Description:

Remove and replace ten (10) existing X-Lite guardrail end treatments and replace with new units per current Standard Plans and Approved Product List (APL). To facilitate the replacement of end treatments, work will include regrading shoulders where needed, asphalt replacement and sodding of affected areas. Work locations are identified as follows: 8 sites within Duval County and 2 sites within St. Johns County. Contractor will also be required to complete and update In Service Performance Evaluation (ISPE) forms including photos for each unit replaced prior to Final Acceptance. Department will provide a sample form for contractor use. Each work location will be identified in the Contract Appendices section. The Scope of Services for this Contract shall include furnishing all labor, materials, transportation, maintenance of traffic, backfill, and any incidentals required to complete the Project. LUMP SUM. BID EXPRESS MANDATORY.
