Description:

Electronic bids are requested for a Work Order Driven contract that consists of providing labor equipment and materials for construction, reconstruction (including removal) of concrete sidewalk, curb, cut ramps, and curb and gutters may require colored/pigmented powder added to the concrete mix to produce a homogenous colored concrete batch to match the adjacent color of the existing concrete. The quantities shown on the Bid Price Proposal are approximate and only represent estimated planned requirements based on historical or specific needs. The Department does not guarantee any maximum or minimum quantity, any range of quantities, or the exact quantities shown for each bid item. The Department's estimated quantities and the Contractor's bid price will be used to calculate a total bid amount. This total bid amount will then be used to determine the low bidder; however, actual payment under the awarded contract will be based on actual quantities completed. For this Contract in which specific sites are not identified at the time of Letting, the Engineer will issue a Work Document. Work Documents will identify the location, description, amount of work to be accomplished, and the number of calendar days to complete the work. Award will be at the Budgetary Ceiling amount of \$225,000.00.

Visit www.bidx.com for more information.
