3. The COUNTY further agrees that it will maintain and keep in repair, or cause to be maintained and kept in repair, all of such adjusted, changed or relocated COUNTY owned or operated facilities or utilities within the right of way of said portion of the State Highway System and to comply with all provisions, of the law, including, Rule 011-16.01.

THIS AGREEMENT made and entered into this 28 day of May, 1986, by and between the STATE OF FLORIDA DEPARTMENT OF TRANSPORTATION, hereinafter called the DEPARTMENT, and the COUNTY of Polk, a political subdivision of the State of Florida, acting by and through its Board of County Commissioners, hereinafter called the COUNTY.

WITNESSETH:

WHEREAS, the DEPARTMENT proposes to engage in certain projects for construction, reconstruction or other change of portions of the State Highway System which shall call for the relocation of the COUNTY's facilities along, over and under the highways on said projects:

Any and all COUNTY owned or operated water mains, fire hydrants, sanitary sewers, storming, fire and police call systems, telephone, electrical, telegraph and TV cable systems, including poles, pole lines and underground facilities thereof, and any other COUNTY owned or operated facilities or utilities within the limits of said projects.

AND WHEREAS, the plans for said construction, reconstruction or other change are to be reviewed by the DEPARTMENT and the COUNTY; such utility relocation to hereinafter be designated as "Relocation Work";

AND WHEREAS, under the laws of the State of Florida the expense of said "Relocation Work" may qualify for reimbursement to the COUNTY where COUNTY'S facilities lie on property in which the COUNTY holds a compensable interest;

AND WHEREAS, the term "cost of relocation" shall include the entire amount paid by the COUNTY properly attributable to each such relocation after deducting therefrom any increase in the value of the new facility and any salvage value of materials recovered from the old facility;

NOW, THEREFORE, in consideration of the mutual undertaking herein set forth, the parties hereto agree as follows:

1. When the DEPARTMENT has issued an order on the COUNTY regarding relocation of the COUNTY'S facilities along, over and under property in which the COUNTY holds a compensable interest, the COUNTY hereby agrees to relocate the necessary parts of said facilities in accordance with the provisions set forth in DEPARTMENT Rule 014-016.01 "Utility Accommodation Guide," Florida Administrative Code, dated May 4, 1976; any supplements thereto or revisions thereof, which, by reference hereto, are made a part hereof. The COUNTY further agrees to do all of such work with its own forces or by a contractor paid under a contract let by the COUNTY, all under the supervision and approval of the DEPARTMENT.

2. The COUNTY further agrees to fully comply with the provisions of Title VI of the Civil Rights Act of 1964 in connection with the "Relocation Work" covered by this agreement and such compliance will be governed by the applicable method described hereinafter:

- a. When the COUNTY will perform all or part of such "Relocation Work" by a Contractor paid under a contract let by the COUNTY, then the Appendix "A" of Assurances attached to this agreement will be included in said contract let by the COUNTY;
- b. When the COUNTY will perform all of such "Relocation Work" entirely with the COUNTY'S forces, then Appendix "A" of Assurances is not required;
- c. When the "Relocation Work" involved is agreed to by way of just compensation for the taking of COUNTY'S facilities right of way in which the COUNTY holds a compensable interest, then Appendix "A" of Assurances is not required;
- d. When the COUNTY will perform all such "Relocation Work" entirely by contract, which contract to perform all future "Relocation Work" was executed with COUNTY'S Contractor prior to August 3, 1968, then Appendix "A" of Assurances is not required.

3. The DEPARTMENT hereby agrees to reimburse the COUNTY for all costs incurred by it for each such relocation of said facilities, in accordance with the provisions set forth in DEPARTMENT Procedure 132-046 "Reimbursement for Utility and Railroad Relocation," dated October 1, 1973, and any supplements or revisions thereof. It is understood and agreed by and between the parties that preliminary engineering costs not incorporated in the COUNTY'S plans and estimates, as approved by the DEPARTMENT, shall not be subject to payment by the DEPARTMENT.

4. Plans and specifications of the work to be performed by the COUNTY on each project contemplated under the terms of this agreement are made a part hereof by reference, upon approval by the DEPARTMENT. All work performed by the COUNTY pursuant hereto shall be performed according to these plans and specifications as approved by the DEPARTMENT, and all subsequent plan changes shall likewise be approved by the DEPARTMENT. All "Relocation Work" covering facilities to be relocated to a position within the highway right of way will be accommodated in accordance with the provisions of said "Utility Accommodation Guide," and any supplements thereto or revisions thereof.

5. All labor, services, materials and equipment furnished by the COUNTY in carrying out the work to be performed hereunder on each project shall be billed by the COUNTY direct to the DEPARTMENT. Separate records as to the cost of contract bid items and force account items performed for the COUNTY on each project shall also be furnished by the COUNTY to the DEPARTMENT.

6. THE COUNTY shall submit to the DEPARTMENT a plan, estimate and specifications for relocation of existing facilities as follows:

- a. A certain percentage being applied to the final billing of work actually accomplished to determine required credit for betterment, expended service life or non-reimbursable segments; such percentage to be clearly stated and explained in COUNTY plans and estimates.
- b. A certain percentage being applied to the final billing of work actually accomplished to determine required credit for betterment, expended service life or non-reimbursable segments; such percentage to be clearly stated and explained in COUNTY plans and estimates.
- c. A certain percentage being applied to the final billing of work actually accomplished to determine required credit for betterment, expended service life or non-reimbursable segments; such percentage to be clearly stated and explained in COUNTY plans and estimates.

