

# Q&A for . . . Bentley OpenRoads Navigator

November 30, 2016

## Q: Where can I find the recording, power point and questions & answers for this webinar?

A: All the current 2016 Florida Department of Transportation (FDOT) Production Support Office - CADD webinars are now posted onto a new enterprise wide FDOT Training YouTube website:

[https://www.youtube.com/channel/UCqbY8kqZuXp1pyYV6IIQw\\_A](https://www.youtube.com/channel/UCqbY8kqZuXp1pyYV6IIQw_A)

Many of the prior recordings of training webinars will also be accessible from this YouTube website.

\*\*\* Please take the time to Subscribe and watch the introductory video. (free of charge)\*\*\*

A: All Production Support Office - CADD webinar recordings along with any Presentation and Q&A documents, can still be accessed from the Production Support Office - CADD *Posted Webinar* website as well: [www.fdot.gov/cadd/downloads/GoToMeetingTraining/PostedWebinars.shtm](http://www.fdot.gov/cadd/downloads/GoToMeetingTraining/PostedWebinars.shtm)

## Q: Where can I find the FDOT CADD Training Manuals?

A: The Production Support Office - CADD Training Manuals, along with their associated training data sets, can be downloaded from the Production Support Office - CADD website:

<http://www.fdot.gov/cadd/main/FDOTCaddTraining.shtm>

A: Production Support Office - CADD is striving to record all CADD Training Manuals thru training webinars and have them accessible from the FDOT Training YouTube website as well.

## Q: How can I get on the list for email alerts for future Production Support Office - CADD Webinars or Notifications?

A: The [FDOT Contact Management](#) is available for participants to sign up for email alerts as the webinars are scheduled and notifications are released. Just check the "CADD" options under each applicable section. For a "How to use FDOT Contact Management" help webinar select here "[FDOT Contact Mailer](#)".

Production Support Office | CADD's current *Scheduled Webinars* can be accessed for registration at:

<http://www.fdot.gov/cadd/downloads/webinars/Scheduled.shtm>

## Q: Where can I connect to the on-line FDOT CADD Support Forum?

A: [http://communities.bentley.com/communities/user\\_communities/fdot\\_cadd\\_support/](http://communities.bentley.com/communities/user_communities/fdot_cadd_support/)

## Q: How can I connect with a CADD Support representative?

A: Production Support Office - CADD welcomes all your offers of presentations and suggestions of topics to assist your needs. Feel free to contact this office with any comments, suggestions and questions via our support email: [cadd.support@dot.state.fl.us](mailto:cadd.support@dot.state.fl.us)

The FDOT [CADD Manual](#) and [Customer Support Guide](#) documents may also be of assistance.

**Q: Is the file that is delivered locked as read only?**

A: Yes, the published iModels which include the [Filename].i.dgn and the [Filename].imodel are both read only. The saved views created on the mobile app, redlines/comments etc. are all stored in associated but different files. You can reference the [Filename].i.dgn versions into MicroStation and publish out new iModels but the original content for each reference cannot not be edited.

Having the file formats to be read only and publishable with expiration dates make the imodel a perfect platform to communicate plan intent to the contractor.

**Q: Can you show us a view of existing utilities in 3D?**

A:

**Q: Is the app only available for tablets or are they available for smart phones?**

A: Yes, the app is multi-platform which means you can run it on the Android and iOS mobile operating systems and also on any standard Windows 7 or higher device. The app is optimized to run on tablets or a PC and while it might run on a phone, I have not tested it and I doubt the interface would work very well at that small of a scale.
