**Contract Descr:** MILTON MAINTENANCE - TREE TRIMMING

The Improvements under this Work Document-Driven Contract consist of clear zone maintenance, addressing sight distance issues and maintaining visibility of the Florida Department of Transportation (FDOT) roadway signs within the right of way along the Interstate and primary roads in Santa Rosa County. The work under this Contract consists of cutting and trimming of trees and underbrush located within the clear zone and removal of all dead and dying trees within the right of way. No live trees greater than four inches in diameter at breast height (DBH) shall be cut without the Engineers approval. All Maintenance of Traffic and Mobilization shall be incidental to the contract.

This contract has a budgetary ceiling of \$200,000.00.

The quantities shown on the Bid Price Proposal are approximate and only represent estimated planned requirements based on historical or specific project needs. The Department does not guarantee any maximum or minimum quantity, any range of quantities, or the exact quantities shown for each bid item. The Departments estimated quantities and the Contractors bid price will be used to calculate a total bid amount. This total bid amount will then be used to determine the low bidder; however, actual payment under the awarded contract will be based on actual quantities completed. For this Contract in which specific sites are not identified at the time of letting, the Engineer will issue a Work Document. Work Documents will identify the location, description, amount of work to be accomplished, and the number of calendar days to complete the work.
