V.Y. "Trey" Tillander III, P.E.
State Traffic Operations Engineer
Florida Department of Transportation
605 Suwannee Street
Tallahassee, FL 32399-0450

Dear Mr. Tillander:

Thank you for your letter of August 16 requesting approval for the Florida DOT to use bicycle signal faces statewide in Florida on the State highway system. Your request was made under the provisions of Section 1A.10 in the 2009 edition of the *Manual on Uniform Traffic Control Devices for Streets and Highways* (MUTCD) and the Federal Highway Administration's (FHWA) Interim Approval Memorandum (IA-16) dated December 24, 2013.

Your request is approved. Please maintain and periodically update a list of all locations where bicycle signal faces are installed in Florida.

For recordkeeping purposes, we have assigned your request the following number and title: "IA-16.36 – Bicycle Signal Faces – Florida DOT". Please refer to this number in any future correspondence.

Thank you for your interest in improving bicycle safety. If we can be of further assistance on this matter, please feel free to contact Mr. Bruce Friedman of our MUTCD Team at bruce.friedman@dot.gov.

Sincerely yours,

Mark R. Kehrli
Director, Office of Transportation
Operations
