

A logo celebrating the 250th anniversary of America and Florida. It features a blue shield with a white border. At the top, three white stars are above a red and white striped banner that reads "AMERICA" in white capital letters. Below the banner, the number "250" is written in large, bold, red numerals. At the bottom, the word "FLORIDA" is written in white capital letters on a blue background.

AIRPORT DIRECTORY

A Guide to Florida's Public and Private Airports

Published by:
The Florida Department of Transportation Aviation Office

HELLO, AVIATORS AND AVIATION ENTHUSIASTS

Florida is proud of our storied aviation history, which has led to our state being home to one of the nation's most comprehensive transportation systems, with

aviation being a key contributor. As we approach America's 250th anniversary, we are reminded of how innovation and exploration have defined our nation's history, and our aviation legacy serves as a shining example. Florida's aviation journey began on New Year's Day in 1914, when the world's first scheduled passenger airline flew from St. Petersburg to Tampa. The 20-minute, 17-mile flight revolutionized travel. More than a century later, Florida remains at the forefront of aviation innovation and continues to play a defining role in our nation's transportation story.

The Florida Department of Transportation (FDOT) proudly provides a safe, secure, and reliable transportation system while continually enhancing the travel experience for residents and visitors who choose Florida as their home, vacation destination, and business hub. Florida is home to 23 million residents and in 2024, we welcomed 143 million visitors, a record-breaking milestone that continues to grow each year. Florida is the only state with four large hub

airports and the first to build the infrastructure needed to establish Advanced Air Mobility as an official mode of transportation, positioning Florida as the national leader in next-generation aviation. When the first commercial AAM flights are ready to begin, Florida is prepared to make history once again.

Through the pursuit and advancement of world-class technology and steadfast commitment to innovation, FDOT continues to set the national standard for aviation excellence. Through our deliberate strategic planning and strong partnerships at the local, state, and federal levels, we strengthen Florida's aviation network, support thousands of jobs, and contribute more than \$336 billion in annual economic output. Florida's highly skilled workforce and robust supply chain ensure our aviation industry remains one of the strongest and most competitive in the nation.

With this solid foundation and forward-looking vision, Florida is uniquely positioned to lead the future of flight and take our industry to new heights.

Thank you for including Florida in your travels, and I hope you find the 2026 Florida Airport Directory beneficial as you navigate the Sunshine State.

Jared W. Perdue, P.E.
Secretary, Florida Department of Transportation

INTRODUCTION

The Florida Department of Transportation Aviation Office develops the Florida Aviation System Plan, promotes the development and improvement of Florida's airports, regulates airports, and protects airport approaches. Major activities include aviation system development, aviation grant program, airport regulation, intergovernmental coordination, aviation outreach, and aviation emergency operations management.

The airport data in this directory came from annual public airport inspection and licensing records, private airport registration, and data provided by airport owners and managers. In matters of navigation, landing, and other critical flight decisions, we urge you to refer to the latest information available from sources such as the:

- Aeronautical Information Manual
- National Oceanic and Atmospheric Administration
- Federal Aviation Administration Flight Service
- Chart Supplement
- Airport Operators

The Florida Department of Transportation makes no warranty, expressed or implied, as to the accuracy of information and expressly disclaims liability for the accuracy thereof.

Please address questions, requests for assistance, corrections, or changes to the address below:

Reporting Suspicious Activity on or Around an Airport

- Immediately call the nearest law enforcement authorities to report information on any suspicious activity.
- Be prepared to give as much information as possible.

Avoid Placing Yourself or Others in Danger

- Call **9-1-1** immediately for any life-threatening **EMERGENCY** situation.
- For security of General Aviation (GA) aircraft and airport operations, please call the following **AIRPORT WATCH** national, toll-free hotline number to report suspicious activity: **1-866-GA-SECURE** or **1-866-427-3287**.
- Report information indicating possible criminal activity to your local law enforcement authorities - **Police Department** or **Sheriff's Office**.
- If something highly dangerous, such as weapons or explosives, is being loaded on an aircraft; or if you have reason to believe a serious crime or an attack is about to occur, immediately call the **Florida Department of Law Enforcement** or the **Federal Bureau of Investigation**.

FAA Form 7233-4 (7/15)

FAA Form 7233-4, International Flight Plan is filed electronically while complete instructions for flight-specific information required on the forms can be obtained at: https://www.faa.gov/air_traffic/publications/atpubs/fs_html/appendix_a.html

Safe Flights Start with You

The Florida Department of Transportation reminds all pilots that flying is a significant responsibility, and safety should always be the top priority. Adhere to all procedures and regulations and maintain awareness at all times while flying.

Let's Get Everyone Home Safely!

Together, we have the power to reach Target Zero, FDOT's continuous effort to eliminate all serious injuries and fatalities related to transportation throughout Florida. This vision is about protecting lives and ensuring that every person, no matter how you are traveling, arrives at their destination safely.

Safe travels!

Pilots should assess physical and mental fitness using the **IM SAFE** checklist:

I - Illness

M - Medication

S - Stress

A - Alcohol

F - Fatigue

E - Emotions/Eating

Prevent Misfuelling - Verify Fuel Type:

During refueling with a line service technician, verify the plane's tail number, communicate the fuel grade and distribution, and double check the receipt.

★ ★ ★ “UNITED WE STAND”

SPECIALTY LICENSE PLATE

If you work in the aviation industry, enjoy recreational flying, or are concerned about national security, you may want to consider purchasing the “United We Stand” specialty plate.

(Created by an Act of the Florida Legislature in 2002 to support Secure Airports for Florida’s Economy.)

Revenue goes to the Department of Transportation to fund security-related aviation projects pursuant to Chapter 332, Florida Statutes and to provide training related to airport security and management.

For more information about how you can purchase this specialty license plate, please visit www.flhsmv.gov/specialtytags/SLP.html
