements for push-button contracts of \$1 million or less, or for non-push-button projects having a contract price of \$500,000 or less. The law authorizes FDOT to waive requirements for all or a portion of a contract bond for contracts of \$250,000 or less, instead of the current \$150,000 or less.<br>The law requires contractors seeking to bid on certain FDOT maintenance contracts to possess the prescribed qualifications, equipment, record, and experience to perform such work.                                                                                                                                                                                                                                                                    | N/A                                         | N/A                                      | N/A                |
| 2025-149, s. 23 -<br>Laws of Fla. | 339.175, F.S.           | No. The law requires FDOT to annually convene MPOs of similar size, to exchange best practices and authorizes FDOT to provide training to new members of MPO governing boards via specified contract. Also, the law authorizes FDOT and each MPO to execute a written agreement to establish a cooperative relationship regarding transportation planning. The law mandates that it is FDOT's responsibility to program projects in the state transportation improvement program. The law requires FDOT to establish, in cooperation with the MPO, performance metrics for the MPO, and provides that the MPO must annually report on its performance. Additionally, the law requires FDOT to evaluate and post on its website whether each MPO has made significant progress toward its target for applicable reporting period. | N/A                                         | N/A                                      | N/A                |
| 2025-149, s.24 -<br>Laws of Fla.  | 339.65, F.S.            | No. The law requires FDOT to prioritize highway projects on the Strategic Intermodal System to make a highway corridor contiguous in its functional characteristics.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                             | N/A                                         | N/A                                      | N/A                |

| 2025 - 149, s. 25 - Laws of Fla. | 339.85, F.S.     | No. The law requires FDOT to implement a Next-generation Traffic Signal Modernization Program to increase traffic signal interconnectivity and provide real-time traffic optimization to improve traffic flow and enhance safety.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                               | N/A                                  | N/A                               | N/A         |
| 2025-149, s. 28 - Laws of Fla.   | .                | No. The law requires FDOT to develop and submit a report to the Governor and Legislature, by Dec. 31, 2025, regarding the widening of a portion of Interstate 4 in Hillsborough and Polk counties.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                              | N/A                                  | N/A                               | N/A         |
| 2025-155, s. 1 - Laws of Fla.    | 20.23, F.S.      | No. The law provides position titles for 3 assistant secretaries of FDOT. The law authorizes the FDOT Secretary to appoint an Executive Director of Transportation Technology. The law requires FDOT to select a member to serve as the administrative lead of the Florida Transportation Research Institute, and FDOT must assess performance of the lead periodically. The law requires the FDOT Secretary to appoint a representative of the Dept. to serve as executive director of the Institute. The law authorizes FDOT to allocate funds to the Institute from the State Transportation Trust Fund. The law requires the Institute to submit an annual report of performance metrics to the FDOT Secretary and the FL Transportation Commission. Additionally, the law adds supply chain, information technology, and operational technology to FDOT's areas of program responsibility. | N/A                                  | N/A                               | N/A         |
| 2025-155, s. 2 - Laws of Fla.    | 311.07, F.S.     | No. The law authorizes certain space-related and commercial shipbuilding and manufacturing projects on seaport property to receive Florida Seaport Transportation and Economic Development funding .                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                            | N/A                                  | N/A                               | N/A         |

**FLORIDA DEPARTMENT OF TRANSPORTATION  
2025-2026 ANNUAL REGULATORY PLAN  
A. LAWS ENACTED IN PREVIOUS 12 MONTHS - § 120.74(1)(a), F.S.**

