This Memo Has Expired

MATERIALS BULLETIN NO. 07-12

DCE MEMORANDUM NO. 19-12

(FHWA Approved 5/29/12)

**TO: DISTRICT MATERIALS RESEARCH ENGINEERS
DISTRICT CONSTRUCTION ENGINEERS**

FROM: Timothy J. Ruelke, P.E., Director, Office of Materials
David A. Sadler, P.E., Director, Office of Construction

Handwritten signatures of Timothy J. Ruelke and David A. Sadler, corresponding to the names listed in the 'FROM' field.

COPIES: Jim Musselman, Bob Burleson (FTBA), Jim Warren (ACAF),
Chris Richter (FHWA), Chad Thompson, Heather Dean, Rafiq Darji

SUBJECT: MODIFICATIONS TO SECTION 300 PRIME AND TACK COATS

As a result of successful experimental projects in District 3 and at Florida's Turnpike Enterprise, NTSS-1hm trackless tack coat is allowed for use as a prime coat material in addition to the other products listed in subarticle 300-2.1.

This change will allow the contractor to use the one material for both applications.

This memorandum serves as a blanket approval to process this specification change for projects let on or after the date of this memorandum but prior to the official specification change, which will appear in the January 2013 workbook.

For any questions concerning this matter, please contact Greg Sholar, 352.955.2920, at the State Materials Office.
