This Memo Has Expired

DCE MEMORANDUM NO: 15-09

(FHWA Approved: 7-15-09)

TO: DISTRICT CONSTRUCTION ENGINEERS
DISTRICT STRUCTURES DESIGN ENGINEERS

FROM: David A. Sadler, P.E., Director, Office of Construction 

COPIES: Brian Blanchard, Lora Hollingsworth, Robert V. Robertson, Chris Richter (FHWA), Jeffrey Ger (FHWA), Bob Burleson (FTBA)

SUBJECT: CORRECTION TO DESIGN STANDARD INDEX 5205

This memo implements a correction Index 5205, sheets 1 of 7 and 2 of 7, of the 2008 Design Standards for projects let between June 2009 and January 2010.

The July 2009 Interim Design Standard Index 5205, sheets 1 of 7 and 2 of 7, show a revised auger cast pile with 4" of cover and a 2'-4" diameter P3 bar instead of the previous 6" of cover and a 2'-0" diameter P3 bar. The revision was necessary to resolve a conflict between the reinforcing cage and the precast post section. Since the July 2009 Interim Design Standards will not be referenced in contracts until January 2010 lettings, this memorandum is necessary to address projects let from June 2009 thru January 2010.

For all projects let from June 2009 thru January 2010, this memorandum serves as a blanket approval to process a contract change to provide a modified cover and P3 bar. A copy of this memorandum should be attached to the Work Order or Supplemental Agreement.

If you have any questions regarding this memorandum, contact Rafiq Darji at (850) 414-4195.
