Florida Department of Transportation Bid Solicitation Notice and Approximate Quantities

Electronic bids are requested for a Business Development Initiative (BDI), Budgetary Ceiling contract to provide labor, equipment, materials, tools, transportation, and incidentals required to prepare, plant, and maintain various wildflower areas throughout Miami-Dade and Monroe Counties. Wildflower seed will be provided by the Department and maps will accompany the Work Document issued. Sample work locations are included in Appendix A.

The specific composition of herbicides and fertilizers referenced within the Contract Documents are to be determined by the Contractor based on industry best practices and are subject to review by the Department. The summary of pay items for this project is listed in the Bid Price Proposal.

The quantities shown on the Bid Price Proposal are approximate and only represent estimated planned requirements based on historical or specific project needs. The Department does not guarantee any maximum or minimum quantity, any range of quantities, or the exact quantities shown for each item to be bid. The Department's estimated quantities and the Contractors' bid price will be used to calculate a total bid amount. This total bid amount will then be used to determine the low bidder; however, actual payment under the awarded contract will be based on actual quantities completed. For this Contract in which specific sites are not identified at the time of letting, the Engineer will issue a Work Document. Work Documents will identify the location, description, amount of work to be accomplished, and the number of calendar days to complete the work.

****Award will be made at the Budgetary Ceiling amount of \$150,000.00.
