V.Y. "Trey" Tillander III, P.E.
State Traffic Operations Engineer
Director, Traffic Engineering and Operations Office
Florida Department of Transportation
605 Suwannee Street
Tallahassee, FL 32399-0450

Dear Mr. Tillander:

Thank you for your letter requesting approval to use intersection bicycle boxes statewide in Florida on State-controlled roadways. Your request was made under the provisions of Section 1A.10 in the 2009 edition of the *Manual on Uniform Traffic Control Devices for Streets and Highways* (MUTCD) and our Interim Approval memorandum (IA-18) dated October 12, 2016 for the optional use of intersection bicycle boxes.

Your request is approved. Please maintain and periodically update a list of all locations where intersection bicycle boxes are installed in Florida. Your specific approval has been numbered "IA-18.33 – Intersection Bicycle Boxes – Florida DOT." Please reference this number in any future correspondence.

Thank you for your interest in improving highway safety. If we can be of further assistance on this matter, please contact Mr. David Kirschner at david.kirschner@dot.gov.

Sincerely yours,

Mark R. Kehrl
Director, Office of Transportation Operations
