Question: 21649: On plan Sheet no. 59, there's a Yellow Flexible Tubular Marker (YFTM) over the special 18" traffic separator. Is the cost of the YFTM included in the cost of the separator or there will be a separate pay item for this work? Also, since the YFTM is not shown on the typical sections only on the TCP plans, is this a temporary traffic control item that will have to be installed and then removed? Posted: 4/4/2018 8:14:28 AM

---

Answer: Temporary tubular markers are not required. Markers are shown on plan sheet 59 in error. Status: ANSWER PUBLISHED
