Question:	25738: I noticed that there are no temporary paint items in this project even though there will be structural paved before friction course. Also for Pay item 711-14-170 you show there being 84 arrows. The problem is that those were counted outside the limits of the mill and resurface. Are they to be removed and put back? If so you need to remove the existing beforehand but there is no item for that either.	Posted:	4/22/2019 2:50:39 PM
