

MINIMUM QUALIFICATIONS/REQUIREMENTS STATEMENT

PLEASE COMPLETE THIS FORM AND SUBMIT WITH THE LOI

1. Has your firm performed an installation of Acoustic Emission systems on at least one multiple span structure over 500 ft with continuous monitoring? If yes, please describe and provide references.
2. Did your firm complete a project with remote or web-based monitoring and alarm trigger notification? Describe and provide references.
3. Does the proposed CM/GC Project Manager or Testing and Monitoring Lead have minimum of 5 years' experience with acoustic monitoring and 10 years structural monitoring? Describe and provide references. This criterion can be met by one person or the two individuals combined.
4. Does your firm have an Acoustic Emission and Structural Monitoring equipment with a minimum of 5 years production of a commercially available product? Describe and provide references.
