This map was compiled from a variety of Federal, State, and local data sources, Florida Department of Transportation (FDOT) aerial photography completed on March 2018, and previously published County General Highway Maps. This map was prepared on the Albers Equal Area Conic Projection, 1983 North American Datum.

State Highway System (SHS) road information is provided by the FDOT Transportation Data and Analytics Office, all other road information is provided by HERE and is Copyright 2015 HERE.

The railroad stations on this map do not necessarily denote the presence of a depot or like facility. It may be only a point, such as a platform or siding, designated for the receipt or delivery of freight. No attempt has been made to show all drainage canals or ditches.

All populations are taken from the United States Census Bureau, in 2020 the population of Monroe County was 73,900. There are 983 square land miles in the county.

The Public Land Survey System (PLSS) is shown for reference only and is a compilation of information based on the United States Geological Survey (USGS). If the county contains half Townships and or Ranges these are labeled as room permits within the map.

FDOT is providing this data "as is," and FDOT disclaims any and all warranties, whether expressed or implied, including (without limitation) any implied warranties of merchantability or fitness for a particular purpose. In no event will FDOT be liable to you or any third party for any direct, indirect, incidental, consequential, special, or exemplary damages or lost profits resulting from any use or misuse of this data.
