

1. Note 8 on Sheets AD-100 & AD-300 on the initial plans both show to remove the existing wall covering. The revised plan sheets, however, are now conflicting. Note 8 on AD-100 says remove the existing wall covering, but Note 8 on AD-300 says the existing wall covering is to remain. Note 8 on sheet AD-300 was revised, but sheet AD-100 was NOT revised. Please clarify.

Is the intent to install the new wall covering over the existing wall covering?

*Answer:* The intent is to install the new wall covering over the old wall covering (to include re-adhering any loose or existing wall covering).
