**This Memo has Expired**

**DCE MEMORANDUM NO. 04-05**  
**(FHWA Approved: 2/22/05)**

**TO: DISTRICT CONSTRUCTION ENGINEERS**

**FROM:** Ananth Prasad, Director Office of Construction 

**COPIES:** William Nickas, Dave Sadler, Don Davis, Jeff Pouliotte, Steve Plotkin

**SUBJECT: CLARIFICATION OF SPECIFICATION 105-5.8 REVISION**

It has been brought to our attention by bridge Contractors that Specification 105-5.8 (qualifications of Contractor supervisory personnel on bridge projects) is occasionally being misinterpreted by CEI personnel to apply to all bridge projects. All requirements of Article 105-5.8 are intended to apply only to the complex bridge types that are listed in 105-5.8 and include various post-tensioned and movable bridges but not any other bridge types. Please notify all your in house and consultant personnel of the proper interpretation of 5.8. The specification has been changed to be clearer in this regard and will go into effect with July 2005 lettings.

If you have further questions, please contact Steve Plotkin at sc 994-4155.
