Description:

The work under this Work Document-Driven Contract consists of maintenance, removal, resetting, or replacement of existing guardrail systems within FDOT maintained right of way in Gadsden and Leon Counties. Emergency response repairs will be required under this contract. The Department will supply notice when emergency response is required. Respond as described in the contract specifications, with all measures necessary to ensure safety of the traveling public. All debris shall be removed and disposed of by the contractor, in compliance with Federal, State, and local laws and regulations. This and all work will be on a call out basis, authorized by Work Document. A pay item for Emergency Mobilization is supplied for costs of emergency response. Mobilization is incidental to the pay items in the Bid Proposal. Maintenance of Traffic, other than items listed in the Bid Proposal, is incidental to the other items in the current Bid Proposal.

This contract has a budgetary ceiling of \$400,000.00

The quantities shown on the Bid Price Proposal are approximate and only represent estimated planned requirements based on historical or specific project needs. The Department does not guarantee any maximum or minimum quantity, any range of quantities, or the exact quantities shown for each bid item. The Departments estimated quantities and the Contractors bid price will be used to calculate a total bid amount. This total bid amount will then be used to determine the low bidder; however, actual payment under the awarded contract will be based on actual quantities completed. For this Contract in which specific sites are not identified at the time of letting, the Engineer will issue a Work Document. Work Documents will identify the location, description, amount of work to be accomplished, and the number of calendar days to complete the work.
