Important Highway-Rail Grade Crossing Safety Information

Standing, stopping or parking on railroad tracks is illegal and could result in a fine or cause a serious collision or train derailment. The crossbuck sign means to stop and look and listen. If there are multiple tracks at a crossing, wait to ensure they are all clear before crossing.
If your vehicle stalls on a crossing, IMMEDIATELY abandon it. Find the railroad emergency notification sign on the crossing signal mast or crossbuck post and contact the railroad. If there is no sign, call local police and alert them to contact the railroad immediately.

*Amtrack Service on Sunset Limited line serving these stations has been suspended since Hurricane Katrina.

UPDATE: FLORIDA TOLLS - WHAT YOU NEED TO KNOW

Will you be spending time driving on toll roads during your Florida visit? Florida's Turnpike Enterprise is making some changes to its toll plazas. Here's what you need to know:

Florida's Turnpike Enterprise began what eventually will become a statewide conversion of turnpike toll plazas from traditional cash collection to all-electronic open road tolling. The project began with the southern 47 miles of Florida's Turnpike in Miami-Dade County, from Milepost 0 in Florida City north to Milepost 47 at the Miami-Dade/Broward County line. Construction has already Begun and conversion of all toll booths along this portion is expected to be Complete in February 2011. During construction, turnpike drivers may see lane closures statewide. Construction on other turnpike portions will begin in 2012. Visit www.FloridasTurnpike.com for details.

Drivers on all toll roads in Florida will see signs at toll plazas about all-electronic open road tolling. This new system eliminates the need for drivers to stop at toll plazas. Cash collection booths will be removed and replaced with overhead readers and cameras that will scan for SunPass transponders and license plates. The new system is considered safer and more convenient.

For drivers who encounter these new toll plazas in Miami-Dade County and don't have a SunPass, Florida's Turnpike Enterprise has established "Toll-by-Plate." Drivers over the travel lanes will take an image of the license plates of vehicles without a SunPass. The plate will be matched to the vehicle's registered owner, and a bill will be sent to the owner for the toll, plus a monthly administrative charge of $2.50. To avoid this charge, drivers are encouraged to contact Florida's Turnpike Enterprise at 1-888-TAGTOLL (824-8655) and set up a pre-paid TOLL-BY-PLATE account. Interested in buying a SunPass? Call 1-888-865-5352 or visit www.sunpass.com.

Visitors driving rental cars should check with their rental car companies about charging their tolls to their credit card.

KEEP FLORIDA Beautiful

SPECIAL TRAFFIC REGULATIONS

HEADLIGHTS/TURN SIGNALS Headlights must be used between the hours of sunset and sunrise. During other hours, lower beam headlights must be used when vision is reduced to 1,000 feet or less on during fog, smoke and rain. State law requires that the intention to turn must be given by appropriate turning signal before turning or changing lanes.

TRAFFIC SIGNALS A light turn on RED is permitted with caution after stopping. A left turn on RED is also permitted with caution after stopping, from a one-way street onto another street which is one-way to the left. Either movement may be prohibited by a traffic sign for certain time periods or at all times. Treat a non-working traffic signal as a four-way stop.

FLORIDA SCHOOL BUS LAW All traffic must STOP when school buses are loading or unloading, except when buses are on the opposite roadway of a divided fo ghway which has an unpaved space of 5 feet or more or a physical barrier between the roadways.

HIGHWAY CONSTRUCTION AND SCHOOL ZONES Florida Statute allows for citations issued for speeding in posted school or construction zones to be double the normally assessed amount.

MOVE OVER LAW Drivers are required by law to safely move over or slow down when approaching an authorized emergency vehicle that is stopped on a roadway in Florida.

PASSING A BICYCLE The driver of a vehicle overtaking a bicycle must pass the bicycle at a safe distance of not less than 3 feet between the vehicle and the bicycle.

TRAFFIC CONTROL DEVICES

PAVEMENT MARKINGS

It is UNLAWFUL to change lanes across any of the following marking patterns:
1. A double YELLOW solid line
2. A single WHITE solid line
3. A single YELLOW solid line on your side of a broken yellow line. (Exception–In cases 1 & 3, a left turn may be made with caution into an alley, private road or driveway when opposing traffic does not obstruct the turn and when driver's view is not obstructed.) A single WHITE solid line discourages crossing but does not prohibit crossing. A single YELLOW solid line has no official meaning although it is used by some jurisdictions on two-lane, two-way streets to discourage crossing.

Just past Tampa Bay. Way past ordinary.

Escape to the real Florida that's a little off the beaten path, but still easy to get to. Dig your toes into the powder-soft sands of an unspoiled island beach. Shop seaside villages. Stroll charming small-town streets. Kayak secluded rivers. All within easy reach of the rest that Florida has to offer.
