Q: Where can I find the training manual for this webinar series?

A: The training manuals will be posted here:

<http://www.dot.state.fl.us/ecso/main/FDOTCaddTraining.shtm>

Q: The notes seem to be extending beyond the bottom of the sheet border.

A: Move the notes up/down to adjust to the sheet border. The page boundary line can also be turned off in the Linked Data Manager properties.

Q: Where we gets these raster files?

A: http://www.dot.state.fl.us/surveyingandmapping/aerial_main.shtm

Q: When you created the initial barrier wall line and then copied it 2' offset, will the quantities pickup both elements for quantities or just one element?

A: I think she's going to create a shape or an area to calculate the quantity so the quantity will be correct.

Q: What about Utility cells like manholes and valves?

A: These can be placed with the civil point tool but the angle will have to be adjusted once placed.
