Type 7 Notes:
1. Traffic or Pedestrian/Bicycle Railing not shown for clarity.
2. Where Pour-back is not protected by Traffic or Pedestrian/Bicycle Railing, Coat Pour-back with High Molecular Weight Methacrylate.

Type 7:
- Epoxy Grout Pour-back (Typ.)
- Permanent Anchorage Cap
- Transverse Reinforcing
- Slope (0.32 Min.)
- Bursting Reinforcing

Type 8:
- Epoxy Grout Pour-back
- Permanent Anchorage Cap
- Dead End Anchor
- Bar Tendon
- Integral Cap

Type 9:
- Epoxy Grout Pour-back
- Permanent Anchorage Cap
- Bar Tendon

Type 10:
- Epoxy Grout Pour-back
- Permanent Anchorage Cap
- Bar Tendon

Type 11:
- Epoxy Grout Pour-back cast between Structural Steel and Steel Cap or Cover
- Epoxy Grout Pour-back (Typ.)
- Steel Cap or Cover

Type 12:
- Concrete Secondary Pour
- Epoxy Grout Pour-back (Typ.)
- Steel Cap or Cover
