**MATERIALS BULLETIN NO. 03-17**

*(FHWA Approved: 1/30/2017)*

**TO: DISTRICT CONSTRUCTION ENGINEERS  
DISTRICT MATERIALS AND RESEARCH ENGINEERS**

**FROM:** David A. Sadler, P.E., Director, Office of Construction  
Timothy J. Ruelke, P.E., Director, Office of Materials

**COPIES:** Courtney Drummond, Amy Tootle, Nick Finch, Rafiq Darji, Bob Burleson

**SUBJECT: CTQP's CONCRETE FIELD INSPECTOR LEVEL 2 QUALIFICATION  
REQUIREMENTS**

Due to the American Concrete Institute (ACI) recently retiring the Associate Concrete Transportation Construction Inspector class and certification, and in light of the fact that this certification has not been utilized by individuals to attain the Department's Concrete Field Inspector Level 2 Qualification, the Department will remove this as a means of obtaining said Qualification.

The requirements for trainees seeking a Concrete Field Inspector Level 2 qualification are as follows:

- 1) Hold a current ACI Concrete Transportation Construction Inspector certification
- 2) Pass the ACI Concrete Field Testing Technician examination
- 3) Pass the FDOT Concrete Field Inspector Specification examination

This language will be included in the next editing cycle of the CTQM.

If you have any questions, please contact Susan Robeson at (850) 414-4492.
