Description:

FDOT District 5  
 Proposal ID No.: E52A9  
 Financial Project No.: 437112-1-52-02  
 Fiscal Year: 2020  
 Counties: District Wide  
 Calendar Days: 1095

Contract Time begins on July 1, 2020.

This is a Maintenance Landscape Work Document driven Contract with a budgetary ceiling of \$600,000.00.

Intent: Install and establish landscaping on various state roads within the District.

Experience: For this Contract, the Contractor or Contract Project Manager is required to have at least five (5) years of experience in the performance of roadway landscape work. Landscape work includes, but is not limited to, the acquisition, installation, establishment of plant materials, sod and irrigation systems for public roadways, but specifically excludes single family residential landscape and sod work.

The contractor must provide independent written endorsements from two (2) separate Florida Registered Landscape Architects on company letterhead. These endorsements shall attest to the Florida Registered Landscape Architects support of the Contractors skills, efficiency, and competence. Each Florida Registered Landscape Architect shall sign the endorsement, provide their license number, and include the following:

- a) Project name with a brief description that evaluates the landscape work performance.
- b) Location of the project (city, state).
- c) Professional substantiation of the Contractors skills, efficiency, and competence.

A Contractor presently prequalified with the Department in "Landscaping" will suffice to meet the above requirements.

The quantities shown on the Bid Price Proposal are approximate and only represent estimated planned requirements based on historical or specific project needs. The Department does not guarantee any maximum or minimum quantity, any range of quantities, or the exact quantities shown for each bid item. The Departments estimated quantities and the Contractors bid price will be used to calculate a total bid amount. This total bid amount will then be used to determine the low bidder; however, actual payment under the awarded contract will be based on actual quantities completed. For this Contract in which specific sites are not identified at the time of letting, the Engineer will issue a Work Document. Work Documents will identify the location, description, amount of work to be accomplished, and the number of calendar days to complete the work.