| CHAPTER LAW                   | AFFECTED STATUTE | RULE MAKING REQUIRED OR NECESSARY                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                       | NOTICE OF RULE DEVELOPMENT PUBLISHED | ANTICIPATED RULE DEVELOPMENT DATE | RULE NUMBER |
|-------------------------------|------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|--------------------------------------|-----------------------------------|-------------|
| 2025-155, s. 3 - Laws of Fla. | 311.09, F.S.     | No. The law provides that the purpose of the Florida Seaport Transportation and Economic Development Council (created within FDOT) is to support the growth of seaports through the review, development, and financing of port facilities. The Council's 5-year Seaport Mission Plan must include recommendations on the construction of transportation facilities connecting any port to the space and aerospace industries. The law requires each seaport to submit a semiannual report to FDOT regarding its operations and support of Florida's economic competitiveness and supply chain, along with any information required by FDOT, in consultation with the Dept. of Commerce. | N/A                                  | N/A                               | N/A         |
| 2025-155, s. 5 - Laws of Fla. | 311.101, F.S.    | No. The law creates an intermodal logistic center working group within FDOT and provides for its membership and responsibilities relating to the expansion and development of intermodal logistic centers across the state. The FDOT Secretary or his or her designee is a member of working group and must serve as the chair. The FDOT Secretary appoints specified members from certain industries to the working group. On or before Jan. 1, 2027, the working group must submit a specified report to the Governor and the Legislature.                                                                                                                                            | N/A                                  | N/A                               | N/A         |
| 2025-155, s. 7 - Laws of Fla. | 316.0741, F.S.   | No. The law repeals section 316.0741, F.S.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                              | N/A                                  | N/A                               | N/A         |
| 2025-155, s. 8 - Laws of Fla. | 316.0745, F.S.   | No. The law authorizes FDOT to withhold state funds deposited into the State Transportation Trust Fund to local jurisdictions for noncompliance with requirements for traffic control device.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                           | N/A                                  | N/A                               | N/A         |
| 2025-155, s. 9 - Laws of Fla. | 316.550, F.S.    | No. The law authorizes FDOT to issue a mobile crane special blanket permit to allow the movement of certain large cranes.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                               | N/A                                  | N/A                               | N/A         |

**2025-2026 ANNUAL REGULATORY PLAN**

**A. LAWS ENACTED IN PREVIOUS 12 MONTHS - § 120.74(1)(a), F.S.**

| CHAPTER LAW                    | AFFECTED STATUTE | RULE MAKING REQUIRED OR NECESSARY                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                 | NOTICE OF RULE DEVELOPMENT PUBLISHED | ANTICIPATED RULE DEVELOPMENT DATE | RULE NUMBER |
|--------------------------------|------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|--------------------------------------|-----------------------------------|-------------|
| 2025-155, s. 19 - Laws of Fla. | 332.007, F.S.    | No. The law requires FDOT to provide priority funding in support of additional project types for aviation and airport programs to include: certain terminal and parking expansions; safety and efficiency improvements, emerging technology, workforce development, and intermodal connectivity projects. The law also authorizes FDOT to fund postsecondary education institutions that support the training of pilots, air traffic control personnel, or aircraft maintenance technical personnel. Additionally, the law authorizes FDOT to fund programs that support the transition of honorably discharged military personnel to the aviation industry. The law authorizes FDOT to provide matching funds for eligible projects funded by Dept. of Commerce. | N/A                                  | N/A                               | N/A         |
| 2025-155, s. 21 - Laws of Fla. | 332.15, F.S.     | No. The law requires FDOT to address the need for advanced air mobility in the statewide aviation system plan, and, as appropriate, in the Department's work program. The law also requires FDOT to designate an advanced air mobility subject matter expert within the Dept. as a resource for local jurisdictions, to conduct a review of airport hazard zone regulations, and, in coordination with the Dept. of Commerce, to provide coordination and assistance for development of advanced air mobility system plan for the state.                                                                                                                                                                                                                          | N/A                                  | N/A                               | N/A         |

**A. LAWS ENACTED IN PREVIOUS 12 MONTHS - § 120.74(1)(a), F.S.**

| CHAPTER LAW                    | AFFECTED STATUTE | RULE MAKING REQUIRED OR NECESSARY                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                | NOTICE OF RULE DEVELOPMENT PUBLISHED | ANTICIPATED RULE DEVELOPMENT DATE | RULE NUMBER |
|--------------------------------|------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|--------------------------------------|-----------------------------------|-------------|
| 2025-155, s. 22 - Laws of Fla. | 334.044, F.S.    | No. The law revises FDOT's annual spending requirement relating to landscaping and requires FDOT's landscaping standards to include native landscaping materials. The law authorizes the Dept. to directly enter into insurance contracts to purchase insurance it is contractually and legally required to provide. The law authorizes FDOT to purchase or acquire heavy equipment or motor vehicles for certain purposes, whether or not it exchanges or ceases operating any currently owned heavy equipment or motor vehicles. The law authorizes the Dept. to adopt rules to comply with federal requirements regarding disadvantaged business enterprises. | N/A                                  | N/A                               | N/A         |
| 2025-155, s. 25 - Laws of Fla. | 334.62, F.S.     | No. The law creates the Florida Transportation Academy, within FDOT and authorizes the Dept. to coordinate with certain public and private entities regarding workforce development in the transportation industry.                                                                                                                                                                                                                                                                                                                                                                                                                                              | N/A                                  | N/A                               | N/A         |
| 2025-155, s. 27 - Laws of Fla. | 335.187, F.S.    | No. The law authorizes FDOT to modify an existing connection to a state road due to safety or operational concerns.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                              | N/A                                  | N/A                               | N/A         |
| 2025-155, s. 28 - Laws of Fla. | 337.027, F.S.    | No. The law authorizes FDOT to provide notices of opportunities for businesses qualified for small business development program.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                 | N/A                                  | N/A                               | N/A         |
| 2025-155, s. 29 - Laws of Fla. | 337.11, F.S.     | No. The law requires FDOT to give consideration to small business participation in certain contracts.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                            | N/A                                  | N/A                               | N/A         |

