## MEMORANDUM NO. 05-03

**TO:** DISTRICT CONSTRUCTION ENGINEERS

**FROM:** Ananth Prasad, State Construction Engineer 

**COPIES:** District Final Estimates Engineers, Douglas Townes

**SUBJECT:** FINAL ESTIMATES TRAINING SEMINARS FOR CEIs

Many concerns have been raised over the Statewide Final Estimates Training Seminars for Construction CEIs this year. It is understood that many Final Estimates Certificates will expire before the next training class is offered.

Since these classes will be offered through the Construction Training Qualification Program (CTQP) at the University of Florida, the first pilot course will not be scheduled till June or July of this year, It is therefore necessary that the requirements provided in Chapter 4 of the Review and Administration Manual (R&AM) be modified to accommodate this change.

The requirements specified in Section 4.1.3 of the R&AM will be revised to reflect the new CTQP requirements. Construction CEI personnel who possess a Final Estimates Certificate that expires this calendar year will have their expiration date changed to July 2004.

Any questions pertaining to this matter should be directed to David Chason at (850) 414-4171 /sc 994-4171.
