PHASE I

1. Maintain two-lane two-way traffic over existing facility.
2. Construct temporary structure, approaches, guardrail and install crash cushions if center structure is constructed.
3. The signing shown in the Phase I diagram is required whenever equipment workers or other activities are within 15' of the existing pavement edge.

Temporary Structure (To Be Replaced)

PHASE II

1. Realign and mark as shown in Phase II plan.
2. Recreate traffic to diversion and maintain two-way traffic on diversion. Install Type III barricades.
3. Construct proposed structure and reconstruct or reroute existing approaches.

SPEED LIMIT XX
ROAD CLOSED

PHASE III and General Notes (See Sheet 2 of 2)
PHASE III

1. Parachute traffic to final alignment and maintain two-way traffic.

2. Remove all temporary construction items.

GENERAL NOTES

1. All signing, pavement marking, barricades and warning lights necessary for maintenance of traffic shall conform to Index No. 660.

2. For speed sign applications, see Index No. 600.

3. For lane width requirements see Index No. 600. When one-way one-lane operations are necessary, a minimum width of 12 shall be maintained and traffic controlled in accordance with Index Nos. 663, 666, or 667. Minimum width for the diversion shoulders is 6'.

4. Method of attaching temporary guardrail to the diversion structure to be approved by the Engineer. Cost of temporary guardrail systems, including end anchorage assemblies, transitions and attachment to temporary structures, are to be included in the contract unit price for Guardrail (Temporary) LFS.

5. Provisions approved by the Engineer shall be made for the removal of storm water from the roadway(s) during construction.

6. Only temporary crash cushions approved by the Department shall be used unless specified devices called for in the plans.

7. Where the temporary crash cushion is not required, the diversion may be constructed in accordance with Index No. 608, unless otherwise stipulated in the plans.

8. For reflective raised pavement marker application, see Index Nos. 600 and 17352.

9. For general TCS requirements and additional information, refer to Index No. 600.
