DBE AND NON-DBE SMALL BUSINESS ASPIRATION GOAL: It is the policy of FDOT to encourage the participation of small businesses and disadvantaged business enterprises ("DBE") in all facets of the business activities of FDOT, consistent with applicable laws and regulations. Firms proposing for this Project shall aspire to have 10.65% or more of the total contract costs performed by DBEs, and an additional 3% or more of the total contract costs performed by non-DBE small businesses. Although not a contract requirement, FDOT believes that the aforementioned aspiration goal can realistically be achieved based on current availability of DBEs and small businesses. FDOT further believes that the 10.65% DBE and 3% non-DBE Small Business usage goal can be achieved through race neutral means, using standard competitive procurement processes. Pursuant to the provisions of Section 339.0805, Florida Statutes, and Rule 14.78.005, Florida Administrative Code, FDOT has adopted rules to provide certified DBEs opportunities to participate in the business activities of FDOT as vendors, contractors, subcontractors, and consultants. Firms agree to apply their best efforts to utilize qualified non-DBE small businesses as vendors, contractors, subcontractors, and consultants for the Project.