**2025-2026 ANNUAL REGULATORY PLAN**

**A. LAWS ENACTED IN PREVIOUS 12 MONTHS - § 120.74(1)(a), F.S.**

| CHAPTER LAW                    | AFFECTED STATUTE | RULE MAKING REQUIRED OR NECESSARY                                                                                                                                                                                                                                                 | NOTICE OF RULE DEVELOPMENT PUBLISHED | ANTICIPATED RULE DEVELOPMENT DATE | RULE NUMBER |
|--------------------------------|------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|--------------------------------------|-----------------------------------|-------------|
| 2025-155, s. 33 - Laws of Fla. | 337.18, F.S.     | No. The law authorizes the Secretary of Transportation, in his or her discretion, to require a surety bond in an amount less than the awarded contract price.                                                                                                                     | N/A                                  | N/A                               | N/A         |
| 2025-155, s. 34 - Laws of Fla. | 337.251, F.S.    | No. The law authorizes FDOT to consider proposals to involve small businesses in lease of property for joint public-private development and areas above or below Dept. property.                                                                                                  | N/A                                  | N/A                               | N/A         |
| 2025-155, s. 37 - Laws of Fla. | 338.227, F.S.    | No. The law requires FDOT and DMS to create and implement an outreach program to enhance participation of small business enterprises for certain contracts.                                                                                                                       | N/A                                  | N/A                               | N/A         |
| 2025-155, s. 38 - Laws of Fla. | 339.0805, F.S.   | No. The law repeals section 339.0805, F.S.                                                                                                                                                                                                                                        | N/A                                  | N/A                               | N/A         |
| 2025-155, s. 39 - Laws of Fla. | 339.135, F.S.    | No. The law requires FDOT to submit a report identifying transit providers, transportation authorities, public-use airports, and seaports that have adopted or promoted energy policy goals inconsistent with the energy policy of the state.                                     | N/A                                  | N/A                               | N/A         |
| 2025-155, s. 40 - Laws of Fla. | 339.2821, F.S.   | No. The law requires FDOT to ensure that it is supportive of certain small businesses for economic development transportation projects.                                                                                                                                           | N/A                                  | N/A                               | N/A         |
| 2025-155, s. 41 - Laws of Fla. | 339.287, F.S.    | No. The law repeals section 339.287, F.S.                                                                                                                                                                                                                                         | N/A                                  | N/A                               | N/A         |
| 2025-155, s. 43 - Laws of Fla. | 339.651, F.S.    | No. The law revises and makes permanent FDOT's Strategic Intermodal System supply chain demands program for projects to move and store construction aggregate. The law authorizes FDOT to make available certain funds from the existing work program to fund specified projects. | N/A                                  | N/A                               | N/A         |
| 2025-155, s. 44 - Laws of Fla. | 341.051, F.S.    | No. The law revises and makes permanent the allocation of unused New Starts Transit funds to FDOT's Strategic Intermodal System within the State Transportation Trust Fund.                                                                                                       | N/A                                  | N/A                               | N/A         |

