

***Michael N. Zembillas***  
***Construction Specialist***

I have over 48 years experience in the areas of roadway and bridge construction. During my 48 years in the construction field, 30 years were with the FDOT where I served as Resident Engineer for 15 years at the Clearwater Construction Office. Currently I am serving as the Project Engineer for the widening and reconstruction of two sections of SR 50, and was the Project Engineer on eight previous segments of SR 50 in Hernando County.

- CEI Project Engineer SR 50 Widening Projects, Hernando County, Sections 1, 2, 3, 4, and 5 from a 2-lane rural arterial to a 4-lane rural arterial, responsible for, and directs, all project tasks for assistants and all phases of the construction including final estimates.
- Resident/Project Engineer SR 50A - (SR 485 to US 98) - Hernando County
- Resident/Project Engineer SR 50 - (Broad Street to Mildred) - Brooksville
- Resident/Project Engineer SR 50 - (SR 50A to SR 700) - Hernando County
- Resident/Project Engineer SR 50 - (Colonial Street to CR 485) - Hernando County
- Resident/Project Engineer SR 55 (US 19) - 45 miles, Pinellas County
- Resident/Project Engineer SR 693 - (66<sup>th</sup> Street) - 8 miles, Pinellas County
- Resident/Project Engineer SR 52 - 10 miles, Pasco County
- Resident/Project Engineer SR 54 - 10 miles, Pasco County
- Resident/Project Engineer SR 60 - 15 miles, Pinellas County
- Resident Engineer Gulf Boulevard - 6 miles, Pinellas County
- Resident Engineer Seminole Boulevard - 8 miles, Pinellas County
- Resident Engineer Gandy Boulevard - 6 miles, Pinellas County
- Resident Engineer SR 686 - 8 miles, Pinellas County
- Resident Engineer SR 688 - 10 miles, Pinellas County
- Resident Engineer for Interchanges and Bridges including SR 55 & SR 60, SR 694 & SR 55, SR 688 & SR 586, Bay Pines - (Seminole & Madeira Causeway), SR 60 - (Tampa Bay & Memorial), Walsingham, Johns Pass and Corey Causeway.