The COUNTY shall clearly state the applicable method in its plans, specifications and estimates as submitted to the DEPARTMENT.

7. The DEPARTMENT and the COUNTY agree that the adjustment of the COUNTY'S facilities on individual projects may require a temporary operation of the old facility until the new facility is functioning. If the old facility must remain in operation until the new facility is functioning, the reason(s) must be clearly stated in the COUNTY'S plans, estimates and specifications as submitted to the DEPARTMENT.

8. THE DEPARTMENT and the COUNTY agree that in proposed new facilities on individual projects to be installed in the COUNTY'S system, any work which is not service beyond the time when the overall (old) facility, of which it is a part, is required. If the new facility will remain in useful service as above, and indicated in the COUNTY'S plans and specifications, or if an entirely new facility is constructed and the old facility is to be used for a specified period of time, the estimated or actual credit must appear in COUNTY'S plans and estimates.

9. The adjustment of the COUNTY'S facility on each project may involve additional "Relocation Work" over and above the minimum reimbursable requirements of the DEPARTMENT, which condition shall be clearly stated in the COUNTY'S plans, estimates and specifications. If upgrading or non-reimbursable "Relocation Work" is involved at the option of the COUNTY on any project, then credit against the cost of the project is required and will be governed by the applicable method described hereinafter:

- a. A certain percentage being applied to the final billing of work actually accomplished to determine required credit for betterment, expended service life or non-reimbursable segments; such percentage to be clearly stated and explained in COUNTY plans and estimates.
- b. All "Relocation Work" involving non-reimbursable segments to be performed by special COUNTY work or job order number and separate from reimbursable "Relocation Work," such work or job order number to be clearly stated in COUNTY'S plans, estimates and specifications as submitted to the DEPARTMENT. The COUNTY further agrees to clearly identify such work areas in the COUNTY'S plans and specifications for the "Relocation Work" covered under this agreement.
- c. A certain percentage credit for betterment, expended service life or non-reimbursable segments in accord with Article 2(e) herein above and clearly stated in the COUNTY'S plans and estimates.

13. The County further agrees to indemnify the DEPARTMENT and the COUNTY that the County shall not be liable for credit for any salvage which shall accrue to the County as a result of the above relocation work.

14. The County shall pay the cost of all improvements made during the relocation work on each project that is financed by the COUNTY, subject only to the DEPARTMENT bearing such portion of the cost as represents the cost of relocation of previously existing facility, less salvage credits as set forth in the immediately preceding paragraph.

15. Upon completion of the work on each project the COUNTY shall, at the earliest date practicable and in no event later than one hundred eighty (180) days following the date of completion of the "Relocation Work" by the COUNTY, furnish the DEPARTMENT with two (2) copies of a final and complete billing of all costs incurred in connection with the work on each project performed by the County, such statement to follow as closely as possible the order of the items set forth in the COUNTY'S estimate as approved by the DEPARTMENT. Upon the COUNTY'S failure to submit proper billing within the 180 day period, the DEPARTMENT may at its discretion audit the COUNTY'S records and thereby determine the reimbursable amount. The COUNTY shall waive any right of appeal or protest of such amount as determined by audit. The bill shall itemize labor, overhead expense, transportation equipment, material and supplies, handling costs and other services on each project shall be shown in such a manner as will permit ready comparison with the approved plans and estimates. Materials shall be itemized where they represent major components or costs in the relocation, following the pattern set out in the approved estimate as closely as possible. Salvage credits from recovered and replaced permanent and re-used temporary materials shall be reported in said bill in relative position with the charge for the replacement or the original charge for temporary use.

The final bill shall show the description and site of each project; the date on which the first work was performed, or if preliminary engineering right of way items are involved, the date on which the earliest item of billed expense was incurred; the date on which the last work was performed or the last item of billed expense was incurred, and the location where the records and accounts billed on been filed. Adequate reference shall be made in the billing to the COUNTY'S records, accounts and other relevant documents. All cost records and accounts shall be subject to audit by a representative of the DEPARTMENT. Upon receipt of invoices prepared in accordance with the provision of the DEPARTMENT Procedure No. 132-046, the DEPARTMENT agrees to reimburse the COUNTY in the amount of such actual costs as approved by the DEPARTMENT'S auditor. The DEPARTMENT shall retain ten percent from any progress payments.

16. The COUNTY further agrees to indemnify, defend and save harmless and exonerate the Department of and from all liability, claims, and demands for contractual liability arising out of the work undertaken by the COUNTY, its employees, agents, representatives, or its subcontractors due in whole, or in part, to conditions, actions, or omissions done or committed by the COUNTY, or its subcontractors, its employees, agents, representatives, or its subcontractors. It is specifically understood and agreed that this indemnification agreement does not cover nor indemnify the DEPARTMENT for its own negligence or breach of this contract.

IN WITNESS WHEREOF, the parties hereto have caused these presents to be executed by their duly authorized officers, and their official seals hereto affixed the day and year above written.