**FLORIDA DEPARTMENT OF TRANSPORTATION  
2025-2026 ANNUAL REGULATORY PLAN**

**A. LAWS ENACTED IN PREVIOUS 12 MONTHS - § 120.74(1)(a), F.S.**

| CHAPTER LAW                       | AFFECTED STATUTE | RULE MAKING REQUIRED OR NECESSARY                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                         | NOTICE OF RULE DEVELOPMENT PUBLISHED | ANTICIPATED RULE DEVELOPMENT DATE | RULE NUMBER |
|-----------------------------------|------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|--------------------------------------|-----------------------------------|-------------|
| 2025-155, s. 54 -<br>Laws of Fla. |                  | No. The law Requires FDOT to coordinate with all state agencies to establish a workgroup to review state statutes, policies, practices, and standards related to statewide mapping programs. FDOT and the workgroup must also review state statutes and policies related to geospatial data sharing throughout state government and make specified recommendations to the Legislature by November 15, 2025. The law also authorizes FDOT to issue a request for proposals for the procurement of a program to manage certain survey, mapping, and data collection utilizing specified technologies.                                                                                                                                                                                                                                                                                                                                                                                       | N/A                                  | N/A                               | N/A         |
| 2025-157, s. 3 -<br>Laws of Fla.  | 403.4115, F.S.   | The law requires all public-use airports, by Oct. 1, 2025, to report monthly to FDOT, using a method determined by the Dept., regarding the presence of any aircraft equipped with any part, component, or device used for the intentional emission, injection, release, or dispersion of air contaminants into the atmosphere for the purpose of affecting temperature, weather, climate, or the intensity of sunlight. The law provides that FDOT may not expend state funds to support public airports that do not comply with geoengineering and weather modification activities prohibition. The law requires FDOT to submit aggregated reports of information received from public-use airports to DEP and applicable state law enforcement. The law requires FDOT to incorporate reporting guidelines in all grant agreements for public-use airports that receive specified state funds. The law provides FDOT with discretionary rulemaking authority to implement this section. | N/A                                  | N/A                               | N/A         |

**Rule Chapter 14-66: Relocation Assistance Regulations (1 Rule)**

- 14-66.007- *Relocation Assistance Program*

**Rule Chapter 14-73: Public Transportation (2 Rules)**

- 14-73.001- *Public Transportation*
- 14-73.002- *Ridesharing*

**Rule Chapter 14-75: Qualification, Selection and Performance Evaluation Requirements for Professional Consultants to Perform Work for DOT (5 Rules)**

- 14-75.0022- *Consultant Qualification Process*
- 14-75.003- *Minimum Technical Qualification Standards by Type of Work*
- 14-75.004- *Consultant Competitive Selection Process*
- 14-75.0051- *Revocation, Denial, or Suspension of Qualification*
- 14-75.0052- *Professional Consultant Work Performance Evaluation System*

**Rule Chapter 14-78: Participation by Disadvantaged Business Enterprises (1 Rule)**

- 14-78.006- *Participation by Disadvantaged Business Enterprises*

**Rule Chapter 14-79: Construction Management Development Program and Bond Guarantee Program (1 Rule)**

- 14-79.006- *Construction Management Development Program*

**Rule Chapter 14-85: LOGO Sign Program (12 Rules)**

- 14-85.013- *Definitions*
- 14-85.014- *Responsibilities of Program Administrator and Department*
- 14-85.015- *Qualification of Interchanges*
- 14-85.017- *Logo Structures*
- 14-85.018- *Display Panel Configuration*
- 14-85.019- *Business Logos*

Florida Department of Transportation List of Administrative Rules (211 Rules)  
Annual Regulatory Plan 2025 - 2026

- *14-85.020- Installation, Maintenance and Removal of Logo Structures and Business Logos*
- *14-85.021- Qualification of Businesses*
- *14-85.022- Permits*
- *14-85.023- Priority of Applications*
- *14-85.024- Permit Renewal*
- *14-85.025- Denial, Revocation, Suspension, or Cancellation of Permit*

**Rule Chapter 14-86: Drainage Connections (6 Rules)**

- *14-86.001- Purpose*
- *14-86.002- Definitions*
- *14-86.003- Permit, Assurance Requirements, and Exceptions*
- *14-86.004- Permit Application Procedure*
- *14-86.005- General Conditions for a Drainage Permit*
- *14-86.006- Permit Suspension or Revocation*

**Rule Chapter 14-90: Equipment and Operational Safety Standards for Bus Transit Systems (8 Rules)**

- *14-90.002- Definitions*
- *14-90.004- Bus Transit System Operational Standards*
- *14-90.0041- Medical Examinations for Bus Transit System Drivers*
- *14-90.006- Operational and Driving Requirements*
- *14-90.007- Vehicle Equipment Standards and Procurement Criteria*
- *14-90.009- Bus Safety Inspections*
- *14-90.010- Certification*
- *14-90.012- Safety and Security Inspections and Reviews*

**Rule Chapter 14-91: Administration of Combined Design and Construction Contracts (Design-Build) (4 Rules)**

- *14-91.002- Definitions*
- *14-91.004- Prequalification Requirements*
- *14-91.005- Public Announcement Procedures*
- *14-91.007- Selection and Award Process*

