## Description:

The work under this Work Document-Driven Contract is located throughout Gadsden and Leon Counties and consists of the removal and replacement of existing fencing. All work will be designated via Work Documents. Work may be in rural and/or urban locations along limited access highways and arterial roads, stormwater facilities, or other enclosed properties maintained by the Department. Type A wildlife fence will be replaced/repaired in compliance with the details in Appendix A. Maintenance of Traffic and Mobilization will be incidental to the pay item shown in the Bid Proposal. The budget estimate for this contract is \$250,000.00.

The quantities shown on the Bid Price Proposal are approximate and only represent estimated planned requirements based on historical or specific project needs. The Department does not guarantee any maximum or minimum quantity, any range of quantities, or the exact quantities shown for each bid item. The Departments estimated quantities and the Contractors bid price will be used to calculate a total bid amount. This total bid amount will then be used to determine the low bidder; however, actual payment under the awarded contract will be based on actual quantities completed. For this Contract in which specific sites are not identified at the time of letting, the Engineer will issue a Work Document. Work Documents will identify the location, description, amount of work to be accomplished, and the number of calendar days to complete the work.
