MATERIALS BULLETIN NO. 04-06
DCE MEMORANDUM NO. 05-06

This Memo Has Expired

**TO: DISTRICT MATERIALS ENGINEERS
DISTRICT CONSTRUCTION ENGINEERS**

FROM: Thomas O. Malerk, Director, Office of Materials
Brian A. Blanchard, Director, Office of Construction

COPIES: Bob Burluson (FTBA), Don Davis (FHWA), Mike Bergin, Steve Plotkin

SUBJECT: CLARIFICATION TO SECTION 347

As of January 1, 2006 a new Section 347 **Portland Cement Concrete Class I (Non-Structural)** has been approved by FHWA for use on FDOT projects.

Section 347-5.1 states, "Furnish an electronic delivery ticket with each batch of concrete before unloading at the placement site." The requirement for the electronic delivery ticket has been rescinded, so that loads of non-structural concrete delivered to the project site will be accompanied by a delivery ticket. However, that delivery ticket **does not** have to be in an electronic format.

This provision allows non-structural concrete production facilities that do not have the capability to create electronic delivery tickets to provide concrete to the Department.

If you have further questions, please feel free to contact Mike Bergin at 352-955-6666 or (sc 625-6666).
