**Description:**

The Improvements under this Work Document-Driven Contract consists of the repair and/or replacement of damaged guardrail and crash cushions along state maintained roadways in Holmes, Walton and a portion of Washington Counties on a call-out basis. Removal and disposal of all debris from installation of damaged guardrail will be the responsibility of the Contractor. Mobilization and Maintenance of Traffic is incidental to the pay items in the contract.

This contract has a budgetary ceiling of \$175,000.00.

The quantities shown on the Bid Price Proposal are approximate and only represent estimated planned requirements based on historical or specific project needs. The Department does not guarantee any maximum or minimum quantity, any range of quantities, or the exact quantities shown for each bid item. The Departments estimated quantities and the Contractors bid price will be used to calculate a total bid amount. This total bid amount will then be used to determine the low bidder; however, actual payment under the awarded contract will be based on actual quantities completed. For this Contract in which specific sites are not identified at the time of letting, the Engineer will issue a Work Document. Work Documents will identify the location, description, amount of work to be accomplished, and the number of calendar days to complete the work.
