

# Q&A for . . .

## FDOTSS4 MR1 Update

---

January 20, 2016

**Q: Where can I find the recording, power point and questions & answers for this webinar?**

A: All webinars recorded for downloading from the Engineering/CADD Systems Office (EC SO) website, along with any electronic copies of power points, Q&A documents, or other attachments.

<http://www.dot.state.fl.us/ecso/downloads/GoToMeetingTraining/PostedWebinars.shtm>

**Q: Where can I find the EC SO CADD Training Manuals?**

A: The CADD training manuals, along with associated training data sets, can be downloaded from the EC SO website: <http://www.dot.state.fl.us/ecso/main/FDOTCaddTraining.shtm>

**Q: How can I get on the list for email alerts for future EC SO CADD Webinars or Notifications?**

A: EC SO Scheduled Webinars can be accessed for registration at:

<http://www.dot.state.fl.us/ecso/downloads/GoToMeetingTraining/ScheduledWebinars.shtm>

- The **FDOT Contact Management** system at: [FDOT Contact Management](#) is available for participants to sign up for email alerts as the Webinars are scheduled and notifications are released. Just check for CADD options. For “How to...” assistance select [How to use FDOT Contact Management](#) help document or [FDOT Contact Mailer](#) webinar.

**Q: Where can I connect to the on-line FDOT CADD Support Forum?**

A: [http://communities.bentley.com/communities/user\\_communities/fdot\\_cadd\\_support/](http://communities.bentley.com/communities/user_communities/fdot_cadd_support/)

**Q: How can I connect with a CADD Support representative?**

A: Feel free to send any comments, suggestions, and questions to EC SO: [ecso.support@dot.state.fl.us](mailto:ecso.support@dot.state.fl.us)

**Q: Were Utilities line styles updated? The buried utilities were. We were referring specifically to UT Buried Cable.**

A: Not in FDOTSS4 MR1. They were last updated when FDOTSS4 was first released. Some of the buried utilities were updated when FDOTSS4 was released back in July 2015.

**Q: Are there any 3D Deliverables associated with the new 3D Drainage design capabilities?**

A: Not at this time. Until the SUDA plans development tools are completed, the delivery requirements will not change.

**Q: Will SUDA replace GEOPAK Drainage?**

A: Yes. SUDA will replace GEOPAK Drainage when the OpenRoads Connect version is released.

**Q: How do you get to the Engineering/CADD Systems Office (EC SO) YouTube help link?**

A: <https://www.youtube.com/channel/UCT2GSoQtPEMg7jjUlee67fw>

**Q: Are the EC SO Posted Webinars the same as the YouTube videos?**

A: They are for now, but eventually will all be moved to You Tube.

**Q: Is there a projected date when MicroStation Connect will be adopted by FDOT?**

A: Not at this time.

**Q: Will MicroStation work on Windows 10?**

A: Yes. It has been tested and will work with Windows 10.

**Q: Existing conditions show B C D. We would like simple lines without the B C D. Utility files can get really messy with the extra "W (B)".**

A: It's becoming a national standard to define the Utility Locate Level like B, C, and D.

**Q: The problem some companies may have is that their IT department restricts access to certain websites, i.e. YouTube. Ours does.**

A: The posted webinars link to an embedded YouTube video. The videos should still be viewable through the posted webinars page.

**Q: Is there an estimated date for when plan production capabilities will no longer rely on GEOPAK functions?**

A: The plans production tools will be available with the release of OpenRoads Connect.

**Q: If I have a project that has less than 100 inlets, do I need to get a SUE license?**

A: No. The GEOPAK license includes the use of SUE up to 100 inlets or less.

**Q: Where do you access the Curb Ramp cells?**

A: Civil Tools > Civil Cells > Place Civil Cell > FDOT\_SidewalkCurbRamps.dgnlib

**Q: What is SUDA?**

A: SUDA or Subsurface Design and Analysis is the new 3D subsurface software that will eventually replace GEOPAK Drainage.

**Q: Do you have a webinar for SUDA?**

A: ECSO Posted Webinars > FDOT MicroStation > *FDOT Subsurface Utility Engineering*:  
<http://www.dot.state.fl.us/ecso/downloads/webinars/Posted.shtm#loadSection>

- FDOT Plans Development Training Course - *Chapter 9*:
  - ECSO Posted Webinars > FDOT MicroStation > *FDOT Plan Development Workflow*:  
<http://www.dot.state.fl.us/ecso/downloads/webinars/Posted.shtm#loadSection>
  - YouTube *FDOT Plans Development Training Course* Playlist:  
[https://www.youtube.com/playlist?list=PL5qG8W-fPqm95-M6RygzBEt5JtgqANI\\_m](https://www.youtube.com/playlist?list=PL5qG8W-fPqm95-M6RygzBEt5JtgqANI_m)

**Q: Has FDOT or will FDOT release a training manual for SUDA?**

A: Yes, training manual will be released for SUDA.

**Q: Can you view the YouTube without subscribing, what are the advantages of subscribing?**

A: You will receive notification on additions and updates to the YouTube channel.

**Q: Could you please provide Christina's email contact info again?**

A: [Christiana.Holmes@dot.state.fl.us](mailto:Christiana.Holmes@dot.state.fl.us) <OR>

You can also include the ECSO Support email: [ecso.support@dot.state.fl.us](mailto:ecso.support@dot.state.fl.us)

**Q: Utility line style background is available at: <http://www.fhwa.dot.gov/programadmin/sueindex.cfm>**

A: Information on Utility Locates is also available in the [Plans Preparation Manual \(PPM\)](#) Volume 1, Section 5.3.

**Q: When will the Plan Development Workflows manual be updated on the website? It is still showing 4/2/15?**

A: It will be uploaded to the website sometime this week.
