Question: 22935: The Environmental note no. 1 on sheet no. 9 of the contract plans, states there is potential contaminated material at the location of MA No A1 at approximate station 510+17.50. Posted: 7/30/2018 11:47:56 AM

How will the removal and disposal of the contaminated material be paid for, if encountered?

---

Answer: No contamination in vicinity of mast arm pole A1 was documented. However, as stated under Environmental Notes 2 and 3 on Sheet 9, "mast arm A1 area at approximate Sta. 510+17.50, 13.00' LT has been identified as a potentially contaminated area." The Department will have a Contamination Assessment and Remediation (CAR) Contractor, working under a separate contract, or a qualified Planning and Environmental Management Office (PLEMO) Individual to perform monitoring during construction activities in the referenced area. The CAR Contractor will perform contamination assessment and remediation work, if required. Status: ANSWER PUBLISHED