**Rule Chapter 14-93: Incentive/Disincentive Procedures (1 Rule)**

- *14-93.004- Incentive/Disincentive Provisions*

Florida Department of Transportation List of Administrative Rules (211 Rules)  
Annual Regulatory Plan 2025 - 2026

**Rule Chapter 14-96: State Highway System Connection Permits (12 Rules)**

- 14-96.0011- *Forms*
- 14-96.002- *Definitions*
- 14-96.003- *General Provisions*
- 14-96.004- *Connection Categories and Fees*
- 14-96.005- *Application*
- 14-96.007- *Application Submittal, Review, Approval, and Conditions*
- 14-96.008- *Construction and Maintenance of Traffic Requirements*
- 14-96.009- *Non-Conforming Connection Permits*
- 14-96.011- *Modification, Revocation or Closure of Connections*
- 14-96.0121- *Immediate Remedial Action Against Hazards*
- 14-96.015- *Department Design and Construction Projects*
- 14-96.016- *Maintenance of Connections and Traffic Control Devices*

**Rule Chapter 14-97: State Highway System Access Control Classification System and Access Management Standards (5 Rules)**

- 14-97.001- *Purpose*
- 14-97.002- *Definitions*
- 14-97.003- *Access Control Classification System and Access Management Standards*
- 14-97.004- *Interim Management Standards*
- 14-97.005- *Review and Modification of Access Control Classifications*

**Rule Chapter 14-100: Toll Enforcement (6 Rules)**

- 14-100.001- *Training and Qualification Standards for Toll Enforcement Officers*
- 14-100.002- *Prosecution of Unpaid Toll Violations*
- 14-100.003- *Express Lane Tolling*
- 14-100.004- *95 Express Toll Exemption Registration in Miami-Dade, Broward, and Palm Beach Counties*
- 14-100.005- *Video Billing*
- 14-100.006- *Department Express Lane Toll Registration Exemption*

**Rule Chapter 14-103: Construction Aggregates (10 Rules)**

- 14-103.002- *Purpose*

Florida Department of Transportation List of Administrative Rules (211 Rules)  
Annual Regulatory Plan 2025 - 2026

- *14-103.003- Definitions*
- *14-103.004- Source Approval Requirements*
- *14-103.005- Supplemental Source Requirements for Alternate Open Graded Friction Course (FC) Aggregate*
- *14-103.006- Quality Control Program*
- *14-103.0071- Source and Product Certification Systems*
- *14-103.008- Producer Initiated Status Change*
- *14-103.009- Suspension, Revocation, Expiration, or Denial of Source Approval*
- *14-103.0091- Producer Non-Responsibility*
- *14-103.010- Emergency Action*

**Rule Chapter 14-107: Public-Private Transportation Facilities (1 Rule)**

- *14-107.0011- Public-Private Transportation Facilities*

**Rule Chapter 14-111: Traveler Information Phone Service Modification (1 Rule)**

- *14-111.001- 511 Traveler Information Phone Service Modification*

**Rule Chapter 14-116: Letters of Credit (1 Rule)**

- *14-116.002- Letters of Credit*

**Rule Chapter 14-118: Intermodal Logistics Center Infrastructure Support Program (4 Rules)**

- *14-118.001- Purpose*
- *14-118.002- Definitions*
- *14-118.003- Project Eligibility and Funding*
- *14-118.004- Application and Award Procedures*

**Rule Chapter 14-119 Sunrail Fares and Conditions (4 Rules)**

- *14-119.001- Definitions*
- *14-119.002- SunCards*
- *14-119.003- SunRail Fares*
- *14-119.004- Code of Conduct*

**Rule Chapter 14-121: Airport Zoning and Airspace Protection (6 Rules)**

- *14-121.001- Purpose, Definitions, and Designation of Signature Authority*

Florida Department of Transportation List of Administrative Rules (211 Rules)  
Annual Regulatory Plan 2025 - 2026

- *14-121.002- Airport Airspace Obstruction Permitting*
- *14-121.003- Political Subdivision Airspace Obstruction Permitting Technical Review*
- *14-121.004- Filing Airport Protection Zoning Regulations*
- *14-121.005- Forms*
- *14-121.006- Sunset*

**Rule Chapter 14-10 Outdoor Advertising Sign Regulation and Highway Beautification Program**

1. **Rule 14-10.057** – Vegetation Management Application and Permit Issuance

**Rule Chapter 14-15 Incorporation by Reference**

2. **Rule 14-15.002** - Manual of Uniform Minimum Standards for Design, Construction and Maintenance for Streets and Highways
