# Florida Seaports are Strategically Positioned for Global Trade

## 58% Growth

Since 2010, Florida container trade with Pacific Rim Regions increased by 58%.

## Proximity

Florida has the closest continental U.S. seaports to the Panama Canal.

*Note: Maps are not to scale.*

## Big Ships

Panamax containership capacity has more than doubled with the expanded Panama Canal.

New Panamax (1,200 feet long by 160 feet wide and carries 12,500 TEUs)

Panamax (965 feet long by 106 feet wide and carries 4,000 to 5,000 TEUs)

## \$1.02 Billion

in state infrastructure dollars invested at Florida's public seaports since 2011.

Florida seaports are deeper, have newer facilities and equipment, and a system of highways and railroads that provide capacity for larger cargo and cruise vessels.
