Question: 21911: Based on roadway plan sheet 68 under Temprary Traffic Control Plan Phase 2 Note C says to install signalization components INCLUDING VIDEO DETECTION. Are we to assume that all intersections involved will need temporary video detection installed, instead of temporary loops? Posted: 4/18/2018 5:23:35 PM

---

Answer: No. Please disregard the statement "INCLUDING VIDEO DETECTION" within TTCP note C. The temporary signalization detection and maintenance of signalization can be achieved with any method preferred by the contractor to maintain signal detection per specifications. Status: ANSWER PUBLISHED
