Contract Time: 730 AVAILABLE DAYS **Project(s):** 44081675201 (*)

Contract Descr: Seminole County Signalization Contract with Mobilization

The Improvements under this Contract may consist of installing, repairing, and/or modifying traffic signalization infrastructure including pedestrian signal facilities, signing and pavement markings, minor ITS, and intersection lighting. The intent of this Contract is to provide means for the Department to quickly respond to unexpected safety and/or operational issues for a period of two (2) years or until the contracted amount has been reached.

The Contractor shall furnish all labor, materials, equipment, tools, transportation, and supplies required to complete the work in accordance with the work plan, specifications, procedures, and terms of the Contract. The Department will not specify Contractor crew size, work methods, or equipment complements provided the desired work quality is achieved as evaluated by the Project Engineer. The work under this Contract will be controlled by the issuance of Work Documents. The number of Work Documents for the Contract will be limited by a budgetary cap of \$1,350,489. All work in this Contract is considered specialty work. This Contract is for work only within Seminole County, Florida.

The quantities shown on the Bid Price Proposal are approximate and only represent estimated planned requirements based on historical or specific project needs. The Department does not guarantee any maximum or minimum quantity, any range of quantities, nor the exact quantities shown for each bid item. The Department's estimated quantities and the Contractor's bid price will be used to calculate a total bid amount. This total bid amount will then be used to determine the low bidder, however, actual payment under the awarded contract will be based on actual quantities completed. For this Contract in which specific sites are not identified at the time of letting, the Engineer will issue a Work Document. Work Documents will identify the location, description, amount of work to be accomplished, and the number of calendar days to complete the work.
