Question: 20928: In regards to question 7 on plan sheet 10 of the roadway plans: "It is anticipated that all existing base material will be exposed during the milling operation on Waters Ave. Proof roll and apply a prime coat on all exposed base prior to paving"; have core samples been taken in Waters Ave and if so could the information be given to the contractors? Furthermore, is the depth of pavement on Waters Ave known? At what depth should the contractor anticipate to hit the base material?
