### **SUMMARY**

A dedicated, ethical, innovative, and results driven civil/construction engineer with over twenty-five years of experience. Extensive experience in building construction, public works related infrastructure construction and maintenance, and facilities construction and maintenance.

### **HIGHLIGHTS OF EXPERIENCE**

- Engineer of Record on projects including facility improvements and repairs, street resurfacing, sidewalk improvements, commercial alley improvements, and minor structures.
- As a General Contractor, constructed commercial and residential buildings, industrial structures, and theme park attractions.
- Supervised the construction engineering and inspection of a five-year, \$600 million dollar roadway and bridge construction work program.
- Directed the planning, design, right of way acquisition, and construction project management for the federally funded reconstruction of A1A from Jupiter Beach Road to US 1.
- Directed the bridging documents, permitting, and the design/build contracts for Abacoa Community Park Phase II and Cinquez Park Phase II, including lighted athletic fields, buildings, natural areas, and other amenities.
- Directed the CM @ Risk contract for the major restoration of the Historic WWII Naval Married Men's Housing Facility.
- Managed major facility inspections, rehabilitations, renovations, and repair projects.
- Developed high performing work teams and strategic plans.
- Three Palms Commercial Condominium – Board of Directors.
