

Sheet AA-300 --

Key Note 2 in the lower right legend references support for the 2 TV's shown on Elevation C2.

1. There is a Key Note 2 flag shown on Elevation C2 (center of the Dias that extends almost wall to wall) that does not appear to have anything to do with the TV's. What should this Note refer to?

*Answer: See page E102 for detail*

2. There are two Key Note 2 flags on Elevation B2. Don't see a TV (as shown on Elevation C2) in these locations. Are we to install the TV support at these two locations?

*Answer: See page E102 for detail*

3. Key Note 3 in the legend references the Dias. However, Elevation C2, which shows the Dias, does not show this flag note. The Key Note 3 flag shows (2 locations) on Elevation B2 which does not appear to have anything to do with the Dias riser or stairs.

*Answer: It refers to the wall finishes (in finish legend).*

4. The Finish Legend shows the various wall finishes in all location except the rear (east) wall of the Dias. Per Key Note 1 this wall will be covered with the refurbished curtain. What goes behind the curtain?

*Answer: Dry wall*
