

**Experience
Summary**

Mr. Duke has 56 years experience in airport, surface transportation, and infrastructure construction throughout the Southeast, including projects in Orlando, Miami, Tampa, St. Petersburg, Ft. Myers, Sebring, Tallahassee, Ft. Lauderdale, Atlanta, Dallas, San Antonio, Boston and Shreveport. He has been responsible for overseeing job selection, estimating, scheduling, coordination, hiring, forecasting, equipment selection, and reporting of all accounting functions. Special skills include the ability to manage people, judge character, handle subcontractors, and recognize and mitigate potential problems and claims. His experience is founded on years of direct hands-on knowledge derived from personal participation and observation in the field. Based on their observations of his ability, good judgment, and integrity, he has won the confidence and trust of Contractors and Owners alike.

Mr. Duke's reputation for an **unbiased honest opinion of contractual issues** has led to his being **appointed to numerous Dispute Review Boards**. He has been the selection of **both** Owners and Contractors to serve as their selection to Boards as well as serving as Chairman on many Boards. The value of projects exceeds \$14 billion and ranged from \$1.3 million to \$1.2 billion. Owners of projects and representative projects include:

Florida Department of Transportation
 Greater Orlando Aviation Authority
 Orlando-Orange County Expressway Authority
 Fort Lauderdale-Hollywood International Airport
 Tampa-Hillsborough County Expressway Authority
 Miami-Dade Expressway Authority
 South Carolina Department of Transportation
 Boston Central Artery/Tunnel ("CA/T") C17A6, C19E6 & C11A1
 Alamo Regional Mobility Authority
 SunRail Phases 1, 2 & P2N
 Massachusetts Bay Transportation Authority – E22CN07
