SUPPLEMENTAL SPECIFICATIONS PACKAGE NUMBER ONE
Contract Number: E3T99
FINANCIAL PROJECT ID(S).445907-1-52-01
DISTRICT THREE
OKALOOSA COUNTY

Intent and Scope: The improvements under this District Contract consist of providing the labor, material, and equipment necessary to complete the landscaping project located along SR 30 (US 98) from William T. Marler Bridge to Airport Road Landscaping in Okaloosa County. Details of this project are shown in the Contract Plans. A total of 180 Contract days will be allowed for the installation period and 730 Contract days will be allowed for the establishment period.

Contractor Experience in Landscaping (Form 850-070-09) is required to be submitted with bid.

The July 2021 Edition of the Florida Department of Transportation Standard Specifications, the Specifications Package for this project, dated June 15, 2021, attached thereto, are revised as follows:

I hereby certify that this specifications package has been properly prepared by me, or under my responsible charge, in accordance with procedures adopted by the Florida Department of Transportation.

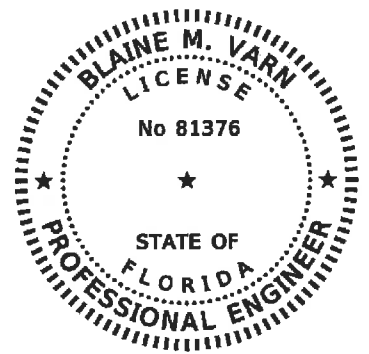

This item has been digitally signed and sealed by Blaine M. Varn, P.E. on the date adjacent to the seal. Printed copies of this document are not considered signed and sealed and the signature must be verified on any electronic copies.

EXCAVATION AND EMBANKMENT
(REV 6-30-21) (FA 7-6-21) (7-21)

SUBARTICLE 120-6.1 is deleted and the following substituted:

120-6 Borrow.

120-6.1 Materials for Borrow: Do not open borrow pits until the Engineer has approved their location.

Prior to the purchase or use of any borrow pit materials, provide the Engineer with a written certification of borrow pit compliance meeting the requirements of Section 337.0262, Florida Statutes.

Do not provide borrow materials that are polluted as defined in Chapter 376 of the Florida Statutes (oil of any kind and in any form, gasoline, pesticides, ammonia, chlorine, and derivatives thereof, excluding liquefied petroleum gas) in concentrations above any local, State, or Federal standards.

Prior to placing any borrow material that is the product of soil incineration, provide the Engineer with a copy of the Certificate of Materials Recycling and Post Burn Analysis showing that the material is below all allowable pollutant concentrations.
