**Contract Descr:** PONCE DE LEON MAINTENANCE - DITCH RESHAPING

The Improvements under this Site-Specific Contract consist of reshaping ditches and reworking shoulders along State Road 2 in Holmes County at designated locations, from State Road 81 (Mile Post 6.711) to Holmes County Road 171 (Mile Post 33.609), as shown in the Appendices. These ditches are non-typical and should be re-graded to +/- 3 inches of the original flow line to create a free and unobstructed flow of drainage water. For the purposes of this contract, the original flow line is considered to be the linear projection along the ditch bottom between the invert elevations of immediately adjacent drainage structures. Spoil material removed from ditches will be used for reworking shoulders, all remaining material shall be relocated to FDOT storage pit in Argyle or at 0.10 miles west of Wrights Creek Road on SR 2. Mobilization and Maintenance of Traffic shall be incidental to the bid items.
