

Florida Greenbook Subcommittee – Chapter 11 Update
Work Zone Safety
Meeting No. 1 – May 17, 2007, 10-12 AM
(850) 414-4972 Room 580

The purposes of this meeting are to:

- A. Identify participants and their roles
- B. Establish Goals / Objectives for the effort

DRAFT GOAL - Revise Chapter 11 of the Florida Greenbook to prepare Temporary Traffic Control (TTC) Plans that reflect requirements of the current editions of the Manual on Uniform Traffic Control Devices and FDOT Design Standards.

DRAFT OBJECTIVES –

- 1) Review the current MUTCD and identify issues that should be included in the Greenbook.
 - 2) Review the current FDOT Design Standards and identify issues that should be included in the Greenbook.
 - 3) Develop revisions that are helpful to the user in that they do not create a Chapter that requires continual revision as MUTCD or FDOT standards are modified, but still offers more guidance to users to create effective TTC Plans.
- C. Create a list of issues or revisions to be created (Different individuals may undertake the effort of drafting the text of the revision). To assist in this effort, I attached copies of the DRAFT 2008 Greenbook Chapter 11, as well as my March 2007 memorandum to the overall Greenbook Committee. My intention in developing that memorandum is to offer a series of issues that might start our discussion.
 - D. Confirm a date & time for next meeting.
(Tentatively July 19, 2007 - 9:00 to 11:00 AM)

Attachments

- 1. Greenbook Chapter 11 Draft 2008 Version
- 2. Memoranda dated March 2007
