#### Description:

The work under this Work Document Driven Contract consists of guardrail maintenance, including repair or replacement of damaged guardrail and crash cushions along I-10 in Jackson and Washington Counties on a call-out basis. Maintenance of Traffic and Mobilization are incidental to the pay items listed.

This contract has a budgetary ceiling of \$150,000.00.

Work Documents will identify the location, description, amount of work to be accomplished, and the number of calendar days to complete the work.

A Proposal Guaranty will not be required on indefinite quantity contracts, such as work document driven contracts, with an advertised budget amount of \$150,000 or less regardless of the bid amount.
